Quick List of ENERGY STAR® Resources for Buildings

Save Energy, Save Money, and Fight Global Warming	Tools and Resources	How These Tools or Resources Help You
GET STARTED Gain internal support and make energy management a priority.	**ENERGY STAR Challenge**	Join the ENERGY STAR Challenge and improve the energy efficiency of America's commercial and industrial buildings by 10 percent or more. **www.energystar.gov/challenge**
	ENERGY STAR Partnership	Become an ENERGY STAR Partner and join the thousands committed to protecting the environment. **www.energystar.gov/joinbuildings**
	Teaming Up to Save Energy	Use this "how-to" guide for assistance with setting up an energy management team in your organization. **www.energystar.gov/energyteam**
	Guidelines for Energy Management	Adopt EPA's proven strategy for superior energy management with tools and resources to help each step of the way. **www.energystar.gov/guidelines**
TAP INTO HELP FROM EXPERTS Look for skilled ENERGY STAR contacts to help enhance energy management planning and implementation.	**Service and Product Provider (SPP) Directory**	Find expert help to assist in achieving your energy performance goals. **www.energystar.gov/spp**
	Directory of Energy Efficiency Programs	Identify regional energy efficiency program sponsors to find financial and technical assistance to improve energy efficiency. **www.energystar.gov/programdirectory**
	Find a Professional Engineer (PE)	Search for Professional Engineers for your building from a directory of those who have performed verifications for buildings that have already qualified for the ENERGY STAR label. **www.energystar.gov/pedirectory**
MEASURE YOUR ENERGY USE Determine energy use and evaluate ways to improve energy efficiency.	**Portfolio Manager**	Measure the energy performance of your buildings on a 1-100 scale relative to similar buildings across the country, identify and prioritize improvement opportunities, and track improvement over time. **www.energystar.gov/benchmark**
	Target Finder	Generate energy performance ratings for new building designs and compare estimated energy use to your target. **www.energystar.gov/targetfinder**
LOOK FOR THE ENERGY STAR Find tips and advice on purchasing ENERGY STAR qualified products.	**ENERGY STAR Qualified Products and Procurement**	Find ENERGY STAR qualified products and guidance for procurement. **www.energystar.gov/purchasing**
BUILDING & EQUIPMENT IMPROVEMENTS Identify potential improvement opportunities and determine appropriate paths to implementation.	**Building Upgrade Manual**	Learn about EPA's strategic five-stage approach for upgrading buildings to realize energy savings. **www.energystar.gov/bldgmanual**
	New Building Design Guidance	Apply best practices guidelines to help incorporate energy efficiency strategies into your building design. **www.energystar.gov/newbuildingdesign**

ENERGY STAR® is a government-backed program helping businesses and individuals protect the environment through superior energy efficiency.

Quick List of ENERGY STAR® Resources for Buildings (cont'd)

Save Energy, Save Money, and Fight Global Warming	Tools and Resources	How These Tools or Resources Help You
CALCULATE ENERGY SAVINGS Make the financial case for energy efficiency improvements.	**Building Upgrade Value Calculator**	Estimate the financial impact of proposed investments in energy efficiency in office properties. **www.energystar.gov/financialevaluation**
	Financial Value Calculator	Determine how energy performance improvements can impact profit margins, earnings per share, and shareholder value. **www.energystar.gov/financialevaluation**
	Cash Flow Opportunity Calculator	Estimate how much new equipment can be purchased and financed by the anticipated energy savings of an improvement project. **www.energystar.gov/financialevaluation**
TRAINING PROGRAMS Learn how to successfully implement energy management practices.	**ENERGY STAR Online Training: Live, Pre-Recorded, and Self-Guided**	Learn more about available tools, resources, and national campaigns without leaving your computer. **www.energystar.gov/businesstraining**
CELEBRATE ACHIEVEMENTS Receive EPA recognition to maintain momentum and support for communicating energy efficiency achievements internally and with the public.	**ENERGY STAR Leaders**	Improve the energy performance of your portfolio and become an ENERGY STAR Leader. **www.energystar.gov/leaders**
	ENERGY STAR Label	Earn the ENERGY STAR label for commercial and industrial buildings that achieve a 75 or higher on the rating scale. **www.energystar.gov/eslabel**
	Designed to Earn the ENERGY STAR	Meet specific design criteria for new buildings and distinguish project plans as "Designed to Earn the ENERGY STAR." **www.energystar.gov/designtoearn**
	ENERGY STAR Partner of the Year	Share the outstanding commitment your organization has made to energy performance improvements and be honored by EPA. **www.energystar.gov/awards**
SPREAD THE WORD Highlight commitments and environmental and financial achievements to employees and consumers.	**Challenge Toolkit**	Find ideas for educating employees, the public, and other stakeholders on your accomplishments. Gain access to tip sheets and customizable templates. **www.energystar.gov/challengekit**
	Building Profiles & Leaders' Stories	Highlight your success on the ENERGY STAR Web site through case studies on labeled buildings and energy reduction successes. **www.energystar.gov/success**
	ENERGY STAR Publications	Find brochures, posters, and other materials provided by ENERGY STAR that you can order or download to help promote partnership or participation with ENERGY STAR. **www.energystar.gov/publications**
	National Campaigns	Join in ENERGY STAR's national campaigns to raise awareness of the importance of energy efficiency. **www.energystar.gov/nationalcampaigns**
