2010 EPA ENERGY STAR Unit Shipment Data Timeline

January 4, 2010

Data collection announcement letter and product submittal form sent to partners

February 5, 2010

Data submittal reminder letter sent to partners

February 26, 2010

Submittal Deadline

March 3, 2010

- Partners that did not submit data by the February 26 submittal deadline are suspended
- Suspended partners are removed from the Manufacturer Lists on the ENERGY STAR Web site
- Suspended partners' qualified products are removed from the ENERGY STAR Web site during the next update cycle

March 5, 2010

Suspension letters sent to partners that did not submit data by the February 26 deadline

March 31, 2010

Final Submittal Deadline

April 5, 2010

- Suspended partners that submitted data before the March 31 final submittal deadline are reactivated
- Suspended partners are added back on the ENERGY STAR Web site's Manufacturer Lists
- Suspended partners' qualified products are added back on the ENERGY STAR Qualified Product Lists during the next update cycle
- Suspended partners that did **not** submit data by the March 31 final submittal deadline are terminated
- Terminated partners must immediately cease using the ENERGY STAR name and mark in association with the company name and products

Note: Terminated partners can rejoin ENERGY STAR by submitting:

1) Required unit shipment data for calendar year 2009
2) Partnership Agreement
3) New Qualified Product Information Forms
