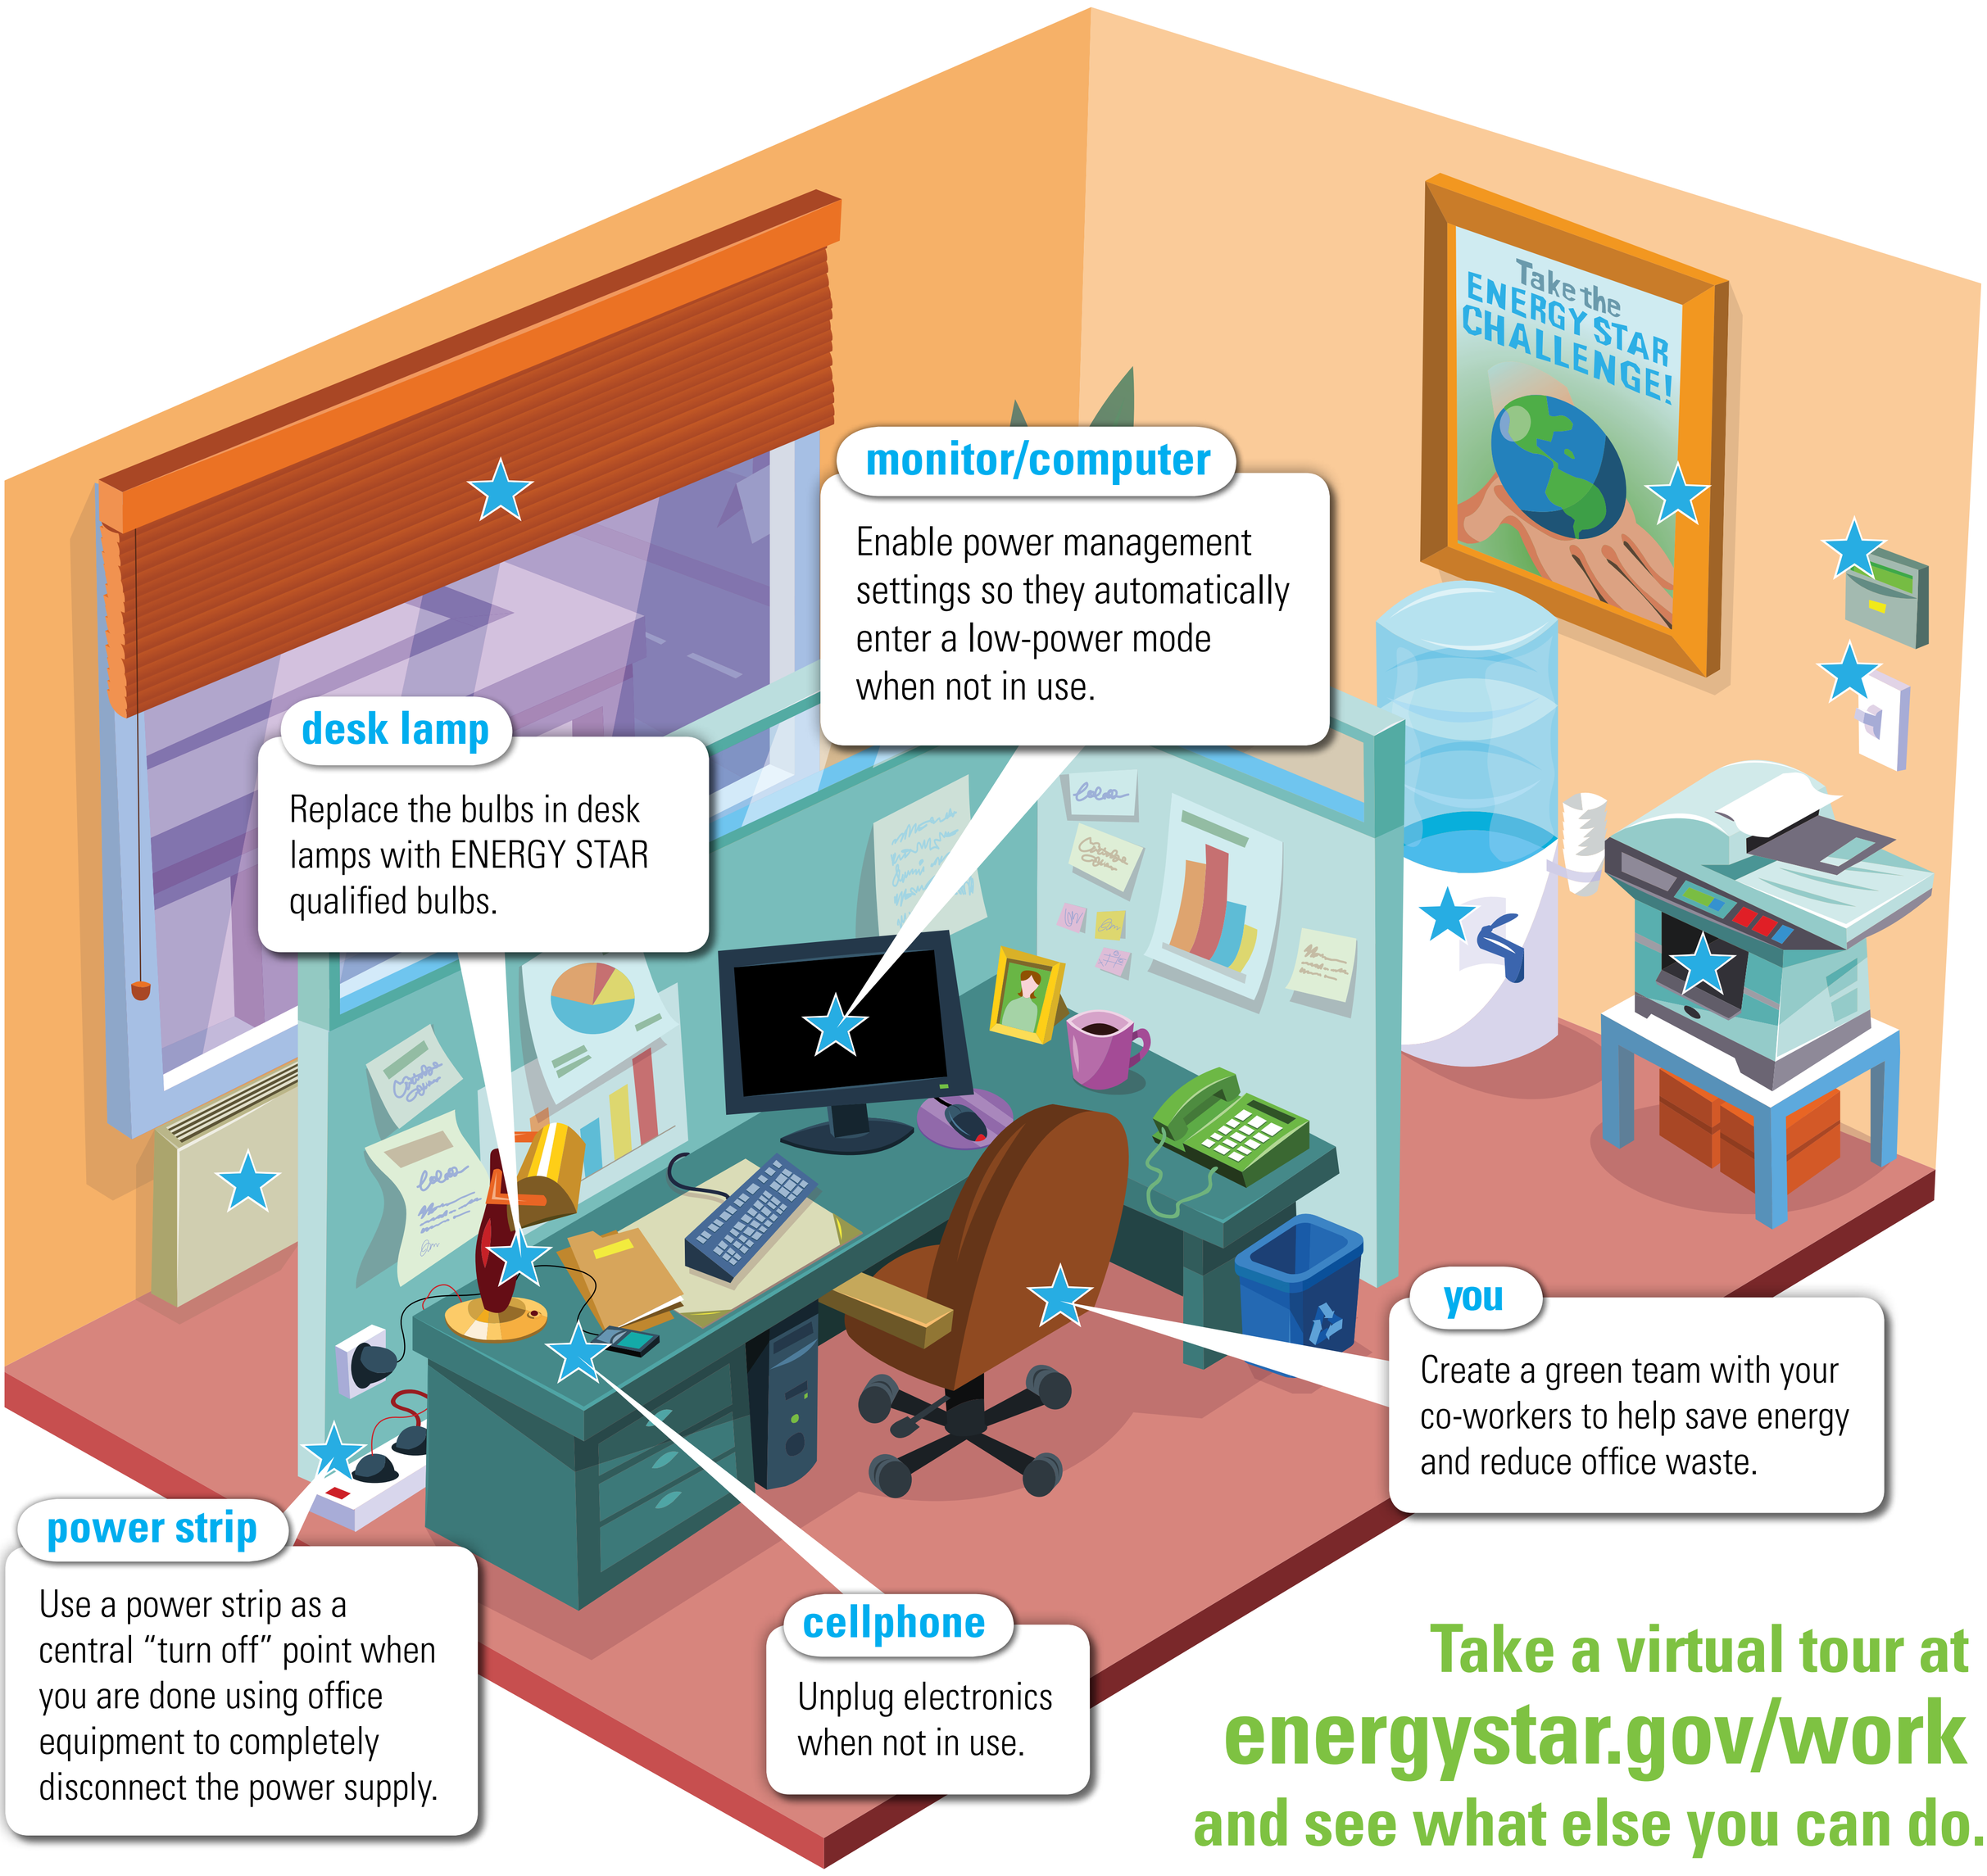
Bring Your GREEN TO WORK with ENERGY STAR®

The small steps you take at work to save energy can make a big difference in the fight against global warming.



monitor/computer

Enable power management settings so they automatically enter a low-power mode when not in use.

desk lamp

Replace the bulbs in desk lamps with ENERGY STAR qualified bulbs.

you

Create a green team with your co-workers to help save energy and reduce office waste.

power strip

Use a power strip as a central "turn off" point when you are done using office equipment to completely disconnect the power supply.

cellphone

Unplug electronics when not in use.

Take a virtual tour at energystar.gov/work and see what else you can do.

ENERGY STAR® is a U.S. Environmental Protection Agency program helping businesses and individuals fight global warming through superior energy efficiency.
