## Going Green?

Start with these [YOUR AREA] builders and EPA's blue ENERGY STAR®

If you are looking to start 'going green,' an energy-efficient home is a great first step. The easiest way to make sure that your new home is truly energy efficient is to look for the blue ENERGY STAR, the government-backed symbol for energy efficiency.

With ENERGY STAR qualified homes, you get all the features you expect, plus a quieter, more comfortable home and lower utility bills. At the same time, you'll be helping to reduce greenhouse gases that contribute to global climate change.
