

Welcome

The Online Product Submission (OPS) tool welcome screen has been modified to provide access to product information through a series of tabs. Each tab provides a different view of your product information. A description of the content associated with each tab is provided below.

Ready for Internal Review

Products ready for internal review within your organization before being submitted to ENERGY STAR for qualification.

Returned

Products returned by ENERGY STAR because they do not meet the current ENERGY STAR product specification according to the information provided.

Delisted

Products delisted because they do not meet the current ENERGY STAR product specification.

In Progress (Default)

Products whose information is being edited, but has not been submitted for ENERGY STAR qualification.

Submitted

Products submitted to ENERGY STAR for qualification. (These products are uneditable)

Qualified

All currently qualified products for your organization.

ONLINE PRODUCT INFORMATION TOOL
[Contact ENERGY STAR](#) | [Help](#) | [Logout](#)

[Online Product Information Tool](#) > [Preventing Duplicate Records](#)

Preventing Duplicate Records

Please enter the model number of the product you would like to add and click Continue. The system will check for existing products with the same model number before proceeding to the data entry screen.

An asterisk (*) indicates a required field.

Product Type: TV/VCR

*Model Number:

Enter the Model Number and Select 'Continue'

Please enter model numbers exactly as they appear on the product packaging with all slashes (/) (\), dashes (-), and spaces.

If a duplicate record IS found, you will be notified and asked to edit the product that has been found or submit a new product. If a duplicate product is NOT found, you will proceed to a blank Edit Product Information screen where you can enter information about your new product.

Submit New Product Information (continued)

From this screen, you can enter Basic Product Information, Contact Information, Manufacture Information, Labeling Information, and Product Details (including a photo and product description).

[Online Product Information Tool](#) > [Edit Product Information](#)

Edit Product Information

Please enter and edit information in the following fields about the product you would like to submit or re-submit for ENERGY STAR qualification. If you have access to submit the product, click the Submit to ENERGY STAR button when you are ready to send the information to ENERGY STAR. If you do not have access to submit the product, select Ready for Internal Review from the submission status drop-down box when you have finished editing this product and wish the primary contact for your organization to review and submit it to ENERGY STAR.

An asterisk (*) indicates a required field.

Submission Status:

[Basic Product Information](#) [Basic](#) | [Contact](#) | [Manufacture](#) | [Labeling](#) | [Product Details](#)

Use these links to go directly to each section of the form

*Model Number:

Please enter model numbers exactly as they appear on the product packaging with all slashes (/) (\), dashes (-), and spaces.

*Brand Name:

If other Brand Name, please specify:

Model Name:

Check if your organization is the Original Equipment Manufacturer (OEM):

If not, who is?

After entering your product information, you have several options:

Save the product with the status "Edits in Progress."

You are NOT finished entering product information and will be returning at a later time to complete the process. Products with this status are displayed under the In Progress tab.

Save the product with the status "Ready for Internal Review."

You HAVE finished adding product information, but you do not have access to submit the product to ENERGY STAR and wish the primary contact for your organization to review and submit it to ENERGY STAR.

Submit the product to ENERGY STAR.

Once you submit a product, you will not have access to edit it again until ENERGY STAR has finished their review and qualified or returned it to you for edits.

Edit Product Information

From this screen, you can edit Basic Product Information, Contact Information, Manufacture Information, Labeling Information, and Product Details (including a photo and product description).

Select the Model # or 'edit' link in the row that contains the product you wish to edit.

Delisted

From this screen, you can view and edit information for your products that have been delisted because they do not meet the current ENERGY STAR product specification according to the information you provided.

The screenshot shows a web interface for managing delisted products. At the top, there are navigation tabs for PRODUCTS, HOME IMPROVEMENT, NEW HOMES, BUSINESS IMPROVEMENT, PARTNER RESOURCES, and WHAT IS ENERGY STAR? NEWS ROOM. Below the tabs is a breadcrumb trail: Home > Partner Resources > Manufacturer & Retailer Resources > Online Product Information Tool. A welcome message is displayed for Bob Smith (AIWA Company, Ltd.).

The main content area is titled 'Home Electronics Products' and features a filter bar with tabs: In Progress, Ready for Internal Review, Submitted, Returned, Qualified, and DELISTED. Below the filter bar is a search section for delisted products, including a 'Model Number' input field and a 'Find' button. A 'Start New' dropdown menu and a '>>' button are also present.

The central part of the interface is a table of delisted products. The table has columns for Product, Product Type, Model #, Date Delisted, Date Locked, and Action. Red annotations point to specific elements in the table: 'View the version that was last submitted' points to the 'view 6/12/2003 version' link; 'Go to the Edit Product Information window' points to the 'edit' link; 'Enter a Model Number to search for a product you previously entered' points to the search input field; 'Submit New Product Information' points to the 'Start New' dropdown; and 'View Product Information' points to the 'view' link in the 'Set-top Boxes' row.

At the bottom left, a legend indicates that a lock icon in the 'Product' column denotes products being edited by another user. A callout box shows a lock icon next to the text 'Set-top Boxes'.

Annotations for the table rows include: 'View the version that was last submitted' pointing to the 'view 6/12/2003 version' link in the 'Action' column for the 'Answering Machine' row; 'Go to the Edit Product Information window' pointing to the 'edit' link in the 'Action' column for the 'Video Console' row; 'Enter a Model Number to search for a product you previously entered' pointing to the 'Model Number' input field; 'Submit New Product Information' pointing to the 'Start New' dropdown menu; 'View Product Information' pointing to the 'view' link in the 'Action' column for the 'Set-top Boxes' row; and 'Edit Product Information' pointing to the 'edit' link in the 'Action' column for the 'Set-top Boxes' row.
