Subject: Energy Star criteria

Attn. Richard H. Karney, P.E. Manager  
Energy Star Program.  
Building Technologies Program.  
Department of Energy  
Washington, DC 20585

Dear Richard,

With regards to the proposed changes in the zone changes we would be in favor of a 4 zone program. We believe this would better compliment the entire energy savings program.

Thanks,  
Jesse Dyck
