ENERGY STAR® Computer Stakeholder Meeting
Framework Agenda

Ronald Reagan Building and International Trade Center
Meridian Room – Concourse Level
1300 Pennsylvania Avenue, NW
Washington, D.C. 20004
Thursday, May 18, 2006
9:00 a.m. – 4:00 p.m**.**

Welcome and Introductions   **9:00 a.m. – 9:15 a.m.**

Katharine Kaplan Osdoba
U.S. Environmental Protection Agency (EPA)

EPA Timeline and Meeting Goals   **9:15 a.m. – 9:30 a.m.**

Session I: Desktop Differentiation   **9:30 a.m. – 11:00 a.m.**

Meeting attendees will be discussing the Draft 2 proposals and other proposals received by EPA, as well as the new proposal outlined by EPA.

Desired Outcome: Achieve agreement on an appropriate definition to distinguish desktops by capability for Idle power levels.

Break

Session II: Low Power Modes   **11:00 a.m. – 11:30 a.m.**

Meeting attendees will discuss low power requirements and adders proposed in Draft 2, and EPA will share feedback received and the outcome of discussions to date, as well as outlining the data needed to finalize these levels.

Desired Outcome: Understanding of discussions to date and agreement on the data needed to finalize low power adders and confirmation of industry's ability to help supply this data.

Break for Lunch   **11:30 a.m. – 12:30 p.m.**

Session III: Workstation Definition and Requirements   **12:30 p.m. – 2:00 p.m.**

EPA will share feedback received on the Draft 2 proposal and the outcome of discussions to date and introduce a proposed Typical Electricity Consumption approach for these products.

Desired Outcome: Determine a final definition approach and the number and type of requirements needed for workstations.

Break

Session IV: Data Collection Needs and Timing   **2:00 p.m. – 2:30 p.m.**

Meeting attendees will discuss and outline the amount and type of data needed to determine the final specification levels, as well as the process and timing.

Desired Outcome: Agreement on a final data collection sheet for computer power mode data as well as any component data needed for capability adders as well as timing.

Session V: Open Discussion of Other Specification Topics   **2:30 p.m. - 3:30 p.m.**

Additional Outstanding Issues for Discussion:
- Desktop-derived servers
- Labeling requirements
- Testing and reporting requirements, etc.
- Benchmarking

Desired Outcomes: (1) Develop a method for dealing with desktop-derived servers; (2) Clarify acceptable labeling requirements; (3) Discuss the testing and reporting requirements for qualifying models; (4) Discuss status of benchmarking work.

Summary of Action Items from the Meeting   **3:30 p.m. - 4:00 p.m.**

Adjourn   **4:00 p.m.**
