- ❖ They received the 2013 **Highest Energy Savings per Project** award from Wisconsin Focus on Energy

Quality
INSULATION INSTALLERS LLC.

ENERGY STAR Awards

Awardees are helping families save money by *saving energy in innovative ways* including working with utilities to offer rebates to customers, creating more efficient products, and launching efficiency projects.

Seven Home Performance with ENERGY STAR Sponsors and Partners were recognized for their outstanding contributions to the program

Columbia Association

Columbia, Maryland

Excellence in Promotion

Key accomplishments include:

- Generating a 93 percent HPwES assessment-to-upgrade conversion ratio when home performance improvements are recommended.
- Launching the Home Energy Efficiency Upgrade Cooperative with its partner, Civic Works, to provide support and guidance for homeowners navigating the HPwES project process.

AEP Southwestern Electric Power Company

Shreveport, Louisiana

Partner of the Year

Key accomplishments include:

- Generating approximately 1.7 gigawatt hours (GWh) in energy savings, including an installed measure conversion rate of 93 percent, up 22 percent from 2013.
- Experiencing 1,300 percent growth from 2013 to 2014 by completing 1,026 HPwES projects in 2014.

A unit of American Electric Power

Efficiency Vermont

Burlington, Vermont

Partner of the Year

Key accomplishments include:

- Sustaining high participation in the HPwES program as a result of adjustments to the program in 2013 for a complete market turnaround in 2014.
- Launching a program that includes the Department's Home Energy Score with each HPwES project, a first step towards quantifying the value of energy efficiency upgrades.

Illinois Energy and Recycling Office at the Department of Commerce and Economic Opportunity Springfield, Illinois Partner of the Year

Key accomplishments include:

- Leading 71 participating contractors to complete 3,023 HPwES projects across Illinois, each project earning Silver or Gold IHP Certificates in the process (a 58-percent increase in involved contractors and a 92-percent increase in projects).
- Collaborating with Ameren Electric Gas, Ameren Illinois Electric, Commonwealth Edison, Nicor Gas, North Shore Gas, and Peoples Gas to offer a robust statewide HPwES program.

Illinois
Department of Commerce
& Economic Opportunity

Arizona Public Service

Phoenix, Arizona

Partner of the Year – Sustained Excellence

Key accomplishments include:

- Implementing the recently adopted BPI 2100 standard, Standard for Home Performance-related Data Transfer and BPI 2200 standard, Standard for Home Performance-related Data Collection, known together as HPXML.
- Collaborating with FSL Home Improvements and Salt River Project Agricultural Improvement and Power District to offer a robust Arizona HPwES program.

Focus on Energy

Madison, Wisconsin

Partner of the Year – Sustained Excellence

Key accomplishments include:

- Delivering \$3.1 million in residential incentives to HPwES projects and completing 1,976 HPwES projects in 2014.
- Enlisting a trade ally advisory group to provide insights on making the HPwES program profitable for contractors and cost effective for homeowners.
- Scoring over 600 homes using the Department's Home Energy Score and evaluating how effective this program is in steering customers to residential portfolio programs.

focus on energysm

Partnering with Wisconsin utilities

NYSERDA

Albany, New York

Partner of the Year – Sustained Excellence

Key accomplishments include:

- Converting 32 percent of HPwES assessments to projects, resulting in more than 6,300 completed projects in 2014.
- Experiencing an increase of more than 14 percent in the monetary value of the work completed in the HPwES program compared to last year.
- Implementing new application procedures that resulted in 26 percent more applications for low-cost financing over 2013.

NYSERDA

Century Club Awards

Every year the Department of Energy honors Home Performance with ENERGY STAR participating contractors that complete *100 or more projects* in a calendar year.

137 participating contractors working under *19 programs* were recognized for their work in 2014.
