

Some builders in Oklahoma City have a much bigger picture of the neighborhood they're creating.

To learn more about them, visit www.energystarhomesamerica.com

EVERY ENERGY STAR HOME KEEPS 4,500 POUNDS OF GREENHOUSE GASES OUT OF OUR AIR EACH YEAR

ENERGY STAR qualified homes not only help protect the environment, they can also provide lower utility bills, increased comfort, and greater durability.

A new home that has earned the ENERGY STAR meets EPA's strict guidelines for energy efficiency. This exemplary performance is verified by an independent third party. **To learn more, visit www.energystar.gov**
