LEARN MORE AT
energystar.gov

ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR partner,

We have updated all three of the Inspection Checklist Guidebooks based on partner feedback and the changes in Revision 04 to the guidelines. We have also posted training slide decks based on each of the Inspection Checklist Guidebooks and guidance on challenging attic entrance insulation details. These resources are all available at www.energystar.gov/newhomestraining under the “Additional Training Resources” heading, or directly from: http://www.energystar.gov/index.cfm?c=bldrs_lenders_raters.nh_v2_v3_training_resources#checklist. EPA is finalizing the previously-announced guidance document on slab edge insulation details and will advise partners when it is available.

Please contact us at energystarhomes@energystar.gov if you have any questions. Thank you for your work promoting ENERGY STAR.

This message was sent to you on behalf of the ENERGY STAR for New Homes Program. As a condition of partnership, each ENERGY STAR partner must have at least one person authorized to receive periodic e-mail updates from ENERGY STAR to ensure that the organization is aware of program changes, new resources, and other important program news. If you are not the appropriate person in your organization to receive these e-mails, please email energystarhomes@energystar.gov with "Unsubscribe" as the subject and your name and company name in the email.
