ENERGY STAR® SUMMARY
OF APPLIANCE & WATER HEATER
PROGRAMS
BY ENERGY EFFICIENCY PROGRAM SPONSORS (EEPS)

SEPTEMBER 2012 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the **2012 ENERGY STAR® Summary of Appliance and Water Heater Programs** (Summary). The Summary provides an overview of a variety of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified clothes washers, dehumidifiers, dishwashers, refrigerators, freezers, room air conditioners, room air cleaners and purifiers, water coolers, and residential water heaters. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings in 2012-2013 and beyond.

Each ENERGY STAR residential appliance and residential water heater program is summarized with a focus on incentives (e.g., mail-in rebates, recycling), marketing and consumer education efforts, program contacts, and other relevant program details. Tax incentives, where they exist, are also captured.

The Summary of Appliance and Water Heater Programs is divided into the following sections:

1. **Executive Summary**
2. **Program Budget Map, National Rebate Charts and Graphs** – Overview of promotion types for appliances and water heater programs across the United States.
3. **Tax Incentives** – A summary table of current sales tax exemptions and income tax credits or deductions available in select states.
4. **Appliance Programs at a Glance** – A summary table of current appliance promotions organized by state.
5. **Water Heater Programs at a Glance** – A summary table of current residential water heater promotions organized by state.
6. **Program Details** – In-depth descriptions of each energy efficiency program sponsor partner’s programs, including contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Appliance and Water Heater Programs, please contact Nora Lovrien Buehler at ICF International, at nora.lovrienbuehler@icfi.com or 202.862.1589.

Executive Summary

Appliances

The 2012 ENERGY STAR Summary of Appliance Programs (Summary) presents information submitted by 202 energy efficiency program sponsors from across the United States. The partners have provided information about 655 individual incentive and promotion programs for ENERGY STAR appliances including clothes washers, dishwashers, dehumidifiers, refrigerators, freezers, room air conditioners, room air cleaners and purifiers, water coolers, and a variety of other equipment.

From the information submitted by energy efficiency program sponsors, the key highlights include:

Promotions by Region – The Midwest has the greatest number of appliance promotions with 251, followed by the West with 198. The Southwest, Mid-Atlantic, Northeast, and Southeast programs submitted 63, 58, 54, and 31 promotions respectively.

Promotions by Product – As in 2011, incentives for clothes washers and refrigerators and/or freezers lead the group, representing 24% and 21% respectively. Incentives for refrigerators and freezers recycling follow closely behind (18%) followed by dishwashers (11%) and room air conditioners (10%). The remainder is comprised of dehumidifiers, room air conditioner recycling, room air cleaners and purifiers, and the “other” category comprised of various products. New incentives compared to 2011 include clothes dryers, clothes washers recycling and room air cleaners and purifiers recycling.

Promotions by Type – The vast majority of promotions, nearly three quarters, are mail-in rebates. Partners submitted information about a few instant rebates for appliances; this may be a category to watch over the next year. Recycling incentives represent 25% of appliance promotions. Incentives range from \$10 to \$1,500, and as in 2011 the average and most frequent incentives range from \$25 and \$50 (see the “Average and Most Frequent Promotion Amount” graph in the next section).

Water Heaters

The 2012 ENERGY STAR Summary of Residential Water Heater Programs (Summary) presents information submitted by 125 energy efficiency program sponsors across the United States, an increase of 29 compared to the 2011 Summary. The partners have provided information about 268 individual incentive and promotion programs for ENERGY STAR water heater products including gas condensing, gas storage, tankless, heat pump, solar, and a variety of electric water heaters. The number of promotions included in this Summary increased by nearly 27% compared to the 2011 Summary.

From the information submitted by energy efficiency program sponsors, the key highlights include:

Promotions by Region – Similar to 2011, the Midwest has the greatest number of water heater promotions with 87, followed by the West and Southwest regions with 43 each. The Northeast, Southeast, and Mid-Atlantic programs submitted 40, 32, and 23 promotions respectively. Combined, the number of water heater promotions submitted in 2012 total 268, a 27% increase over 2011.

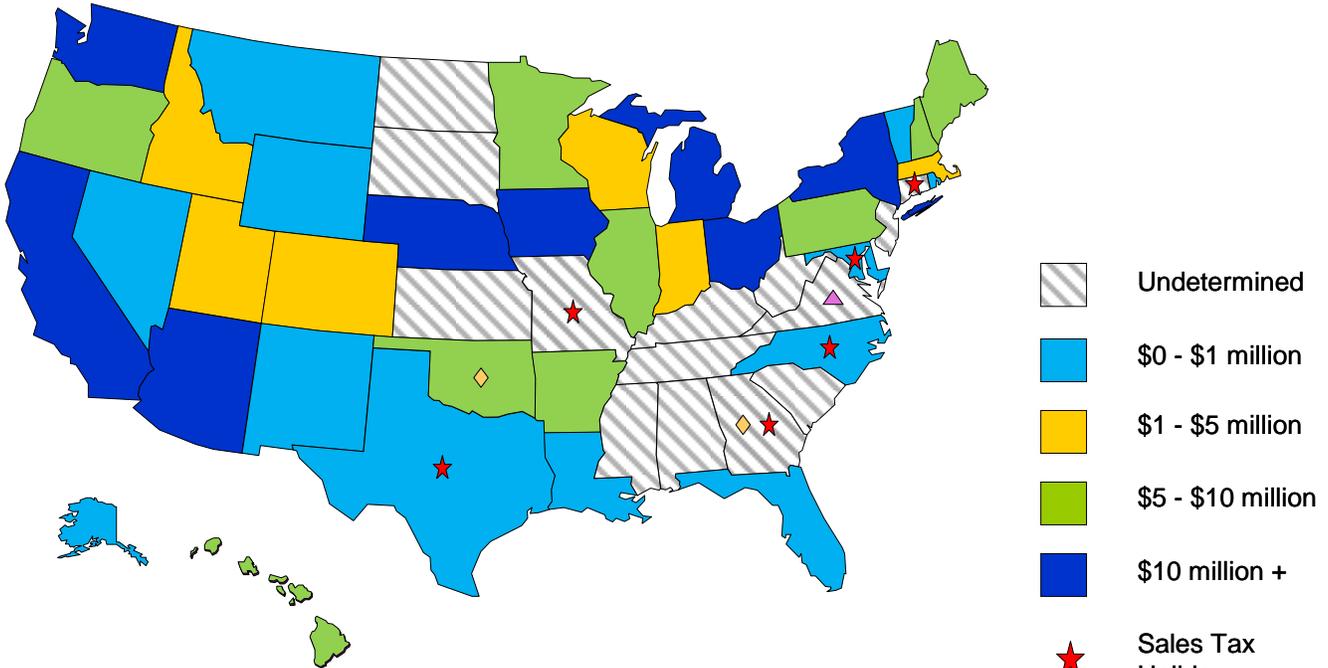

Promotions by Product – Natural gas storage and heat pumps represent the largest shares, with 24% and 21% respectively. Tankless water heaters account for 20%, while solar and gas condensing water heaters account for 10% and 7% respectively. The remainder represents a variety of other technologies, including incentives for electric water heaters, which increased by nearly 50% compared to the 2011 Summary.

Promotions by Type – Water heater promotions often feature mail-in rebates. In fact, 254 of the 268 total promotions are mail-in rebates. Other promotion types include bill credits, cooperative funding, loan programs, instant rebates, recycling, and mid-stream (dealer or contractor) incentives. Promotion amounts range from \$20 (instant rebate) to \$3,500 (zero interest loan), with the average and most frequent amounts between \$100 and \$400 (see the “Average and Most Frequent Promotion Amount” graph in the next section).

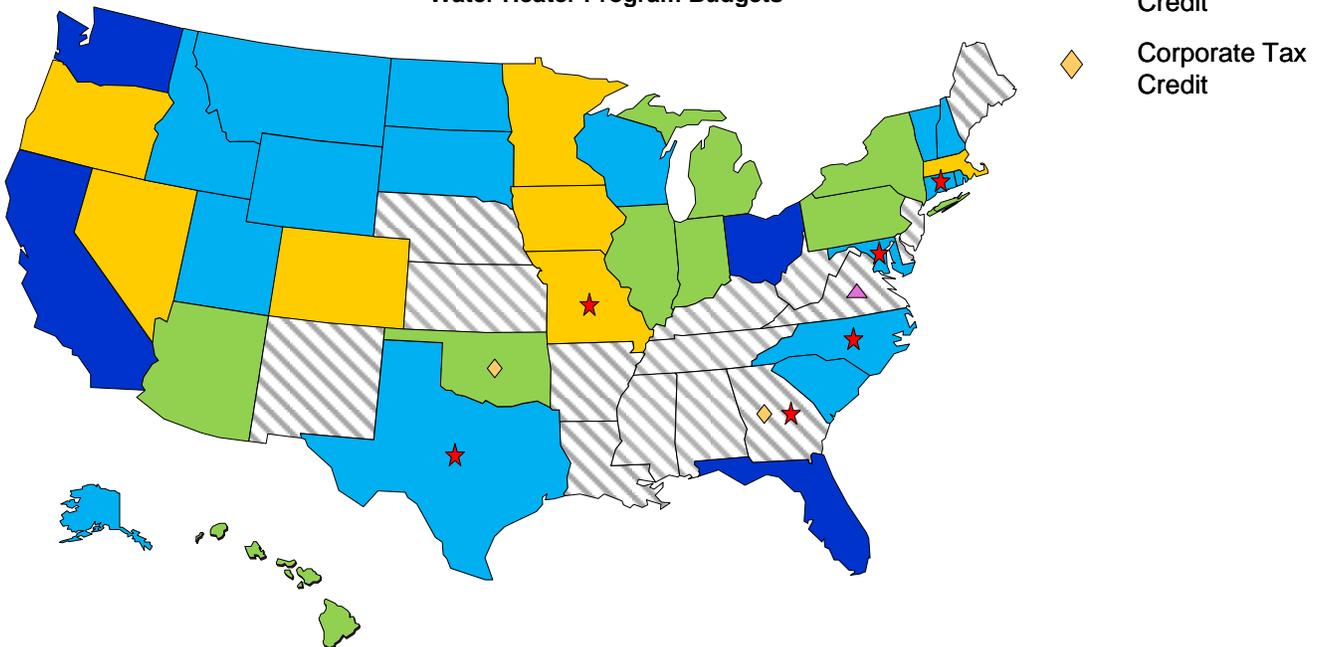

Appliance and Water Heater Program Budget Maps

The maps below show program budgets for appliance and residential water heater programs by state as reported by the energy efficiency program sponsors. *Note: Energy efficiency program sponsors in the “undetermined” states may implement appliance and water heater promotion programs in 2012 and beyond, but were unable or did not elect to provide funding information. Likewise, states highlighted in color may not represent all the partner program budgets, as partners in those states also may have elected not to provide budget information. See the individual program entries for details.*

Tax Incentives at a Glance

This chart provides an overview of tax incentives available, listed alphabetically by state. Appliance and water heater incentives have been highlighted in bold and italic font.

STATE	INCENTIVE TYPE	ELIGIBLE PRODUCTS	TIMEFRAME	WEBSITE(S)
FED.	Tax Credit	ENERGY STAR Products: Geothermal Heat Pumps	For systems placed in service from 10/3/2008-12/31/2016	http://www.energytaxincentives.org/business/renewables.php
CT	Sales Tax Incentive	ENERGY STAR Products: CFLs, Insulation, Water Heaters , Natural Gas Furnaces and Boilers, Windows, and Doors	Ongoing	http://www.ct.gov/drs/cwp/view.asp?a=1514&q=384952
GA	Corporate/Personal Tax Credit	ENERGY STAR Products: Geothermal Heat Pumps	7/1/2008-12/31/2014	http://www.gefa.org/Index.aspx?page=423
GA	Sales Tax Incentive	ENERGY STAR Products: Ceiling Fans, Central Air Conditioners, Clothes Washers, Dehumidifiers, Dishwashers , CFLs, Refrigerators , Windows, Doors	10/5/2012-10/7/2012	http://www.gefa.org/index.aspx?page=90
MD	Sales Tax Incentive	ENERGY STAR Products: Air Conditioners (both Central and Room Air Conditioners), Clothes Washers , Furnaces, Heat Pumps, Standard Size Refrigerators , CFLs, Dehumidifiers , and Boilers	This incentive takes place annually in February; the holiday period was 02/18/2012-02/20/2012	http://www.comp.state.md.us/shopmd/default.asp
MO	Sales Tax Incentive	ENERGY STAR Products: Clothes Washers, Water Heaters, Dishwashers, Air Conditioners , Furnaces, Refrigerators , and Freezers	4/19-4/25 Ongoing - same dates every year	http://dor.mo.gov/tax/business/sales/taxholiday/green/
NC	Sales Tax Incentive	ENERGY STAR Products: Clothes Washers, Refrigerators , Central Air Conditioners, Ceiling Fans, and Dehumidifiers	First Friday in November through the following Sunday	http://www.dornc.com/taxes/sales/energystar_holiday.html
OK	Corporate/Personal Tax Credit	ENERGY STAR Products: Roofing Products	Current rules changed 7/1/2012	http://www.oscn.net/applications/oscn/DeliverDocument.asp?CitelD=443877
TX	Sales Tax Exemption	ENERGY STAR Products: Air Conditioners that cost less than \$6,000, Refrigerators that cost less than \$2,000, Clothes Washers, Dishwashers, Dehumidifiers , Ceiling Fans, and CFLs	5/26/2012-5/28/2012 Ongoing - Saturday through Monday of Memorial Day weekend every year	http://www.window.state.tx.us/taxinfo/taxpubs/tx96_1331/
VA	Income Tax Deduction	ENERGY STAR Products: Clothes Washers, Room Air Conditioners, Dishwashers , and Standard Size Refrigerators	Year-round Ongoing	http://www.dmme.virginia.gov/DE/taxcredit.shtml

Appliance Programs at a Glance

This table is designed to provide an overview of products being promoted around the country and is organized by state. Please see the individual energy efficiency program sponsors' entries in the next section, Program Details, for more information. Listed values for target population are assumed to be residential unless otherwise noted.

* = Information from 2011. If the asterisk appears after the partner name, all or most of the information is from 2011; if it appears only on a particular category other than the partner name, then only that field is from 2011.

Water Heater Programs at a Glance

This table is designed to provide an overview of products being promoted around the country and is organized by state. Please see the individual sponsors' entries in the next section for more details. Listed values for target population are assumed to be residential unless otherwise noted.

* = Information from 2011. If the asterisk appears after the partner name, all or most of the information is from 2011; if it appears only on a particular category other than the partner name, then only that field is from 2011.

STATE	PARTNER NAME	PROGRAM BUDGET	TARGET POPULATION	PRODUCTS	INCENTIVE AMOUNT	INCENTIVE TYPE	SUPPORT ACTIVITIES	START DATE	END DATE
AK	City and Borough of Sitka	Less than \$250K	8.5K	Heat Pump	\$600	Recycling	✓	2/24/2012	6/30/2013
AR	CenterPoint Energy	Not provided	Not provided	Gas Storage	\$75	Rebate	✓	1/1/2012	12/30/2012
				Gas Tankless	\$500	Rebate			
AZ	Arizona Public Service	Not provided	1.1 million	Solar	\$0.50/watt	Rebate	✓	Ongoing	
AZ	Southwest Gas Corporation	\$1 - \$10 million	39K Commercial	Gas Storage	\$1,100 up to 50% off	Rebate	✓	Ongoing	
		Not provided	Residential	Gas Tankless	\$450	Rebate			
				Gas Tankless	\$450	Rebate			
CA	City of Palo Alto Utilities	\$250K - \$1 million	25K	Gas Storage	\$80-\$150	Rebate	✓	Ongoing	
				Gas Tankless	\$150	Rebate			
				Heat Pump	\$200	Rebate			
CA	Modesto Irrigation District	Less than \$250K	90K	Heat Pump	\$100	Rebate	✓	Ongoing	
				Other - Electric	\$25	Rebate			
CA	Pacific Gas and Electric Company	Not provided	6 million	Gas Storage	\$30-\$50	Rebate	✓	1/1/2010	12/31/2012
CA	Pacific Power	Less than \$250K	37K	Other - Electric	\$40	Rebate	✓	Ongoing	
				Other - Evaporative Cooler	\$75-\$150	Rebate

Appliance and Water Heater Program Details

AFUE = Annual Fuel Utilization Efficiency; EF = Energy Factor; HSPF = Heating Seasonal Performance Factor; MEF = Modified Energy Factor; TE = Thermal Efficiency; WF = Water Factor; WH = Water Heater.

*Budgets are for program year 2011.

All rebates are for ENERGY STAR certified products unless otherwise specified.

To meet this goal, the utility will work with retailers, manufacturers and government agencies to develop cooperative educational and promotional plans designed to educate consumers on the benefits of ENERGY STAR certified appliances; provide awareness to consumers on retailers' and/or manufacturers' ENERGY STAR promotional activities; develop ENERGY STAR certified product benefit information for point-of-purchase displays in retail stores; provide training for retail staff that will highlight the benefits of ENERGY STAR certified appliances so retailers can pass this knowledge on to customers at point-of-purchase; and undertake other initiatives and support as appropriate.</p>

Retailers and Manufacturers who sign a partnership agreement with NYSERDA are eligible for co-operative funding, free point-of-purchase materials, free in-store sales staff training, and the opportunity to collaborate with other successful NYSERDA programs in the single family, multifamily, and low-income markets. Partners can utilize co-operative funding for buy-downs, educational displays, trainings, advertising, or anything within reason that will effectively educate New Yorkers on ENERGY STAR appliances. Retail and Manufacturer collaboration is the backbone of the Program. NYSERDA hopes to partner with as many retailers and manufacturers as possible as long as the partnership has a direct benefit to New York State. Partnership is open enrollment and is open to all who fulfill the eligibility requirements of the Program.</p> <p>NYSERDA supports ENERGY STAR Clothes Washers, Dehumidifiers, Dishwashers, Freezers, Refrigerators, Room Air Conditioners, (WH) Gas Storage, (WH) Gas Tankless, (WH) Heat Pump, and (WH) Solar. Funding waves run one calendar year for all partner types.</p> <p><u>NYSERDA would like to work with retailers and manufacturers.</u></p>
