

ENERGY STAR® SUMMARY OF APPLIANCE PROGRAMS

The simple
choice for
energy
efficiency.

SEPTEMBER 2016 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the **2016 ENERGY STAR® Summary of Appliance Programs** (Summary). The Summary provides an overview of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified commercial and residential clothes washers, clothes dryers, dehumidifiers, dishwashers, refrigerators, freezers, room air conditioners (room ACs), room air cleaners and purifiers, and water coolers. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings in 2016-2017 and beyond.

Each ENERGY STAR appliance program is summarized with a focus on incentives (e.g., mail-in rebates, bill credit), program contacts, and other relevant program details. Participation in the Summary is voluntary and therefore does not represent all promotions and incentives available across the country. The information in this Program Summary is current as of August 15, 2016; more current or additional information may be available at www.energystar.gov/rebatefinder.

The Summary of Appliance Programs is divided into the following sections:

1. **Executive Summary**
2. **Program Budget Map, National Promotion Charts and Graphs** – Overview of promotion types for appliance programs across the United States.
3. **Programs Information** – A summary table of current appliance promotions organized by state.
4. **Partner Contact Directory** – Program websites, hotlines, and contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Appliance Programs, please contact Nora Lovrien Buehler at ICF International, at nora.lovrienbuehler@icfi.com or 202.862.1589.

Executive Summary

The 2016 ENERGY STAR Summary of Appliance Programs (Summary) presents information submitted by 138 energy efficiency program sponsors from across the United States, including 12 “umbrella organizations” and statewide programs running promotions on behalf of or in conjunction with 189 cooperative or municipal utilities and investor-owned utilities. Partners have provided information on 1,541 individual incentive and promotion programs for ENERGY STAR appliances including clothes washers, clothes dryers, dishwashers, dehumidifiers, refrigerators, freezers, room air conditioning, and room air cleaners and purifiers. To improve the accuracy of available promotions nationwide, information submitted under umbrella organizations has been accounted for individually for each member utility, unless otherwise indicated as a statewide or centrally-administered program.

From the information submitted by energy efficiency program sponsors, the key highlights include:

Program Budgets – Partners were asked to categorize their program budgets into buckets demonstrating order of magnitude and range (e.g., less than \$50K, \$1-\$5 million, \$5-\$10 million). To calculate state totals and the national total, the mid-point of each bucket range was taken and multiplied by the total number of partner programs identifying with a given bucket. Since exact budget information has not been provided, nor have all partners given budget information (see the [Appliance Program and Budget Map](#) on page 3 for more details), a precise total cannot be determined. In 2016, based on the mid-point calculation, the national total was \$223 million, which is a slight decline from \$252 million in 2015. The decrease in budget may be explained by actual declines in program budgets and/or by fewer partners reporting their program budget information.

Promotions by Dollar Amount – Promotion amounts in 2016 range from \$10 for dehumidifiers and refrigerators to \$400 for clothes dryers. New Freezer incentives increased by 49%, increasing from a midpoint of \$27 in 2015 to \$40.23 in 2016. Dishwashers increased by 33% from a midpoint of \$34.30 in 2015 to \$41.14 in 2016. Room air conditioning and clothes dryers decreased by around 11%, decreasing from a midpoint of \$28.92 and \$71.45 in 2015 to \$25.66 and \$64.03 in 2016, respectively. See “[Average Promotion Amount for ENERGY STAR Appliances 2011-2016](#)” on page 4 for more details on average incentive amounts.

Promotions by Product – As in 2011-2015, incentives for clothes washers lead the group, representing 17% of total appliance promotions and 20% of incentives for new appliance purchases (factoring out recycling incentives). Incentives for new refrigerator purchase represent 14% of total incentives. Total recycling, including refrigerators, freezers, dehumidifiers, and room air conditioners, makes up 23% of total incentives. Dishwashers, freezers, dehumidifiers, and room air conditioning each comprised between 7% and 9% of total promotions. The remainder is comprised of room air cleaners and purifiers and clothes dryers along with the “other” categories comprised of various products. Incentives for clothes dryers more than doubled from 2015, going from 64 incentives to 168. See “[2016 ENERGY STAR Appliance Promotions by Product Type](#)” on page 4 and “[ENERGY STAR Appliance Promotions by Product Type 2011-2016](#)” on page 5 for more details.

Promotions by Type – Similar to 2011-2015, the vast majority of promotions in 2016—94% of new product purchase and recycling incentives—are mail-in rebates. Appliance promotions with instant rebates, bill credits, low-interest loans, manufacturer or retailer buy-downs, and midstream incentives account for the rest. See “[2016 ENERGY STAR Appliance Promotions by Incentive Type](#)” on page 5 for more details.

Promotions by Region – Similar to 2011-2015, the Midwest region has the greatest number of appliance promotions with 1,160 (2015 = 1,113). The West region follows next with 150 (2015 = 172), which is a small decline in submissions from 2015. The Northeast and Mid-Atlantic follow the west with 80 and 69 (2015 = 128 and 69, respectively). The Southwest region has 43 incentives (2015 = 57) and the Southeast has 39 (2015= 45). See “[2016 ENERGY STAR Appliance Promotions by Type and Region](#)” on page 6 for more details.

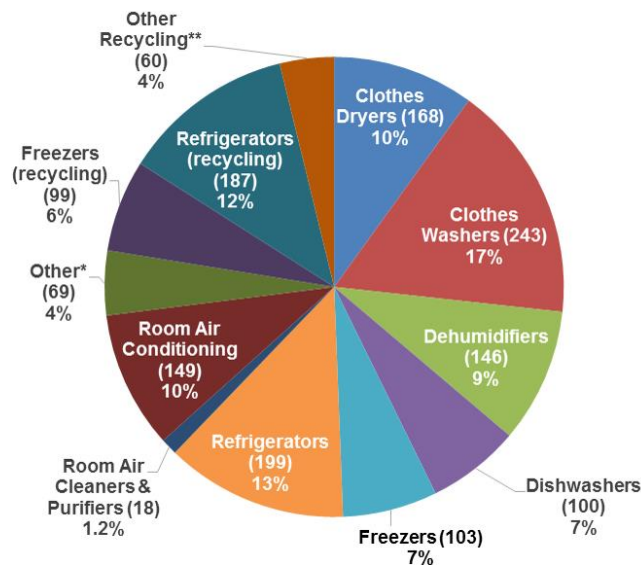

National Appliance Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

Average Promotion Amount for ENERGY STAR Appliances 2011-2016

2016 ENERGY STAR Appliance Promotions by Product Type
(Totals listed in parentheses)

* The "Other" category is comprised of Commercial Clothes Washers and Water Coolers.

** The "Other Recycling" category is comprised of Dehumidifiers Recycling and Room Air Conditioners Recycling. See the "[Appliance Program Information](#)" for individual partner details.

ENERGY STAR Appliance Promotions by Product Type 2011-2016
(Annual totals listed in parentheses)

* The "Total Recycling" category is comprised of Clothes Washers Recycling, Dehumidifiers Recycling, Freezers Recycling, Refrigerators Recycling, Room Air Cleaner and Purifiers Recycling, and Room Air Conditioners Recycling. See the "[Appliance Program Information](#)" for individual partner details.

NOTE: In 2011 and 2012, refrigerator and freezer incentives were combined into a single category. Since 2013, these two categories have been broken out. To compare across years, 2013 had a combined refrigerators/freezers percentage of approximately 25%, 2014 had a combined percentage of approximately 19%, 2015 had a combined percentage of 20%, and 2016 has a combined percentage of 21%.

2016 ENERGY STAR Appliance Promotions by Incentive Type
(Totals listed in parentheses)

2016 ENERGY STAR Appliance Promotions by Type and Region
(Regional totals listed in parentheses)

* The "Other" category is comprised of Commercial Clothes Washers, Room Air Cleaners and Purifiers, and Water Coolers.

** The "Total Recycling" category is comprised of Dehumidifiers Recycling, Freezers Recycling, Refrigerators Recycling and Room Air Conditioners Recycling. See the [Appliance Program Information](#) for individual partner details.

Appliance Program Information

The table below provides information on products being promoted around the country by energy efficiency program sponsors. The information is organized by state and all promotions and incentives are for ENERGY STAR certified products unless otherwise specified. Please contact the program sponsor representative, found in the Partner Contact Directory following this section, to learn more about partnership opportunities. Members of umbrella organization are listed as footnotes. Target population is assumed to be residential unless otherwise noted.

Footnotes: Umbrella Organizations

- Central Iowa Power Cooperative represents the following utilities:
 - Clarke Electric Cooperative, Inc., Consumers Energy, East-Central Iowa REC, Eastern Iowa Rural Electric Cooperative, Farmers Electric Cooperative, Inc., Guthrie County REC Association, Linn County REC*, Maquoketa Valley Electric Cooperative, Midland Power Cooperative, Pella Cooperative Electric Association, Southwest Iowa Rural Electric Cooperative, and TIP Rural Electric Cooperative

* Note - Linn County REC submitted information separately.
- Missouri River Energy Services represents the following utilities:
 - IA: Alton, Atlantic, Denison, Fontanelle, Hartley, Hawarden, Kimballton, Lake Park, Manilla, Orange City, Paullina, Pella, Primghar, Remson, Rock Rapids, Sanborn, Shelby, Sioux Center, and Woodbine
 - MN: Adrian, Alexandria*, Barnesville*, Benson, Breckenridge, Detroit Lakes, Elbow Lake, Henning, Hutchinson, Jackson, Lake Park, Lakefield, Luverne, Madison, Marshall*, Melrose, Moorhead, Ortonville, St. James, Sauk Centre, Staples, Wadena, Westbrook, and Worthington
 - ND: Cavalier, Hillsboro, Lakota, Northwood, Riverdale, and Valley City
 - SD: Beresford, Big Stone City, Brookings, Burke, Faith, Flandreau, Fort Pierre, Pickstown, Pierre, Vermillion, Watertown, and Winner

* Note - Alexandria, Barnesville, and Marshall also submitted information separately.
- Heartland Consumer Power District represents the following utilities:
 - IA: Akron
 - MN: Tyler
 - SD: Arlington, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, Tyndall, Volga, Wessington Springs, and White
- The Bonneville Power Administration (BPA) is a federal nonprofit agency based in the Pacific Northwest. BPA markets wholesale electrical power from hydro-electric projects in the Columbia River Basin, a nuclear plant, and several other small nonfederal power plants. About one-third of the electric power used in the Northwest comes from BPA. For more information about customer utilities: <https://www.bpa.gov/news/pubs/GeneralPublications/gi-BPA-Facts.pdf>
- Mass Save represents the following utilities:
 - Cape Light Compact (CLC), Eversource, National Grid, and UNITIL
- Efficiency United represents the following utilities:
 - Alpena Power Company, Baraga Electric Utility, Bayfield Electric Cooperative, The City of Crystal Falls Electric Department, Daggett Electric, The City of Dowagiac, , The City of Gladstone Department of Power & Light, The City of Harbor Springs Electric Department, City of Hillsdale – Board of Public

Utilities, L'Anse Electric Utility, Negaunee Electric Department, The City of Norway Department of Power & Light, The City of South Haven, Upper Peninsula Power Company, We Energies, Wisconsin Public Service, and Xcel Energy

7. Minnesota Municipal Power Agency represents the following utilities:

- Anoka, Arlington, Brownston, Buffalo, Chaska, East Grand Forks, Elk River, Le Sueur, North St. Paul, Olivia, Shakopee, and Winthrop

* Note – East Grand Forks submitted information separately.

8. Minnkota Power Cooperative represents the following utilities:

- Bagley Public Utilities, Baudette Municipal Utilities, Beltrami Electric Cooperative, Clearwater-Polk Electric Cooperative, Fosston Municipal Utilities, Halstad Municipal Utilities, Hawley Municipal Utilities, North Star Electric Cooperative, PKM Electric Cooperative, Red Lake Electric Cooperative, Red River Valley Cooperative Power Association, Roseau Electric Cooperative, Roseau Municipal Utilities, City of Stephen Municipal Utilities, Thief River Falls Municipal Utilities, Warren Municipal Utilities, and Wild Rice Electric Cooperative

9. Southern Minnesota Municipal Power Agency represents the following utilities:

- Blooming Prairie Public Utilities, Fairmont Public Utilities, Grand Marais Public Utilities, Lake City Utilities, Litchfield Public Utilities, Mora Municipal Utilities, New Prague Utilities Commission, North Branch Municipal Water and Light, Preston Public Utilities, Princeton Public Utilities Commission, Redwood Falls Public Utilities, Spring Valley Utilities, Saint Peter Municipal Utilities, Waseca Utilities, and Wells Public Utilities
- Triad utilities: Austin Utilities*, Owatonna Public Utilities*, Rochester Public Utilities*

* Note - Triad Members submitted information separately.

10. New Hampshire Saves represents the following utilities:

- Eversource (NH), Liberty Utilities, New Hampshire Electric Cooperative, and UNITIL

11. New Jersey Clean Energy represents the following utilities:

- Atlantic City Electric, Jersey Central Power & Light (a FirstEnergy Utility), PSE&G, and Rockland Electric Company

12. Efficiency Smart represents the following utilities:

- Beach City, Bowling Green, Brewster, Columbiana, Dover, Edgerton, Eldorado, Elmore, Galion, Genoa, Georgetown, Glouster, Hamilton, Hubbard, Jackson Center, Lakeview, Minster, Monroeville, Napoleon, New Wilmington, Newton Falls, Oberlin, Shelby, St. Marys, Wadsworth, Wellington, Woodville, and Yellow Springs
