

ENERGY STAR® SUMMARY OF WATER HEATER PROGRAMS

The simple
choice for
energy
efficiency.

SEPTEMBER 2017 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the **2017 ENERGY STAR® Summary of Water Heater Programs** (Summary). The Summary provides an overview of a variety of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified commercial and residential water heaters. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings in 2017-2018 and beyond.

Each ENERGY STAR water heater program is summarized with a focus on incentives (e.g., mail-in rebates, recycling), program contacts, and other relevant program details. Participation in the Summary is voluntary and therefore may not represent all promotions and incentives available across the country. The information in this Program Summary is current as of August 15, 2017. More current or additional information may be available at www.energystar.gov/rebatefinder.

The Summary of Water Heater Programs is divided into the following sections:

- 1. Executive Summary**
- 2. Program Budget Map, National Water Heater Promotion Charts and Graphs**
 - Overview of promotion types for water heater programs across the United States.
- 3. Programs Information** – An overview table of current water heater promotions organized by state.
- 4. Partner Contact Directory** – Program websites, hotlines, and contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Water Heater Programs, please contact Nora Lovrien Buehler at ICF, at Nora.LovrienBuehler@icf.com or 202-862-1589.

Executive Summary

The 2017 ENERGY STAR Summary of Water Heater Programs (Summary) presents information submitted by 144 energy efficiency program sponsors from across the United States, including 7 “umbrella organizations” and statewide programs running promotions on behalf of or in conjunction with cooperative or municipal utilities and investor-owned utilities. Partners have provided information on 354 individual incentive and promotion programs for ENERGY STAR water heaters. To improve the accuracy of available promotions nationwide, information submitted under umbrella organizations has been accounted for individually for each member utility, unless otherwise indicated as a statewide or centrally administered program.

From the information submitted by energy efficiency program sponsors, the key highlights include:

Program Budgets – Partners were asked to categorize their water heater program budgets into buckets demonstrating order of magnitude and range (e.g., less than \$50K, \$50K - \$250K, \$1 - \$5 Million). To calculate state totals, the mid-point of each bucket for each partner was summed within the state. Since exact budget information has not been provided, nor have all partners given budget information (see the [Water Heater Program Budget Map](#) on page 3 for more details), a precise total cannot be determined. In 2017, based on the mid-point calculation, water heater programs were funded at just over \$208 Million, which is an increase from the estimated \$159 Million in 2016. The increase may be explained by the growth in overall incentives (2017 = 354, 2016 = 236) and/or because partners have elected to provide more budget data.

Promotions by Dollar Amount – Incentives in 2017 range from \$20 for gas storage water heaters to \$12,500 for commercial water heaters. The average incentives for gas storage water heaters, tankless gas water heaters, and solar water heaters incentive types decreased from 2016, while the average incentives for commercial water heaters increased (this may be due to one commercial water heater amounting to \$12,500 that skews the average). In 2017, hybrid heat pumps were included. The largest decrease was for solar water heaters, which declined from an average incentive amount of \$1,170 in 2016 to \$485 in 2017. The largest increase was for commercial water heaters, which increased from an average incentive amount of \$1,550 in 2016 to \$2,300 in 2017. See [Average Incentive Amount for ENERGY STAR Water Heaters: 2011-2012, 2015-2017](#) on page 4 for more details on average incentive amounts.

Promotions by Product – Similar to 2016, electric storage water heaters was the most popular promotion in 2017, representing 61% of water heater promotions (up from 50% in 2016). Gas storage water heaters (14%) have the next highest representation, followed by tankless gas water heaters (12%), solar water heaters (9%), and commercial water heaters (4%). See [2017 ENERGY STAR Water Heater Promotions by Product Type](#) on page 4 and [ENERGY STAR Water Heater Promotions by Product Type: 2011-2012, 2015-2017](#) on page 5 for more details.

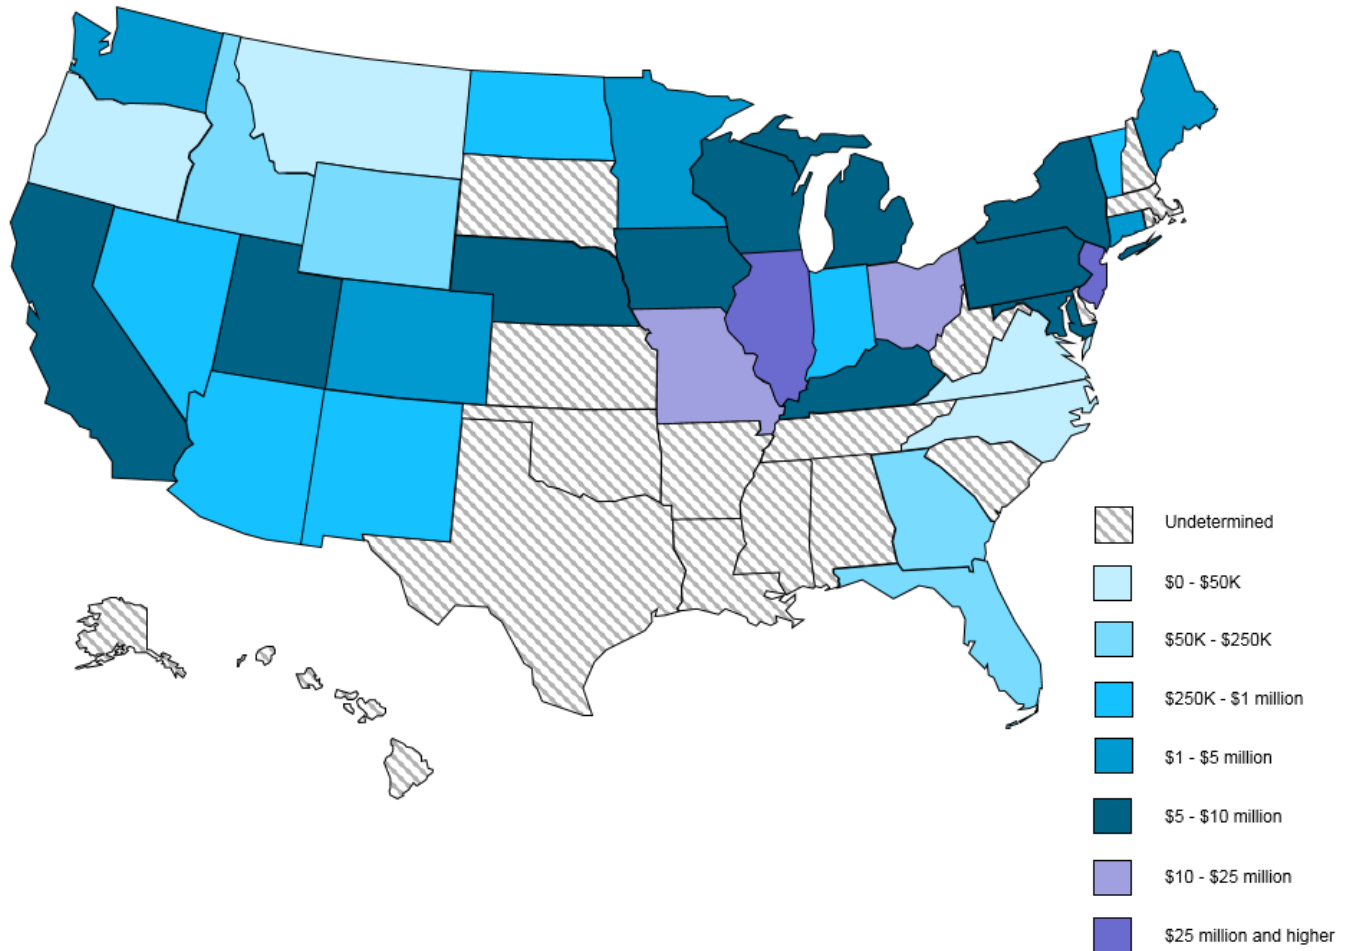

Promotions by Type – As with previous years, almost all of the promotions—92%—are mail-in rebates. Water heater promotions with instant rebates, low-interest loans, bill credits, manufacturer or retailer buy-downs and discounts account for the rest. See [2017 ENERGY STAR Water Heater Promotions by Incentive Type](#) on page 5 for more details.

Promotions by Region – The Midwest region has the greatest number of water heater promotions with 211, which is an increase from 110 in 2016. The Midwest’s high number of promotions in comparison to other regions is largely due to the number of smaller cooperative and municipal utilities offering promotions for water heaters. The West region follows next, with 37. The Mid-Atlantic (28) and the Northeast (31) regions increased slightly in promotions from 2016, while the Southwest (22) and Southeast (22) regions decreased slightly in total promotions from 2016. See [2017 ENERGY STAR Water Heater Promotions by Type and Region](#) on page 6 for more details.

Water Heater Program Budget Map

The map below shows program budgets for water heater programs by state as reported by the energy efficiency program sponsors.

NOTE: Energy efficiency program sponsors in the “undetermined” states may implement water heater promotional programs in 2017 and beyond, but were unable or did not elect to provide funding information. Likewise, states highlighted in color may not represent all the partner program budgets, as partners in those states also may have elected not to provide budget information. See the individual program entries for details.

National Water Heater Promotion Charts and Graphs

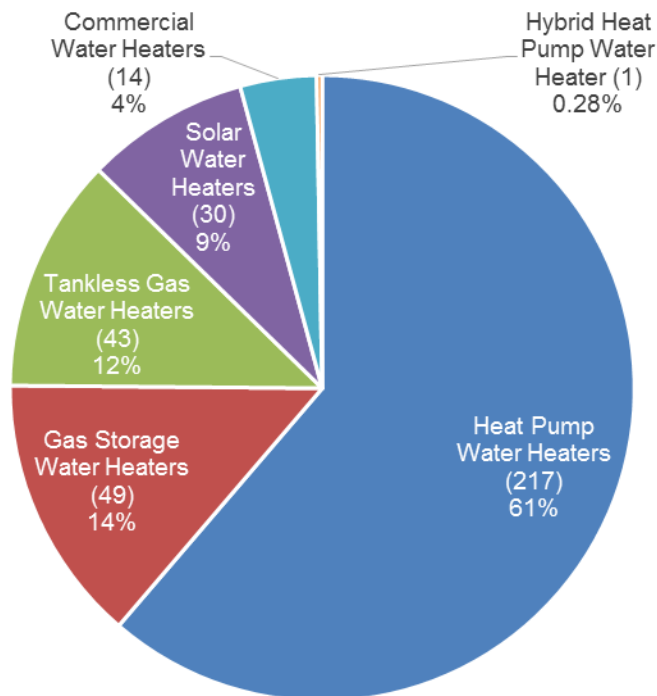

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

**Average Incentive Amount for ENERGY STAR Water Heaters:
2011-2012, 2015-2017 (2017 totals listed in parentheses)**

* Excluded from the averages are custom amount incentives based on a KWh or BTU savings rather than fixed dollar amount.

**2017 ENERGY STAR Water Heater Promotions by Product Type
(Totals listed in parentheses)**

**ENERGY STAR Water Heater Promotions by Product Type:
2011-2012, 2015-2017 (Annual totals listed in parentheses)**

*The following product types were considered N/A and excluded from the analysis in 2011-2012: Boilers, natural gas boilers, evaporative coolers, gas hybrid, and geothermal heat pumps. In 2011, 7 product offerings were deemed N/A and excluded. In 2012, 7 product offerings were deemed N/A and excluded from the analysis.

(Region totals listed in parentheses)

Water Heater Programs Information

The table below provides information on products being promoted around the country by energy efficiency program sponsors. The information is organized by state and all promotions and incentives are for ENERGY STAR certified products unless otherwise specified. In some cases, energy efficiency program sponsors have indicated with which partner types they are most interested in working, but may also be open to working with different partner types. Please contact the program sponsor representative, found in the Partner Contact Directory following this section, to learn more about partnership opportunities. Target population is assumed to be residential unless otherwise noted.

STATE	PARTNER NAME	PROGRAM BUDGET	TARGET POPULATION	PRODUCTS	INCENTIVE AMOUNT	INCENTIVE TYPE	START DATE	END DATE

			40K Commercial	Gas Storage Water Heaters	Varies	Mail-in Rebate		
WY	Rocky Mountain Power, Inc.	\$50-\$250K	133K	Heat Pump Water Heaters	Up to \$300	Mail-in Rebate	10/1/2011	Ongoing

Footnotes: Umbrella Organizations

1. Central Iowa Power Cooperative represents the following utilities:
 - Clarke Electric Cooperative, Inc., Consumers Energy, East-Central Iowa REC, Eastern Iowa Rural Electric Cooperative, Farmers Electric Cooperative, Inc., Guthrie County REC Association, Linn County REC*, Maquoketa Valley Electric Cooperative, Midland Power Cooperative, Pella Cooperative Electric Association, Southwest Iowa Rural Electric Cooperative, and TIP Rural Electric Cooperative

* Note - Linn County REC submitted information separately.

2. Missouri River Energy Services represents the following utilities:
 - IA: Alton, Atlantic, Denison, Fontanelle, Hartley, Hawarden, Kimballton, Lake Park, Manilla, Orange City, Paullina, Pella, Pringhar, Remson, Rock Rapids, Sanborn, Shelby, Sioux Center, and Woodbine
 - MN: Adrian, Alexandria*, Barnesville*, Benson, Breckenridge, Detroit Lakes, Elbow Lake, Henning, Hutchinson, Jackson, Lake Park, Lakefield, Luverne, Madison, Marshall*, Melrose, Moorhead, Ortonville, St. James, Sauk Centre, Staples, Wadena, Westbrook, and Worthington
 - ND: Cavalier, Hillsboro, Lakota, Northwood, Riverdale, and Valley City
 - SD: Beresford, Big Stone City, Brookings, Burke, Faith, Flandreau, Fort Pierre, Pickstown, Pierre, VerMillion, Watertown, and Winner

* Note - Barnesville and Marshall submitted information separately.

3. The Bonneville Power Administration (BPA) is a federal nonprofit agency based in the Pacific Northwest. BPA markets wholesale electrical power from hydro-electric projects in the Columbia River Basin, a nuclear plant, and several other small nonfederal power plants. About one-third of the electric power used in the Northwest comes from BPA. For more information about customer utilities:

<https://www.bpa.gov/news/pubs/GeneralPublications/gi-BPA-Facts.pdf>

4. The Wabash Valley Power Association represents the following utilities:
 - IL: Corn Belt Energy, EnerStar Power Cooperative, and M.J.M. Electric Cooperative
 - IN: Boone REMC, Carroll White REMC, Fulton County REMC, Hendricks Power Cooperative, Jasper County REMC, Jay County REMC, Kankakee Valley REMC, Kosciusko REMC, LaGrange County REMC, Marshall County REMC, Miami-Cass REMC, Newton County REMC, NineStar Connect (fka Central Indiana Power), Noble REMC, Northeastern REMC, Parke County REMC, Steuben County REMC, Tipmont REMC, United REMC, Wabash County REMC, and Warren County REMC
 - MO: Citizens Electric Cooperative
 - OH: Paulding-Putnam Electric Cooperative

5. New Jersey Clean Energy represents the following utilities:
 - Atlantic City Electric, Jersey Central Power & Light (a FirstEnergy Utility), PSE&G, and Rockland Electric Company

6. Efficiency Smart represents the following utilities:
 - Beach City, Bowling Green, Brewster, Columbiana, Dover, Edgerton, Eldorado, Elmore, Galion, Genoa, Georgetown, Glouster, Hamilton, Hubbard, Jackson Center, Lakeview, Minster, Monroeville, Napoleon, New Wilmington, Newton Falls, Oberlin, Shelby, St. Marys, Wadsworth, Wellington, Woodville, and Yellow Springs

7. Focus on Energy represents the following investor owned utilities:
 - Alliant Energy, Madison Gas & Electric, We Energies, Wisconsin Public Service, and Xcel Energy
 - For a complete list of participating municipal and electric cooperative utilities check the website: www.focusonenergy.com/about/participating-utilities
