Subject: US EPA ENERGY STAR 2011 Unit Shipment Data Collection

Dear [ENERGY STAR Computers Contact]:

The form we sent you yesterday, Monday, January 9, 2012, to collect [Partner]'s calendar year 2011 unit shipment data for ENERGY STAR qualified computers inadvertently limited the number of units reported per cell to 100 or fewer. Please find a corrected version of the form attached. This version removes the limit on the number of units reported per cell. Thank you.
