Subject: US EPA ENERGY STAR 2011 Unit Shipment Data Collection

Dear [ENERGY STAR Imaging Equipment Partner]:

The U.S. EPA sent you a request on Monday, January 9, 2012, to collect ICF - Placeholder's calendar year 2011 unit shipment data for ENERGY STAR qualified imaging equipment. Please note the form attached to that email inadvertently omitted impact printers from Row 38. Please find a corrected version of the form attached. If you have already submitted an imaging equipment form, and shipped no large format impact printers in calendar year 2011, there is no need to submit the corrected version of the form attached to this email. Otherwise, if you did ship large format impact printers in calendar year 2011, then please do submit the corrected version of the form.

Thank you for your support of ENERGY STAR.
