

AGENDA
ENERGY STAR® ICT Product Roadmapping Workshop

Tuesday, July 10, 2012

10am-5pm

1101 K St., NW, Suite 610, Thomas Edison Conference Room, Washington, DC.

Plenary Call in number: 800-768-2983, code 6265753#

10:00 am Opening Remarks:

Dean Garfield, President and CEO, Information Technology Industry Council (ITI)
Elizabeth Craig, Director EPA's Climate Protection Partnership Division

10:20 am Workshop Approach and Desired Outcomes:

Chris Hankin, ITI
Katharine Kaplan, EPA ENERGY STAR

11:00 am Concurrent Sessions:

Track 1 - ENERGY STAR Product Specifications.

Informing the ENERGY STAR specification process for ICT-related ENERGY STAR product specifications, addressing, but not limited to, product performance characteristics and any consumer benefit requirements, with a focus on the next 3-5 years.

Facilitators: Shahid Sheikh, Intel Corp., Una Song and RJ Meyers, EPA ENERGY STAR

Location: Thomas Edison Conference Room, and 800-768-2983, code 6265753#

Track 2 - ICT-Enabled Intelligent Efficiency Solutions and ENERGY STAR.

Helping shape the vision for ENERGY STAR's engagement with ICT-enabled intelligent efficiency solutions recognizing the US economy's increased reliance on ICT-enabled systems architectures, with a focus on the next 3-5 years.

Facilitators: Rona Newmark, EMC Corp., and Abigail Daken, EPA ENERGY STAR

Location: Ben Franklin Conference Room, and 800-768-2983, code 6265730#

Track 3 - Data Center Energy Efficiency Best Practices.

Discussing approaches and opportunities to encourage the adoption of data center energy efficiency best practices.

Facilitators: Jay Dietrich, IBM Corp., and Mike Zatz, EPA ENERGY STAR

Location: Mae Jemison Conference Room, and 800-768-2983, code 6265755#

(A light lunch will be furnished to all three breakout rooms. Participants may collectively decide whether to hold a working lunch, or instead to break and network while eating.)

2:45 pm Break

3:00 pm Reporting of Recommendations:

Group presentations, and next steps arranged

4:30 pm Workshop Closing:

Rick Goss, Vice President, Environment and Sustainability, ITI
Sarah Dunham, Director, EPA's Office of Atmospheric Programs
