1200 Pennsylvania Avenue, NW  
Washington, DC 20460

Dear Rachel:

CEE appreciates the opportunity to provide comments on the ENERGY STAR specification for Commercial Griddles (Draft 1). The Commercial Kitchens Committee (the Committee) recognizes the importance of having a meaningful label to enable effective promotion of energy efficient products in the commercial foodservice industry.

The Committee would like to request the compelling analysis and underlying data that forms the basis for ENERGY STAR, including energy savings potential, cost effectiveness, and market conditions for this product category.

Once again, CEE would like to thank the EPA for the opportunity to comment on the ENERGY STAR specification for Commercial Griddles (Draft 1). Please contact CEE Program Manager, Kim Erickson, at 617-589-3949, ext. 234 with any questions about these comments.

Sincerely,

A handwritten signature in cursive script that reads 'Marc J. Hoffman'.

Marc Hoffman  
Executive Director
