MaxLite's formal comments for E\* RLF V4.2:

**“MaxLite currently has very limited LED fixtures within the scope of RLF V4.2. We do have product in development that fits the scope of V4.2. Having reviewed the spec, MaxLite supports the current criteria as proposed (already effective). MaxLite plans to use the new V4.2 criteria in the development of new LED fixtures. Thank you for the opportunity to provide comments on E\* RLF V4.2.”**

Thank you,  
David
