ENERGY STAR® is a U.S. Environmental Protection Agency program helping businesses and individuals fight global warming through superior energy efficiency.

Dear ENERGY STAR® Partner or Interested Party:

EPA would like to invite your participation in a product-specific webinar covering the process and timing for proposed enhancements to testing and participation criteria for ENERGY STAR labeled insulation. The information presented in this webinar will build from the concepts presented during the March 26, 2010 program-wide stakeholder call regarding enhanced testing and verification, but will focus specifically on how ENERGY STAR plans to propose new participation requirements for insulation products.

Topics for discussion will include but are not limited to:

- ENERGY STAR Program Enhancement Overview
- Current Seal and Insulate Program Challenges
- Planned Program Enhancements, including:
 - Eligibility Requirements
 - Program Requirements
 - Product Review Process
- Challenging Product Categories
- Timing Considerations and Next Steps

This webinar will take place on **Thursday July 22, 2010** from **12:00 to 2:00pm Eastern Time**. An agenda will be distributed on Thursday July 15, 2010, one week prior to the webinar.

To register for this call, please RSVP via email to Insulation@energystar.gov by the close of business on **Tuesday, July 13, 2010**, and note "Insulation" in the subject line. Confirmed registrants will receive details for the call.

We look forward to your participation.

Please Note: ENERGY STAR will be temporarily suspending review of new insulation manufacturer partners and new insulation products until the new specification criteria is complete and the new criteria is in place. Current ENERGY STAR insulation manufacturer partners may continue to use the appropriate "Seal and Insulate *Product Graphic*" on their insulation product packaging and the "Seal and Insulate *Graphic*" on their marketing materials during this time. In addition, all insulation manufacturer partners will be given a reasonable transition period after the new criteria is in place to comply with the new criteria
