

This chart shows ESTAR qualification levels, as determined by product base type and feature set, from Version 2.0 and new Tier 1 Version 3.0 Draft 1 proposal. Note that in all cases for Satellite and Cable STBs, the proposed Tier 1 Version 3.0 allowance is greater than those previously specified for Tier 2 Version 2.0.

ENERGY STAR STB Data Analysis - No IP or DTA

(Qualified Products as of 1-Jan-10 + New Data)

Sort Criteria: Tier 1 (2009) Levels, Low to High, Grouped by Base Type. DTA and IP STBs removed.

This chart shows ESTAR qualification levels, as determined by product base type and feature set, from Version 2.0 and new Tier 1 Version 3.0 Draft 1 proposal. Note that for new Cable/Satellite DTA STBs, the proposed Tier 1 Version 3.0 allowance is less than that which was previously specified for Tier 2 Version 2.0.

ENERGY STAR STB Data Analysis - Cable/Sat DTA
