

ENERGY STAR® for Windows, Doors, and Skylights Qualified Product Information (QPI) Form

This form is required for manufacturer partner applicants. Existing manufacturer partners must use this form to update product listings. Make a note of the date you submit this form: You will need to submit an updated QPI form one year from now. The information provided in this form is used to populate the "Find a Product" feature on the ENERGY STAR Web site (www.energystar.gov/windows). Consumers use the feature to locate manufacturers offering ENERGY STAR qualified products.

To complete this form:

1. Provide company and contact information.
2. Review the ENERGY STAR eligibility criteria.
3. Determine which of your products types qualify and, if applicable, where they qualify.
4. Indicate which of your product types qualify and, if applicable, where they qualify.
NOTE: All products listed in this form must appear in the National Fenestration Rating Council (NFRC) Certified Products Directory (CPD) (<http://cpd.nfrc.org/search/>).
5. Indicate where the products are available for purchase.

Return completed form to:

2. Review the ENERGY STAR Criteria and Eligibility

Eligible products include NFRC certified residential windows, doors, and skylights intended for buildings of three stories or less. To qualify, windows and skylights must have NFRC certified U-Factor and Solar Heat Gain Coefficient (SHGC) ratings that meet or exceed the ENERGY STAR qualification criteria for a given climate zone. Doors must have NFRC certified U-Factor and SHGC ratings that meet or exceed the ENERGY STAR qualification criteria for a given glazing level; there are no climate zones for doors. Refer to the ENERGY STAR Program Requirements for complete details.

3. Determine which of your products types qualify and, if applicable, where they qualify

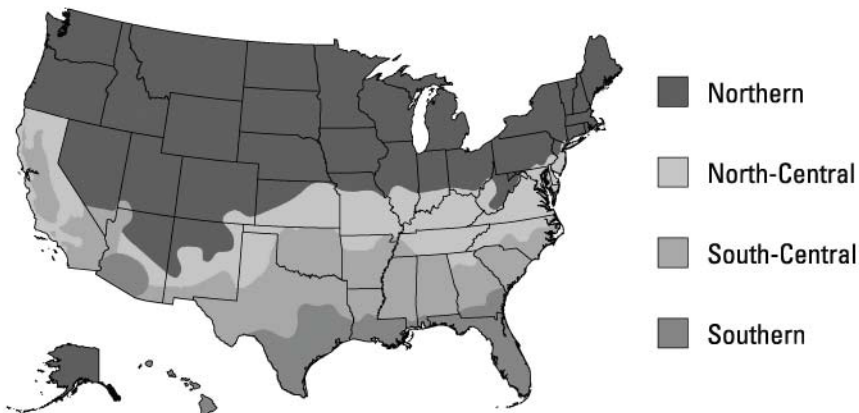

Using the NFRC certified U-factor and SHGC ratings for your products, determine which products meet the ENERGY STAR criteria outlined below:

ENERGY STAR® Qualification Criteria for Residential Windows, Doors, and Skylights
