# EXPLORE

YOUR WAY THROUGH NATURE'S MAZE!

Our natural environment is priceless. Join Mub and Grub in their adventure to protect it by making your way through the maze.

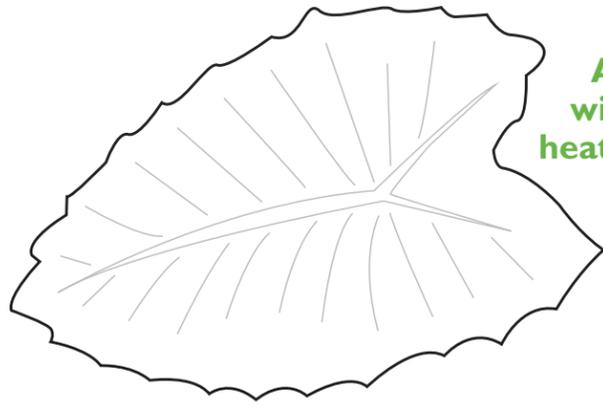

# UNCOVER HIDDEN TREASURES to help save energy.

Using less energy means less greenhouse gas pollution. See if you can find the energy-saving ENERGY STAR laptop, refrigerator, washing machine, lamp, window, and light bulb.

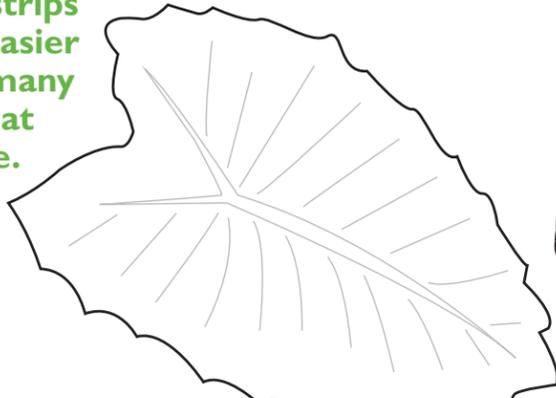

## Join Team ENERGY STAR® in the EPIC fight to protect the climate.

Team ENERGY STAR is a way that you and your whole family can save energy and money while you help protect the climate. Visit [energystar.gov/team](http://energystar.gov/team) to learn how saving energy can be easy and enjoyable. You can download the Team ENERGY STAR Action Kit and other fun, educational activities plus share your energy-saving success story for a chance to earn cool rewards!

Always keep doors and windows closed when the heat or air conditioning is on.

Use power strips to make it easier to turn off many products at one time.

# Can you bring the color back to these EPIC heroes?

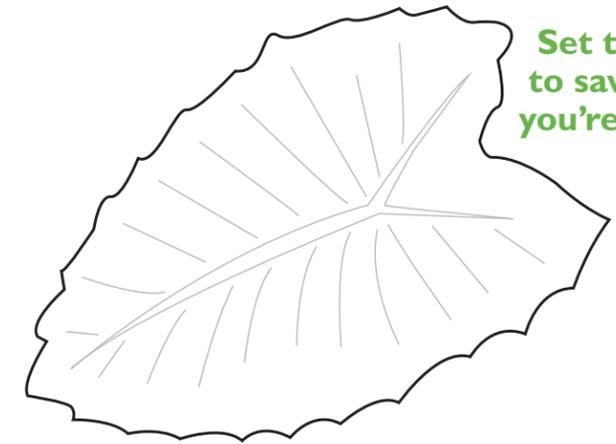

And don't forget these tips to help save energy at home. You'll be preventing climate change and helping nature hold onto her true colors.

Turn off the water while you brush your teeth.

Set the thermostat to save energy while you're asleep or away.
