

CHANGE THE WORLD, START WITH ENERGY STAR®

ENERGY STAR® Resource List

The U.S. Environmental Protection Agency (EPA) offers a variety of resources to enhance a partner's event. These resources can help the general public identify and understand home improvements, find energy-efficient products, bring energy efficiency practices to work and into their communities, and learn about tips on how to save energy, save money, and protect the environment.

Tools for Your Event:

Change the World, Start with ENERGY STAR

www.energystar.gov/changetheworld

- This website features the ENERGY STAR Pledge, and provides action steps and ideas to help protect the climate at home, at work, and in your community with ENERGY STAR.
- Visit www.energystar.gov/pledgedrivers and click the “getting started” button to find resources and information for pledge drivers.

ENERGY STAR Publications

www.energystar.gov/publications

- Order free informational materials, such as these popular pieces to use for yourself and share in your community:
 - Guide to Energy-Efficient Heating and Cooling
 - Do-it-Yourself Guide to Home Sealing
 - Bring Your Green to Work tip card

Change the World, Start with ENERGY STAR Event Toolkit

www.energystar.gov/eventtoolkit

- This toolkit offers a variety of information, from materials and messaging to templates and idea suggestions for your use when planning an event and linking it to the Change the World, Start with ENERGY STAR campaign.
- Consider reserving the Change the World, Start with ENERGY STAR Event Booth for your next event. The booth is a turnkey solution for holding an educational ENERGY STAR-themed event. Check out the [Key Event Booth Information](#) for additional information about shipping, staffing recommendations, etc. To request the event booth, simply download the order form, fill it out, and e-mail it to changetheworldbooth@sbd.com.

ENERGY STAR Social Media

- Facebook: www.facebook.com/ENERGYSTAR
- Twitter: www.twitter.com/ENERGYSTAR
- YouTube: www.youtube.com/EPAENERGYSTAR

Experts for Your Event:

Regional EPA Contact List

www.energystar.gov/EPAregionalcontacts

- Contact the regional EPA office serving your area to request speakers or EPA attendance.

Home Performance with ENERGY STAR

www.energystar.gov/homeimprovement

Home Performance with ENERGY STAR is a comprehensive, whole-house approach to improving energy efficiency and comfort at home. The program looks at how improvements throughout one's home can work together for the best results.

- Contractors participating in a locally-sponsored Home Performance with ENERGY STAR program may be available for speaking engagements/event participation.
- Also consider contacting your local utility to request speakers on programs, rebates, and other topics.

Interactive Tools:

eMission Online Game

www.facebook.com/eMission

- Through a partnership with DoSomething.org, EPA launched a unique Facebook game, eMission, that encourages real world action. This game has inspired more than 50,000 Facebook users who must build and save their habitat by completing offline energy-efficient and environmentally friendly actions that reduce greenhouse gas emissions.

ENERGY STAR Home Advisor

www.energystar.gov/homeadvisor

- Get customized recommendations on home improvement projects.
- Make a plan to get started.
- Increase your household's energy efficiency and comfort.

Home Energy Yardstick

www.energystar.gov/yardstick

- Compare your household's energy use to others across the country.
- Get your score and recommendations for improvement.
- Make your home improvements and come back in 12 months to see how much you've saved.

ENERGY STAR @ home

www.energystar.gov/home

- Take a room-by-room tour.
- Learn what steps you can take to save energy, save money, and help protect our environment.

ENERGY STAR @ work

www.energystar.gov/work

- Take a tour of an office.
- See how you can save energy—and protect the climate—all without leaving your desk.

ENERGY STAR Kids Page

www.energystar.gov/kids

- Kids can learn how to make a difference in helping to protect the environment.
- Find fun games and activities.

ENERGY STAR Kid's Room

www.energystar.gov/kidsroom

- Be an ENERGY STAR ... right in your own bedroom.
- See tips on how kids can make big changes to save energy.

Heating & Cooling Quiz

www.energystar.gov/homeimprovement

- This simple online tool asks homeowners five basic questions about the HVAC system to see if it is being properly maintained.
- Based on their answers, ENERGY STAR provides tips on increasing efficiency through proper maintenance.

Consumer Online Resources:

Rebate Finder

www.energystar.gov/rebatefinder

- Find special offers in your city or state sponsored by ENERGY STAR partners, such as:
 - Sales tax exemptions or credits
 - Rebates on qualified products
 - Recycling incentives

Tax Credits for Energy Efficiency

www.energystar.gov/taxcredits

- Learn about tax credits available for purchasing energy-efficient products.
- Discover tax credits for home builders and tax deductions for commercial buildings.
- Read frequently asked questions.

ENERGY STAR Podcasts

www.energystar.gov/podcasts

- Watch video podcasts to learn how to make energy-efficient improvements.

Partner Resources:

Partner Resources Page

www.energystar.gov/partners

- Visit the ENERGY STAR partner resources page to see the latest program news and access a variety of tools:
 - Logos and identity guidelines
 - Product and program requirements
 - Training resources
 - Meeting announcements
 - Award applications
 - Partner directory

ENERGY STAR Challenge

www.energystar.gov/challenge

- The ENERGY STAR Challenge is a national call-to-action to improve the energy efficiency of America's commercial and industrial buildings by 10 percent or more.
- Take the ENERGY STAR Challenge and use the free Challenge Toolkit to help build a better world.
