AUGUST 2018 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the 2018 ENERGY STAR® Summary of Appliance Programs (Summary). The Summary provides an overview of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified commercial and residential clothes washers, clothes dryers, dehumidifiers, dishwashers, refrigerators, freezers, room air conditioners (room ACs), and room air cleaners and purifiers. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings in 2018-2019 and beyond.

Each ENERGY STAR appliance program is summarized with a focus on incentives (e.g., mail-in rebates, bill credits), program contacts, and other relevant program details. Participation in the Summary is voluntary and therefore may not represent all promotions and incentives available across the country. The information in this Program Summary is current as of July 1, 2018; more current or additional information may be available at www.energystar.gov/rebatefinder.

The Summary of Appliance Programs is divided into the following sections:

1. Executive Summary
2. Program Budget Map, National Promotion Charts and Graphs – An overview of promotion types for appliance programs across the United States.
3. Programs Information – A summary table of current appliance promotions organized by state.
4. Partner Contact Directory – Program websites, hotlines, and contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Appliance Programs, please contact Nora Lovrien Buehler at ICF, at nora.lovrienbuehler@icf.com or 202-862-1589.

Executive Summary

The 2018 ENERGY STAR Summary of Appliance Programs (Summary) presents information submitted by 145 energy efficiency program sponsors from across the United States, including 10 “umbrella organizations” and statewide programs running promotions on behalf of or in conjunction with over 180 cooperative or municipal utilities and investor-owned utilities. Partners have provided information on 1,906 individual incentive and promotion programs for ENERGY STAR appliances including clothes washers, clothes dryers, dishwashers, dehumidifiers, refrigerators, freezers, room air conditioners, and room air cleaners and purifiers. To improve the accuracy of available promotions nationwide, information submitted under umbrella organizations has been accounted for individually for each member utility, unless otherwise indicated as a statewide or centrally-administered program.

From the information submitted by energy efficiency program sponsors, the key highlights include:

Program Budgets – Partners were asked to categorize their program budgets into buckets demonstrating order of magnitude and range (e.g., less than $50K, $50-$250K, $250K-$1 Million). To calculate state totals and the national total, the mid-point of each bucket range was taken and multiplied by the total number of partner programs identifying with a given bucket. Since exact budget information has not been provided, nor have all partners elected to provide budget information (see the Appliance Program and Budget Map on page 4 for more details), a precise total cannot be determined. In 2015, based on the midpoint calculation, appliance programs were funded at about $252 million. That number grew to about $258 million in 2016, and in 2017, the national total increased to $270 million. In 2018, the national total decreased to $161 million. The decrease may be explained by a few key partners not submitting their program information, appliance programs ending in the last year, and/or because fewer partners have elected to provide budget data.

Promotions by Dollar Amount – Promotion amounts in 2018 range from $5 for freezers and room air conditioners to $400 for clothes washers. The average incentive amount for refrigerators increased by 54%, dehumidifiers increased by 49%, and clothes washers increased by 40% compared to 2017. Average incentives for new clothes dryers increased by 36% and air purifiers and cleaners increased by 23%. Dishwasher incentives increased by 6% while freezers were the only appliance to see a decrease in 2018, decreasing by 18%. See “Average Promotion Amount for ENERGY STAR Appliances 2013-2018” on page 5 for more details on average incentive amounts.

Promotions by Product – As in 2011-2017, incentives for clothes washers led the group in 2018, representing 16% of incentives for new appliance purchases. Incentives for new refrigerator purchases represent 13% of total incentives. Total recycling, including refrigerators, freezers, dehumidifiers, and room air conditioners makes up 25% of total incentives. Dishwashers, freezers, and room air conditioners each comprise between 5% and 10% of total promotions while dehumidifiers and clothes dryers each represent 12% of promotions. The remainder consists of room air cleaners and purifiers and the “other” categories comprised of various products. See “2018 ENERGY STAR Appliance Promotions by Product Type” on page 5 and “ENERGY STAR Appliance Promotions by Product Type 2013-2018” on page 6 for more details.

Promotions by Type – Similar to 2011-2017, the vast majority of promotions in 2018—94% of new product purchase and recycling incentives—are mail-in rebates. Appliance promotions with instant rebates, bill credits, low-interest loans, manufacturer or retailer buy-downs, free pick up, and midstream incentives account for the rest. See “2018 ENERGY STAR Appliance Promotions by Incentive Type” on page 6 for more details.
Promotions by Region – Similar to 2011-2017, the Midwest region has the greatest number of appliance promotions with 1,498, an increase of 274 from 2017, which can be explained by the large number of small municipal and cooperative utilities offering appliance incentives in the region. The Mid-Atlantic region follows next with 138, up from 84 in 2017. The West saw a decrease from 122 to 103 while the Northeast decreased its incentives from 118 in 2017 to 81 in 2018. The Southeast decreased by four from 43 to 39 while the Southwest increased by three from 44 to 47. See “2018 ENERGY STAR Appliance Promotions by Type and Region” on page 7 for more details.
Appliance Program Budget Map

The map below shows program budgets for appliance programs by state as reported by the energy efficiency program sponsors.

NOTE: Energy efficiency program sponsors in the “undetermined” states may implement appliance promotion programs in 2018 and beyond, but were unable or did not elect to provide budget information. Likewise, states highlighted in color may not represent all the partner program budgets, as partners in those states also may have elected not to provide budget information. See the individual program entries for details.
National Appliance Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

Average Promotion Amount for ENERGY STAR Appliances 2013-2018

2018 ENERGY STAR Appliance Promotions by Product Type
(Totals listed in parentheses)

** The “Other Recycling” category is comprised of Dehumidifiers Recycling and Room Air Conditioners Recycling. See the “Appliance Program Information” for individual partner details.
**The “Total Recycling” category is comprised of Clothes Washers Recycling, Dehumidifiers Recycling, Freezers Recycling, Refrigerators Recycling, Room Air Cleaner and Purifiers Recycling, and Room Air Conditioners Recycling. See the “Appliance Program Information” for individual partner details.**

### 2018 ENERGY STAR Appliance Promotions by Incentive Type

(Totals listed in parentheses)

- Mail-in Rebate (1,555) 94.36%
- Bill Credit (42) 2.55%
- Mid- or Upstream Rebate (22) 1.33%
- Online Rebate (11) 0.67%
- Low-Interest Loan (10) 0.61%
- Other* (8) 0.49%

Prepared by ICF for the U.S. Environmental Protection Agency
2018 ENERGY STAR Appliance Promotions by Type and Region
(Regional totals listed in parentheses)

** The “Total Recycling” category is comprised of Dehumidifiers Recycling, Freezers Recycling, Refrigerators Recycling and Room Air Conditioners Recycling. See the "Appliance Program Information" for individual partner details.
**Appliance Program Information**

The table below provides information on products promoted around the country by energy efficiency program sponsors. The information is organized by state and all promotions and incentives are for ENERGY STAR certified products unless otherwise specified. Please contact the program sponsor representative, found in the Partner Contact Directory following this section, to learn more about partnership opportunities. Members of umbrella organization are listed as footnotes. Target population is assumed to be residential unless otherwise noted.

Footnotes: Umbrella Organizations

1. Efficiency Smart represents the following utilities:
   - Delaware: Town of Clayton, City of Milford Electric Department, Municipal Services Commission of the City of New Castle, City of Seaford Municipal Utilities
   - Ohio: Beach City, Bowling Green, Brewster, Columbiana, Dover, Edgerton, Eldorado, Elmore, Galion, Georgetown, Glouster, Jackson Center, Lakeview, Minster, Montpelier, Napoleon, Newton Falls, Oberlin, St. Marys, Versailles, Wadsworth, and Wellington

2. Missouri River Energy Services represents the following utilities:
   - IA: Alton, Atlantic, Denison, Hartley, Hawarden, Kimballton, Lake Park, Manilla, Orange City, Paullina, Pella, Primghar, Remsen, Rock Rapids, Sanborn, Shelby, Sioux Center, and Woodbine
   - ND: Cavalier, Hillsboro, Lakota, Northwood, Riverdale, and Valley City
   - SD: Beresford, Big Stone City, Brookings, Burke, Faith, Flandreau, Fort Pierre, Pickstown, Pierre, Vermillion, Watertown, and Winner
   * Note - Alexandria, Barnesville, and Marshall also submitted information separately.

3. Heartland Consumer Power District represents the following utilities:
   - IA: Akron, Auburn, Stanhope
   - KS: Garden City
   - MN: Grove City, Lake Crystal, Medelia, New Ulm, Truman, Tyler
   - SD: Arlington, Aurora, Bryant, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, Sioux Falls, Tyndall, Volga, Wessington, Springs, and White

4. Mass Save represents the following utilities:
   - Cape Light Compact (CLC), Eversource, National Grid, and Unitil, Berkshire Gas, Blackstone Gas Company, Columbia Gas of Massachusetts, Liberty Utilities

5. Efficiency United represents the following utilities:
   - Alpena Power Co; Baraga Electric Utility; Bayfield Eclectic Cooperative; City of Crystal Falls; City of Dowagiac; City of Gladstone Department of Power & Light; City of Harbor Springs Electric Department; Hillsdale Board of Public Utilities; L’Anse Electric Utility; City of Negaunee Eclectic Department; City of Norway Department of Power & Light; Upper Peninsula Power Company; UMERC - We Energies Service Area; UMERC - WPS Service Area; Xcel Energy

6. Minnesota Municipal Power Agency represents the following utilities:
   * Note – East Grand Forks submitted information separately.

7. Minnkota Power Cooperative represents the following utilities:
8. Southern Minnesota Municipal Power Agency represents the following utilities:
   - Triad utilities: Austin Utilities*, Owatonna Public Utilities*, Rochester Public Utilities*
     * Note - Triad Members submitted information separately.

9. New Hampshire Saves represents the following utilities:
   - Eversource (NH), Liberty Utilities, New Hampshire Electric Cooperative, and Unitil

10. New Jersey Clean Energy represents the following utilities:
    - Atlantic City Electric, Jersey Central Power & Light (a FirstEnergy Utility), PSE&G, and Rockland Electric Company, Elizabethtown Gas, South Jersey Gas, New Jersey Natural Gas
### Partner Contact Directory
