

ENERGY STAR[®] SUMMARY OF LIGHTING PROGRAMS

The simple
choice for
energy
efficiency.

AUGUST 2019 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the **2019 ENERGY STAR[®] Summary of Lighting Programs** (Summary). The Summary provides an overview of a variety of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified lamps and luminaires,¹ decorative light strings, and ceiling and ventilating fans with light kits. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings for 2019-2020 and beyond.

Each ENERGY STAR lighting program is summarized with a focus on incentives (e.g., mail-in rebates, buy-downs, and instant rebates), program contacts, and other relevant program details. Participation in the Summary is voluntary and therefore may not represent all promotions and incentives available across the country. The information in this Summary is current as of July 1, 2019; more current or additional information may be available at www.energystar.gov/rebatefinder.

The Summary of Lighting Programs is divided into the following sections:

1. **Executive Summary**
2. **Program Budget Map, National Promotion Charts and Graphs** – A graphical overview of promotion types for lighting programs across the United States.
3. **Program Information** – An overview table of current lighting promotions organized by state and partner.
4. **Partner Contact Directory** – Program websites, hotlines, and contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Lighting Programs, please contact Nora Lovrien Buehler at ICF, at nora.lovrienbuehler@icf.com or 202-862-1589.

¹ Lamps and luminaires are referred to by partners typically as bulbs and fixtures, respectively, and are used interchangeably in the document.

Executive Summary

The 2019 ENERGY STAR Summary of Lighting Programs (Summary) presents information submitted by 120 energy efficiency program sponsors from across the United States, including 11 “umbrella organizations” and statewide programs running promotions on behalf of or in conjunction with 182 cooperative or municipal utilities and investor-owned utilities. Partners have provided information about 610 individual product incentive and promotions for ENERGY STAR certified lighting products including light-emitting diode (LED) lamps and luminaires; decorative light strings; and ceiling and ventilation fans and components sold separately, such as light kits. To improve the accuracy of available promotions nationwide, information submitted under umbrella organizations has been accounted for individually for each member utility, unless otherwise indicated as a statewide or centrally-administered program.

From the information submitted by energy efficiency program sponsors, highlights include:

Program Budgets – Partners were asked to categorize their program budgets into buckets demonstrating the order of magnitude and range (e.g., less than \$50K, \$50-\$250K, \$250K-\$1 million). To calculate state totals and the national total, the midpoint of each bucket range was taken and multiplied by the total number of partner programs identifying within a given bucket. Since exact budget information has not been provided, nor have all partners given budget information (see the [“Lighting Program Budget Map”](#) on page 3 for more details), a precise total cannot be determined. In 2019, based on the midpoint calculation, lighting programs were funded at about \$411 million, which is down from almost \$438 million in 2018 and \$502 million in 2017. The decrease may be explained by the decline in overall incentives (2018 = 666, 2017 = 822) led by the essential disappearance of compact fluorescent lamp (CFL) incentives, along with shrinking lighting programs in some states, and/or because partners have elected not to provide budget data.

Promotions by Dollar Amount – Typical consumer-focused promotion amounts for light bulbs in 2019 range from \$0.50-\$60 range for LEDs. Average promotion amounts for luminaires in 2019 were about \$13.75, but some go up to \$249 (commercial). The average incentive remained fairly consistent with LED luminaires increasing by the greatest percentage (31%, from just over \$10.50 in 2018 to \$13.75 in 2019). Ceiling fans and components also saw a modest increase of 8% (from \$20.00 in 2018 to \$21.61 in 2019) while LED lamps and decorative light strings both saw a reduction in incentives by 7% (\$5.13 in 2018 to \$4.78 in 2019) and 11% (\$4.67 in 2018 to \$4.17 in 2019), respectively. See [“Average Promotion Amount for ENERGY STAR Lighting Products 2013-2019”](#) on page 4 for more detail on average incentive values. Please note, calculations from 2018 average incentive amounts have been recalculated to be consistent with the current year and years preceding 2018.

Promotions by Product – LED lamps decreased somewhat in 2019 with 320 (367 in 2018). LED technology (lamps and luminaires) make up 81% of total incentives. See [“2019 ENERGY STAR Lighting Promotions by Product Type”](#) on page 4 and [“ENERGY STAR Lighting Promotions by Product Type 2013-2019”](#) on page 5 for more detail.

Promotions by Type – Partners use a variety of methods to promote lighting products. In 2019, the most common promotion type is a mail-in rebate with 68%. This is attributable to a large number of small cooperative and municipal utilities included in this Summary. Buy-down programs, instant rebates, and midstream or upstream incentives, which result in price reductions at the point of sale, remain significant with about 31% of total promotions. Investor-owned utility and statewide programs (serving the majority of customers and having larger program budgets) favor collaborative buy-down programs. See [“2019 ENERGY STAR Lighting Promotions by Incentive Type”](#) on page 5 for more detail.

Promotions by Region – The Midwest region has the greatest number of lighting promotions with 445 (2018 = 499). The West and Northeast regions follow the Midwest with 53 and 42 (2018 = 58 and 39 respectively). The Southwest region increased slightly from 23 in 2018 to 24 in 2019 and the Mid-Atlantic held steady with 30. The Southeast decreased from 17 to 16. See [“2019 ENERGY STAR Lighting Promotions by Type and Region”](#) on page 7 for more detail.

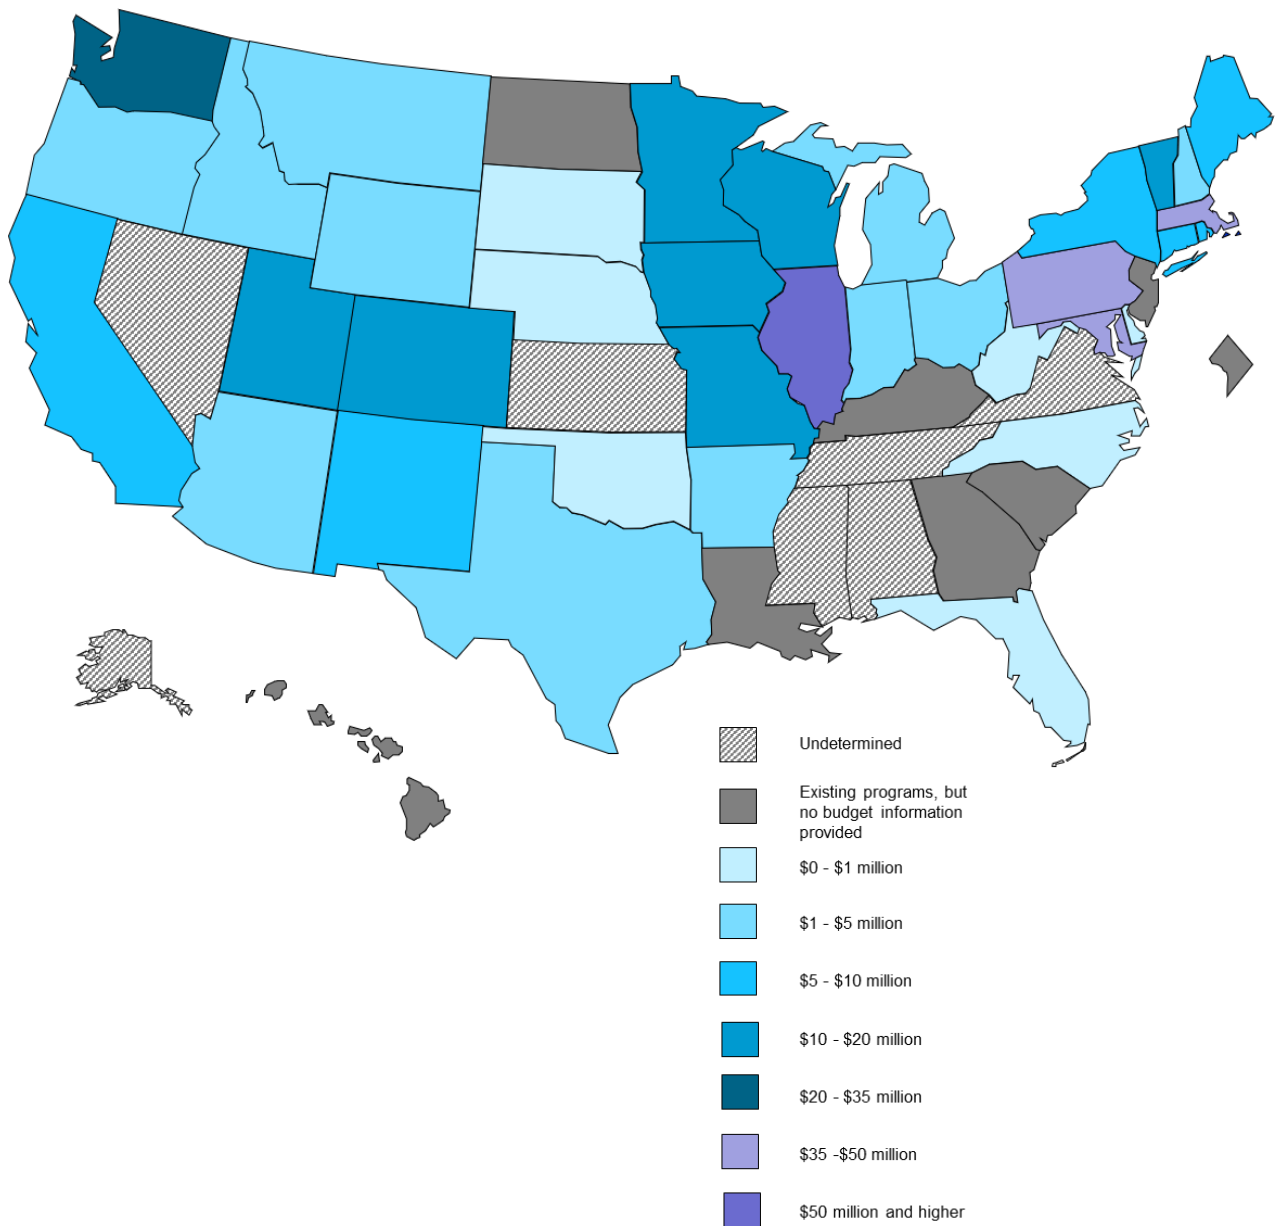

Sector Trends – Lighting program sponsors are paying close attention to federal lighting standards and adjusting or planning contingencies accordingly. Some program sponsors are putting greater emphasis

on specialty lighting or on increasing impact in underserved communities through various program means. These trends are likely to increase over the coming year and will be more explicitly tracked in the 2020 update.

Lighting Program Budget Map

The map below shows program budgets for lighting programs by state as reported by the energy efficiency program sponsors.

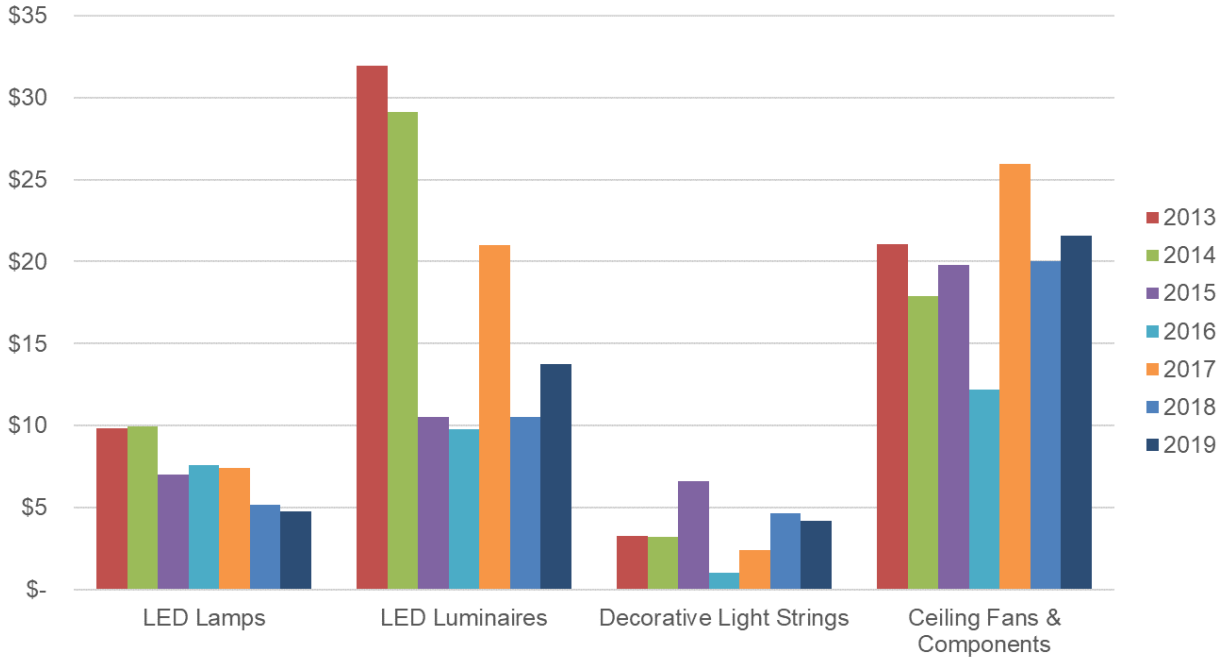

NOTE: Energy efficiency program sponsors in the “undetermined” states may implement lighting promotion programs in 2019 and beyond but were unable or did not elect to provide budget information. Likewise, states highlighted in color may not represent all the partner program budgets, as partners in those states also may have elected not to provide budget information. See the individual program entries for details.

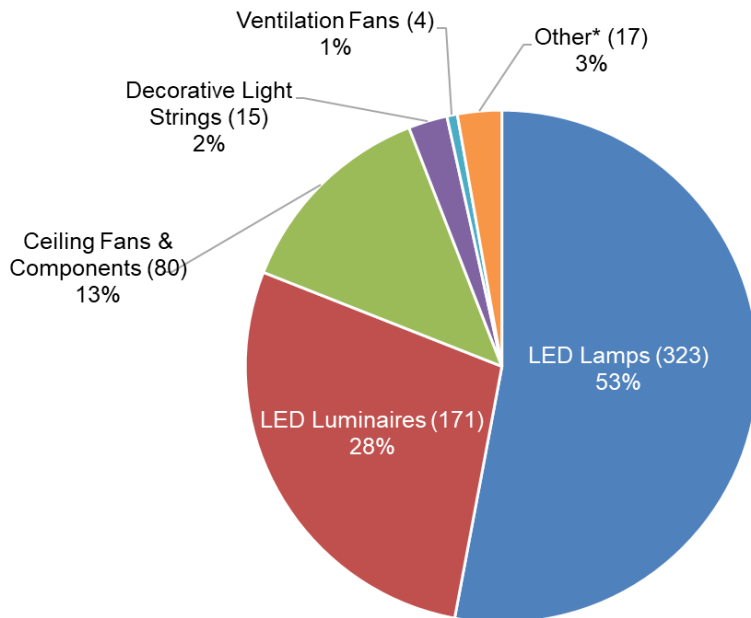

National Lighting Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

Average Promotion Amount for ENERGY STAR Lighting Products 2013-2019

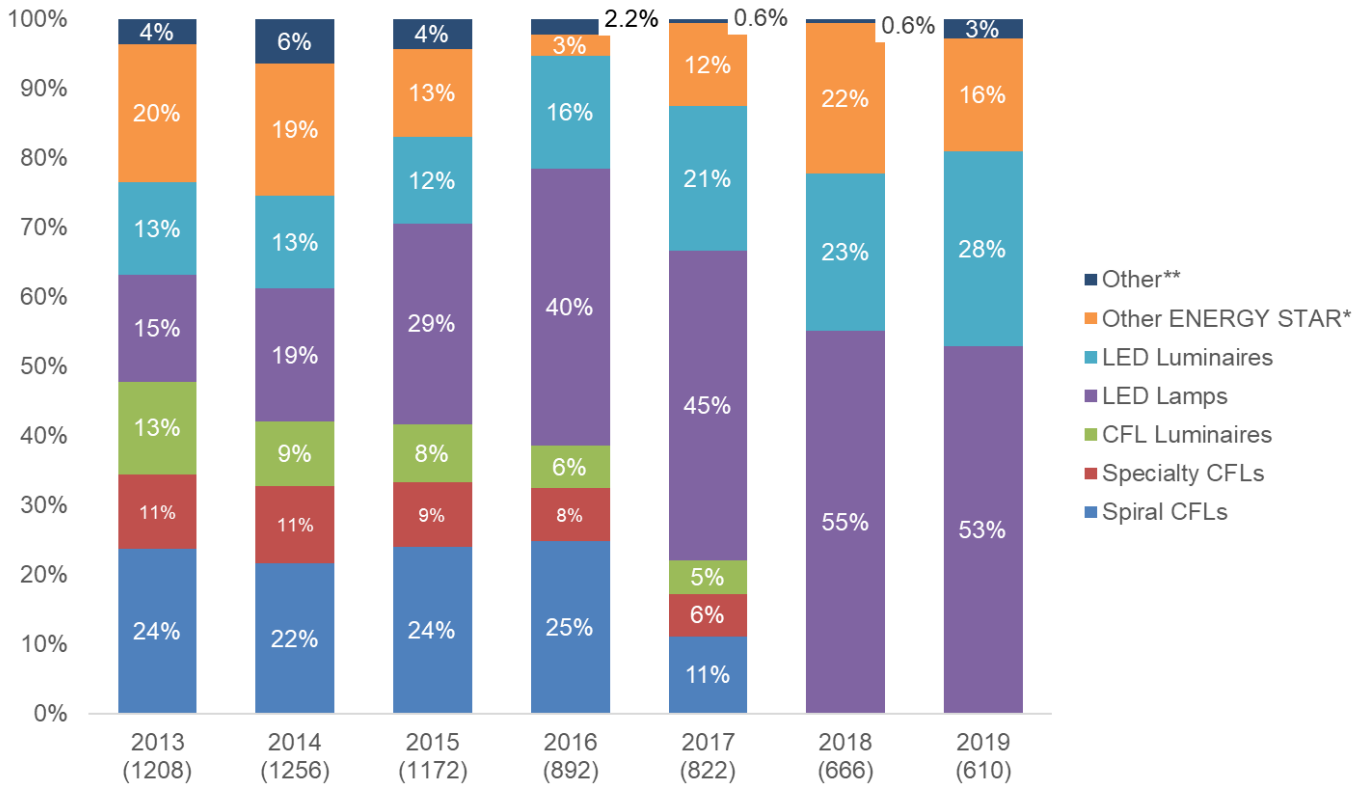

**2019 ENERGY STAR and Energy-Efficient Lighting Promotions by Product Type
(Totals listed in parentheses)**

* The "Other" category is comprised primarily of commercial light fixtures. See the [Lighting Program Information](#) for individual partner details.

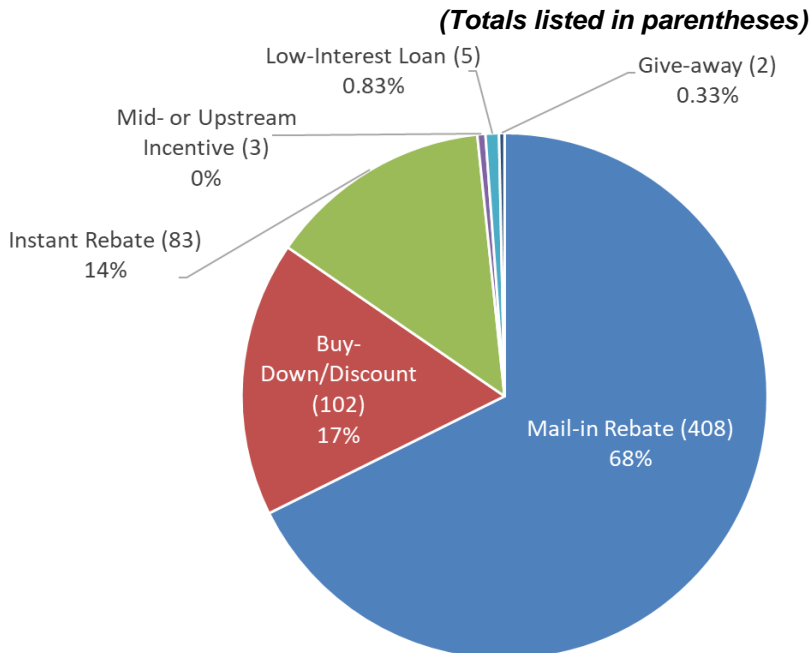

ENERGY STAR and Energy-Efficient Lighting Promotions by Product Type 2013-2019
(Annual totals listed in parentheses)

* The "Other ENERGY STAR" category is comprised of ENERGY STAR decorative light strings and ceiling and vent fans. See the ["Lighting Program Information"](#) for individual partner details.

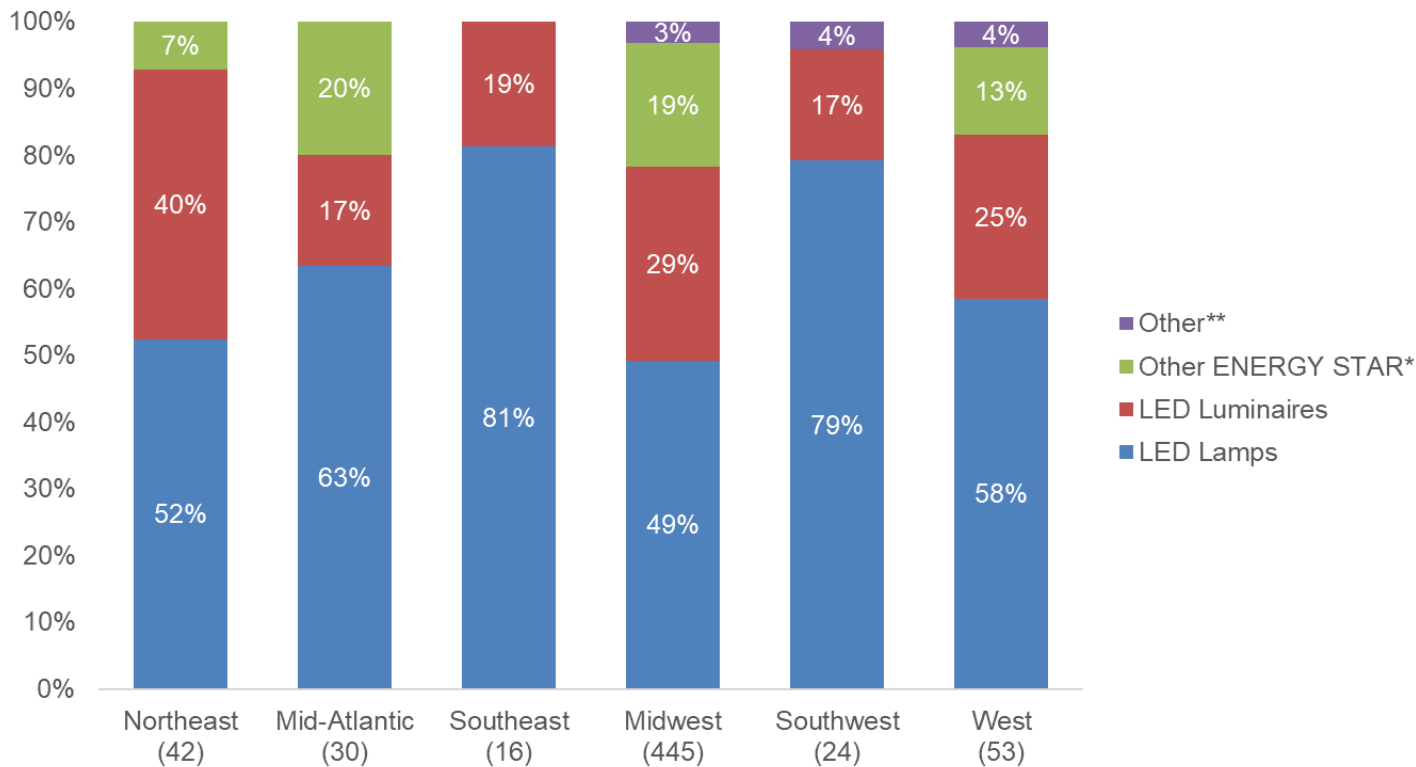

** The "Other" category is comprised primarily of commercial lighting products.

2019 ENERGY STAR and Energy-Efficient Lighting Promotions by Incentive Type

NOTE: The large percentage of mail-in rebates is attributable to the significant number of small cooperative and municipal utilities included in this Summary. Investor-owned utility and statewide programs (serving the majority of customers and having larger program budgets) favor collaborative buy-down and instant rebate programs.

2019 ENERGY STAR and Energy-Efficient Lighting Promotions by Type and Region
(Regional totals listed in parentheses)

* The “Other ENERGY STAR” category is comprised of ENERGY STAR decorative light strings, and ceiling and vent fans. See the [“Lighting Program Information”](#) for individual partner details.

** The “Other” category is comprised primarily of commercial lighting fixtures.

Lighting Program Information

The table below provides information on products being promoted around the country by energy efficiency program sponsors. The information is organized by state. Please contact the program sponsor representative, found in the Partner Contact Directory following this section, to learn more about partnership opportunities. Members of umbrella organization are listed as footnotes.

STATE	PARTNER NAME	PROGRAM BUDGET	TARGET POPULATION	PRODUCTS	INCENTIVE AMOUNT	INCENTIVE TYPE	START DATE	END DATE

Footnotes: Umbrella Organizations

1. Efficiency Smart represents the following utilities:
 - DE: Town of Clayton, Town of Middletown Electric Department, City of Milford Electric Department, Municipal Services Commission of the City of New Castle, City of Seaford Municipal Utilities
 - OH: Beach City, Bowling Green, Brewster, Columbiana, Dover, Edgerton, Eldorado, Galion, Georgetown, Glouster, Jackson Center, Lakeview, Minster, Montpelier, Napoleon, Newton Falls, Oberlin, St. Marys, Versailles, Wadsworth, and Wellington
2. Central Iowa Power Cooperative represents the following utilities:
 - Clarke Electric Cooperative, Inc., Consumers Energy, East-Central Iowa REC, Eastern Iowa Rural Electric Cooperative, Farmers Electric Cooperative, Inc., Guthrie County REC Association, Linn County REC*, Maquoketa Valley Electric Cooperative, Midland Power Cooperative, Pella Cooperative Electric Association, Southwest Iowa Rural Electric Cooperative, and TIP Rural Electric Cooperative

* Note - Linn County REC submitted information separately.
3. Missouri River Energy Services represents the following utilities:
 - IA: Alton, Atlantic, Denison, Hartley, Hawarden, Kimballton, Lake Park, Manilla, Orange City, Paullina, Pella, Primghar, Remson, Rock Rapids, Sanborn, Shelby, Sioux Center, and Woodbine
 - MN: Adrian, Alexandria, Barnesville, Benson, Breckenridge, Detroit Lakes, Elbow Lake, Henning, Hutchinson, Jackson, Lake Park, Lakefield, Luverne, Madison, Marshall, Melrose, Moorhead, Ortonville, St. James, Sauk Centre, Staples, Wadena, Westbrook, Willmar, and Worthington
 - ND: Cavalier, Hillsboro, Lakota, Northwood, Riverdale, and Valley City
 - SD: Beresford, Big Stone City, Brookings, Burke, Faith, Flandreau, Fort Pierre, Pickstown, Pierre, Vermillion, Watertown, and Winner
4. Heartland Consumer Power District represents the following utilities:
 - IA: Akron
 - MN: Tyler
 - SD: Arlington, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, , Tyndall, Volga, Wessington Springs, and White
5. MassSave represents the following electric utilities:
 - Cape Light Compact (CLC), Eversource, National Grid, and Unitil
6. Efficiency United represents the following electric utilities:
 - Alpena Power Co, Baraga Electric Utility, Bayfield Electric Cooperative, City of Crystal Falls, City of Dowagiac, City of Gladstone Department of Power & Light, City of Harbor Springs Electric Department, Hillsdale Board of Public Utilities, L'Anse Electric Utility, City of Negaunee Eclectic Department, City of Norway Department of Power & Light, Upper Peninsula Power Company, UMERG - We Energies Service Area, UMERG - WPS Service Area, Xcel Energy
7. Minnesota Municipal Power Agency represents the following utilities:
 - Anoka, Arlington, Brownston, Buffalo, Chaska, East Grand Forks, Elk River, Le Sueur, North St. Paul, Olivia, Shakopee, and Winthrop
8. Minnkota Power Cooperative represents the following utilities:
 - Bagley Public Utilities, Baudette Municipal Utilities, Beltrami Electric Cooperative, Cass County Electric Cooperative, Cavalier Rural Electric Cooperative, Clearwater-Polk Electric Cooperative, Fosston Municipal Utilities, Grafton Municipal Utilities, Halstad Municipal Utilities, Hawley Municipal Utilities, Nodak Electric Cooperative, North Star Electric Cooperative, Park River Municipal Utilities, PKM Electric

Cooperative, Red Lake Electric Cooperative, Red River Valley Co-Op, Roseau Electric Cooperative, City of Stephen Utilities, Thief River Falls Municipal Utilities, City of Warren Water & Light, Warroad Municipal Utilities, Wild Rice Electric Cooperative

9. Southern Minnesota Municipal Power Agency represents the following utilities:
 - Blooming Prairie Public Utilities, Fairmont Public Utilities, Grand Marais Public Utilities, Lake City Utilities, Litchfield Public Utilities, Mora Municipal Utilities, New Prague Utilities Commission, North Branch Municipal Water and Light, Preston Public Utilities, Princeton Public Utilities Commission, Redwood Falls Public Utilities, Spring Valley Utilities, Saint Peter Municipal Utilities, Waseca Utilities, and Wells Public Utilities
 - Triad utilities: Austin Utilities*, Owatonna Public Utilities*, Rochester Public Utilities*

* Note - Triad members submitted information separately.
10. New Hampshire Saves represents the following utilities:
 - Eversource (NH), Liberty Utilities, New Hampshire Electric Cooperative, and Unitil
11. Focus on Energy represents the following investor owned utilities:
 - Alliant Energy, Madison Gas & Electric, We Energies, Wisconsin Public Service, and Xcel Energy
 - For a complete list of participating municipal and electric cooperative utilities check the website: www.focusonenergy.com/about/participating-utilities
