

ENERGY STAR[®]

SUMMARY OF APPLIANCES PROGRAMS

The simple
choice for
energy
efficiency.

AUGUST 2023 UPDATE

This summary provides an overview of appliance programs offered by ENERGY STAR utility and other efficiency program sponsors partners in the United States. Covered products include ENERGY STAR certified commercial and residential clothes washers, clothes dryers, dehumidifiers, dishwashers, refrigerators, freezers, room air conditioners (room ACs), and room air cleaners and purifiers.

The 2023 Summary of Appliance Programs is based on information submitted to ENERGY STAR for posting on the [ENERGY STAR Rebate Finder](#) and/or the [Database of Incentives and Joint Marketing Exchange](#) (DIME) webpages. ENERGY STAR appliance programs are summarized by product type, incentive type (e.g., mail-in rebates, bill credits), and region with historic information since 2019 provided for comparison. Participation in rebate finder and DIME is voluntary and therefore this summary does not represent the entirety of appliance promotions and incentives available across the country. The information in this summary is current as of August 11, 2023; additional information may be available via Rebate Finder and DIME.

Summary

This summary presents information submitted by 114 energy efficiency program sponsors from across the United States including five umbrella organizations and/or statewide programs running promotions on behalf of 135 cooperative or municipal utilities. Information submitted under umbrella organizations has been accounted for individually for each member utility unless otherwise indicated. Partners provided information on 769 individual incentives/promotions for ENERGY STAR certified clothes washers, clothes dryers, dishwashers, dehumidifiers, refrigerators, freezers, room air conditioning, and room air cleaners.

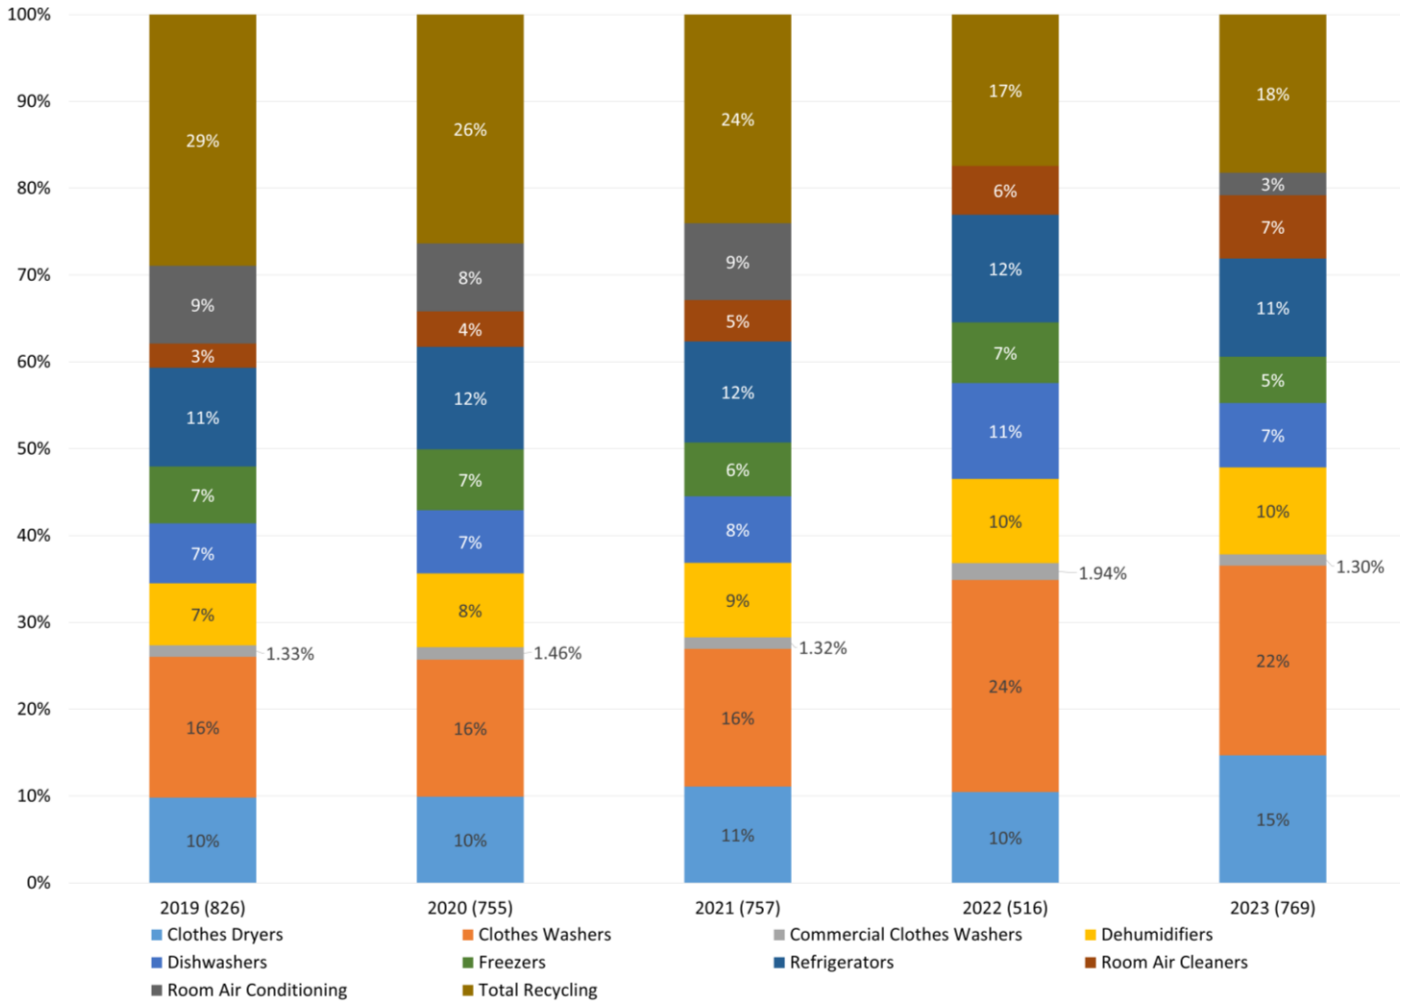

Key observations are provided below.

- Incentives for new clothes washers and new clothes dryer represent 22% and 15% of total incentives respectively. The distribution of incentives stayed roughly the same as in previous years, though clothes dryers saw the biggest growth year-over-year as a percentage of total incentives (from 10% to 15%).
- The majority (73%) of reported product and recycling incentives are mail-in rebates.
- The highest average rebate amount was for commercial clothes washers at \$100. Commercial clothes washer incentives decreased in 2020 but have been seeing growth in the last two years.
- The Midwest region has the greatest number of appliance promotions with 278 incentives, which can be explained by the large number of small municipal and cooperative utilities offering appliance incentives in the region.

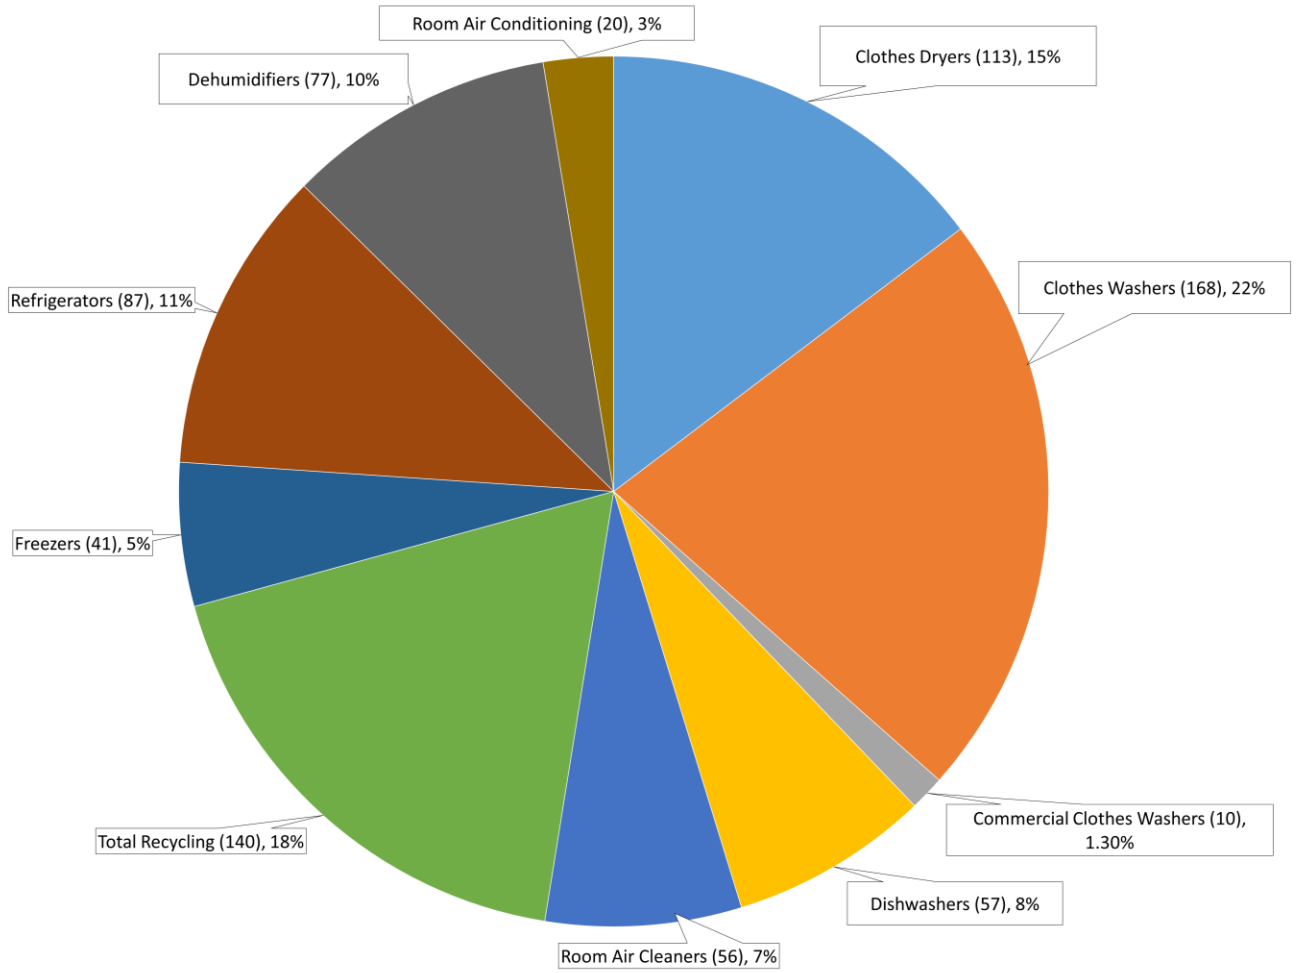

National Appliance Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

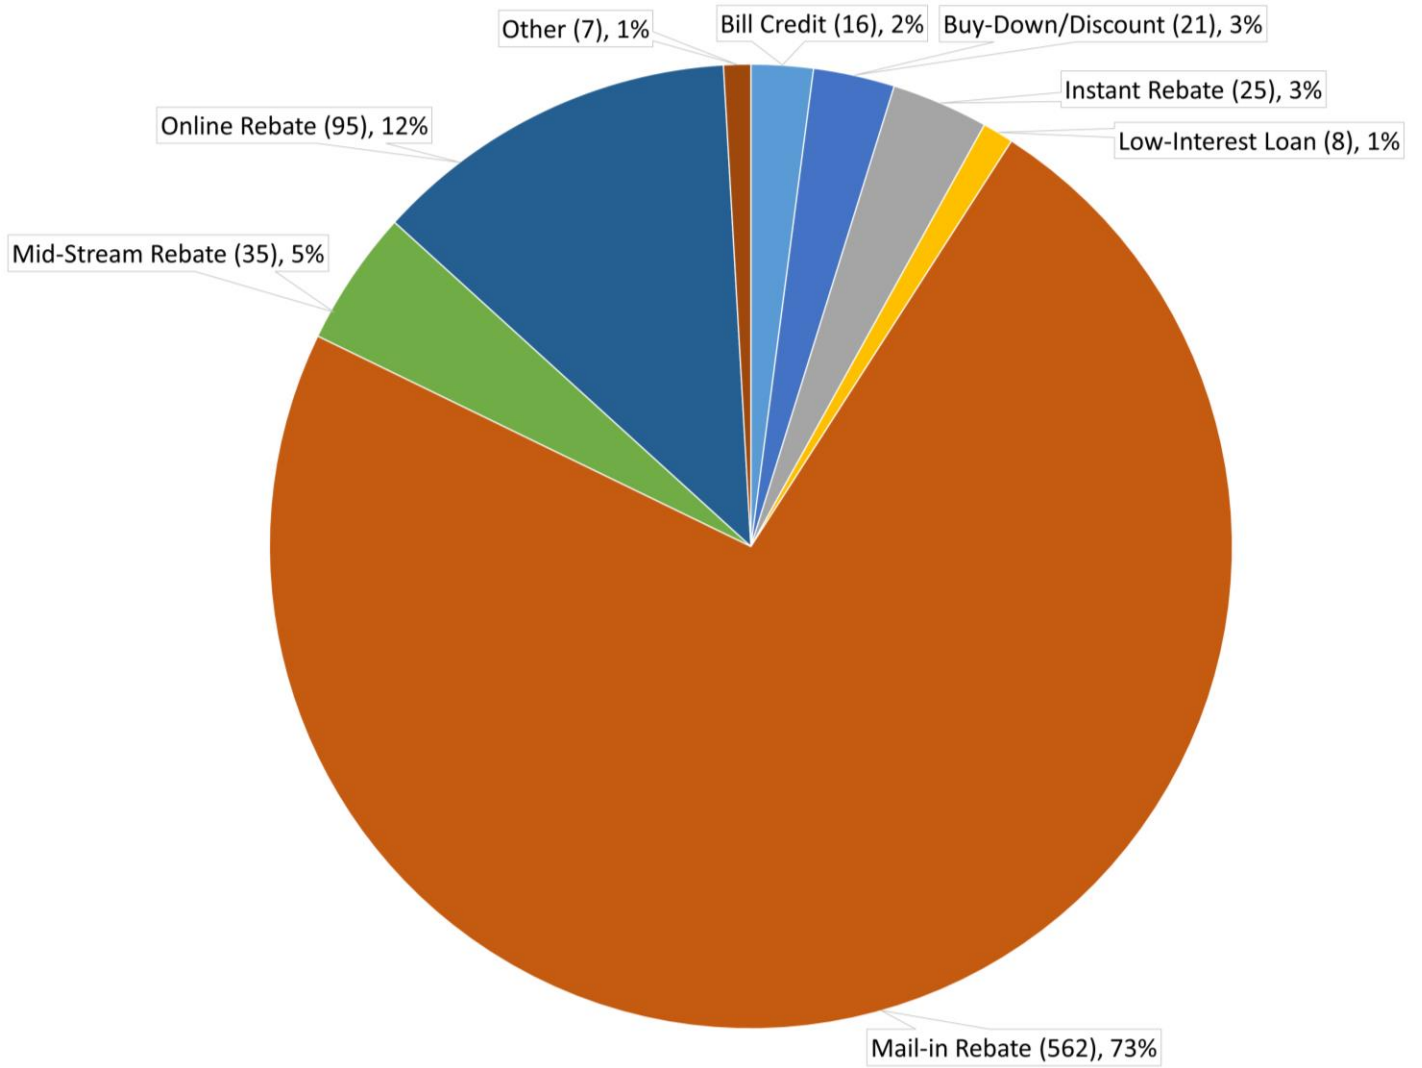

ENERGY STAR Promotions by Product Type 2019-2023 (Number of incentives provided in parentheses)

2023 ENERGY STAR Appliance Promotions by Product Type (Number of incentives provided in parentheses)

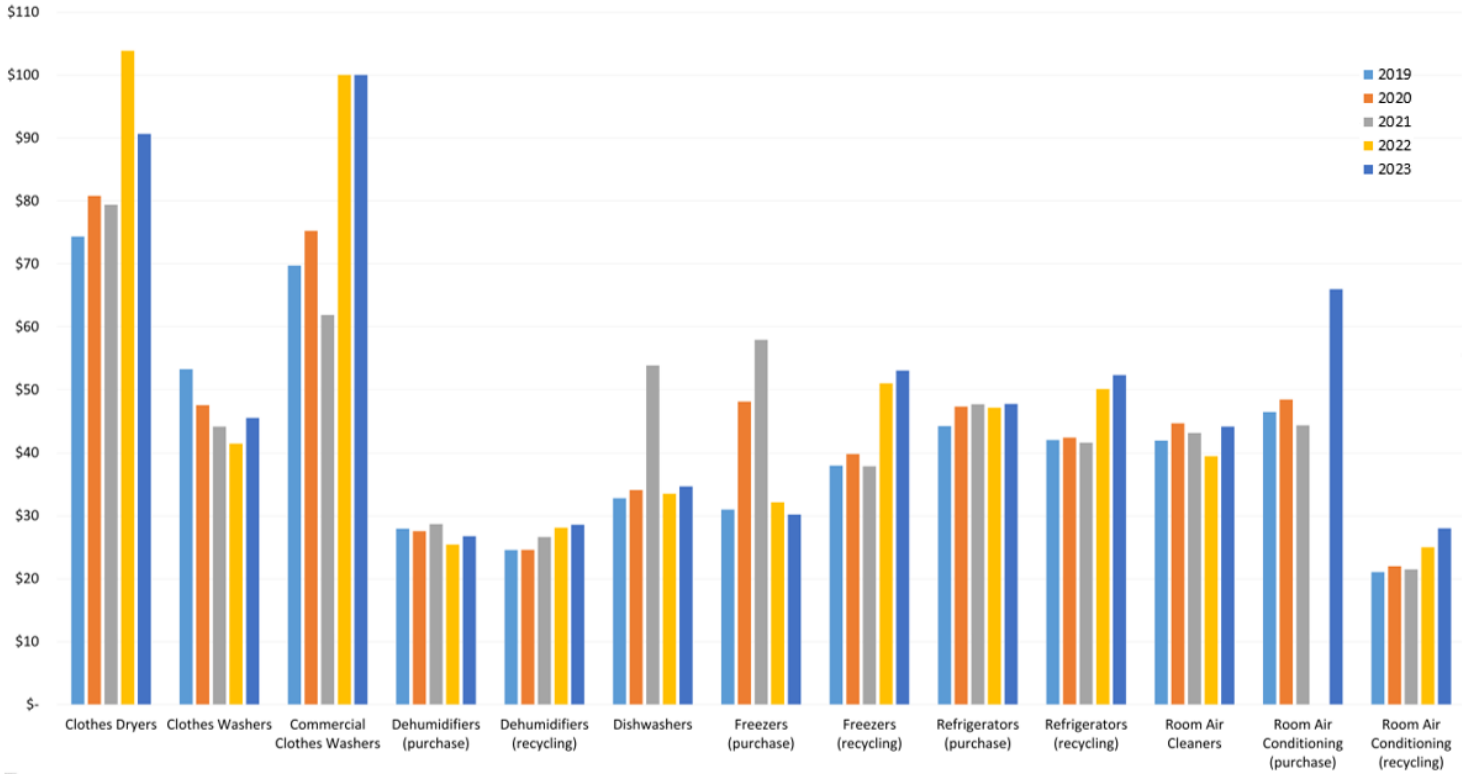

2023 ENERGY STAR Appliance Promotions by Incentive Type

NOTE: Other includes on-bill credit or other financing (.26%), upstream rebate (.26%), and on-bill rebate (.39%).

ENERGY STAR Appliance Average Rebate Amount by Product (2019 – 2023)

NOTE:

Due to inconsistencies in how incentive amounts were submitted, averages do not reflect every incentive submitted.

Appliance Program Information

The table below provides a summary of appliance programs across the country. Members of umbrella organization are listed in footnotes.

State	Partner Name	Sector	Products	Incentive Amount	Incentive Type	Start Date	End Date

Footnotes: Umbrella Organizations

Efficiency Smart represents the following utilities:

- DE: Town of Clayton, Lewes Board of Public Works, Town of Middletown Electric Department, City of Milford Electric Department, City of Newark Electric Department, Municipal Services Commission of the City of New Castle, City of Seaford Municipal Utilities, Town of Smyrna Electric Department
- OH: Bowling Green Municipal Utilities, Brewster Municipal Electric, City of Columbiana Electric Department, Village of Edgerton Electric Department, Georgetown Public Utilities, Jackson Center Municipal Electric System, Lakeview Water and Light Company, Village of Minster Utilities Department, Oak Harbor Public Power, Oberlin Municipal Light & Power, City of St. Mary's Municipal Electric System, Village of Versailles Utilities, City of Wadsworth Electric and Communication, Wapakoneta Electric Department, Village of Wellington Utilities
- MI: Hillsdale Board of Public Utilities

Focus on Energy represents the following investor-owned utilities:

- WI: Alliant Energy, Madison Gas & Electric, We Energies, Wisconsin Public Service, and Xcel Energy (WI), as well as numerous municipal and electric cooperative utilities. For a complete list visit www.focusonenergy.com/about/participating-utilities

Heartland Consumers Power District represents the following utilities:

- IA: Akron, Auburn, and Stanhope
- MN: Grove City, Lake Crystal, Madelia, New Ulm, Truman, and Tyler
- NE: Valentine
- SD: Arlington, Aurora, Bryant, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, Sioux Falls, Tyndall, Volga, Wessington Springs, White

Minnesota Municipal Power Agency (MMPA) represents the following utilities:

- MN: Anoka, Arlington, Brownton, Buffalo, Chaska, East Grand Forks, Elk River, Le Sueur, North St. Paul, Olivia, Shakopee, and Winthrop

Missouri River Energy Services represents the following utilities:

- For a complete list of participating municipal and electric cooperative utilities check the website: <https://www.mrenergy.com/about/members-list>
