

ENERGY STAR® SUMMARY OF LIGHTING PROGRAMS

The simple
choice for
energy
efficiency.

AUGUST 2023 UPDATE

This summary provides an overview of lighting programs offered by ENERGY STAR utility and other efficiency program sponsors partners in the United States. Covered products include ENERGY STAR certified ceiling fan light kits, ceiling fans with and without lights, residential and commercial light fixtures, decorative light strings, light bulbs, and ventilation fans with and without lights.

The 2023 Summary of Lighting Programs is based on information submitted to ENERGY STAR for posting on the [ENERGY STAR Rebate Finder](#) and/or the [Database of Incentives and Joint Marketing Exchange](#) (DIME) webpages. ENERGY STAR lighting programs are summarized by product type, incentive type (e.g., mail-in rebates, bill credits), and region with historic information since 2019 provided for comparison. Participation in rebate finder and DIME is voluntary and therefore this summary does not represent the entirety of lighting promotions and incentives available across the country. The information in this summary is current as of August 11, 2023; additional information may be available via rebate finder and DIME.

Summary

This summary presents information submitted by 87 energy efficiency program sponsors from across the United States including four umbrella organizations and/or statewide programs running promotions on behalf of 74 cooperative or municipal utilities and investor-owned utilities. Information submitted under umbrella organizations has been accounted for individually for each member utility unless otherwise indicated. Partners provided information on 289 individual incentives/promotions for ENERGY STAR certified ceiling fans light kits, ceiling fans with and without lights, residential and commercial light fixtures, decorative light strings, light bulbs, and ventilation fans with and without lights.

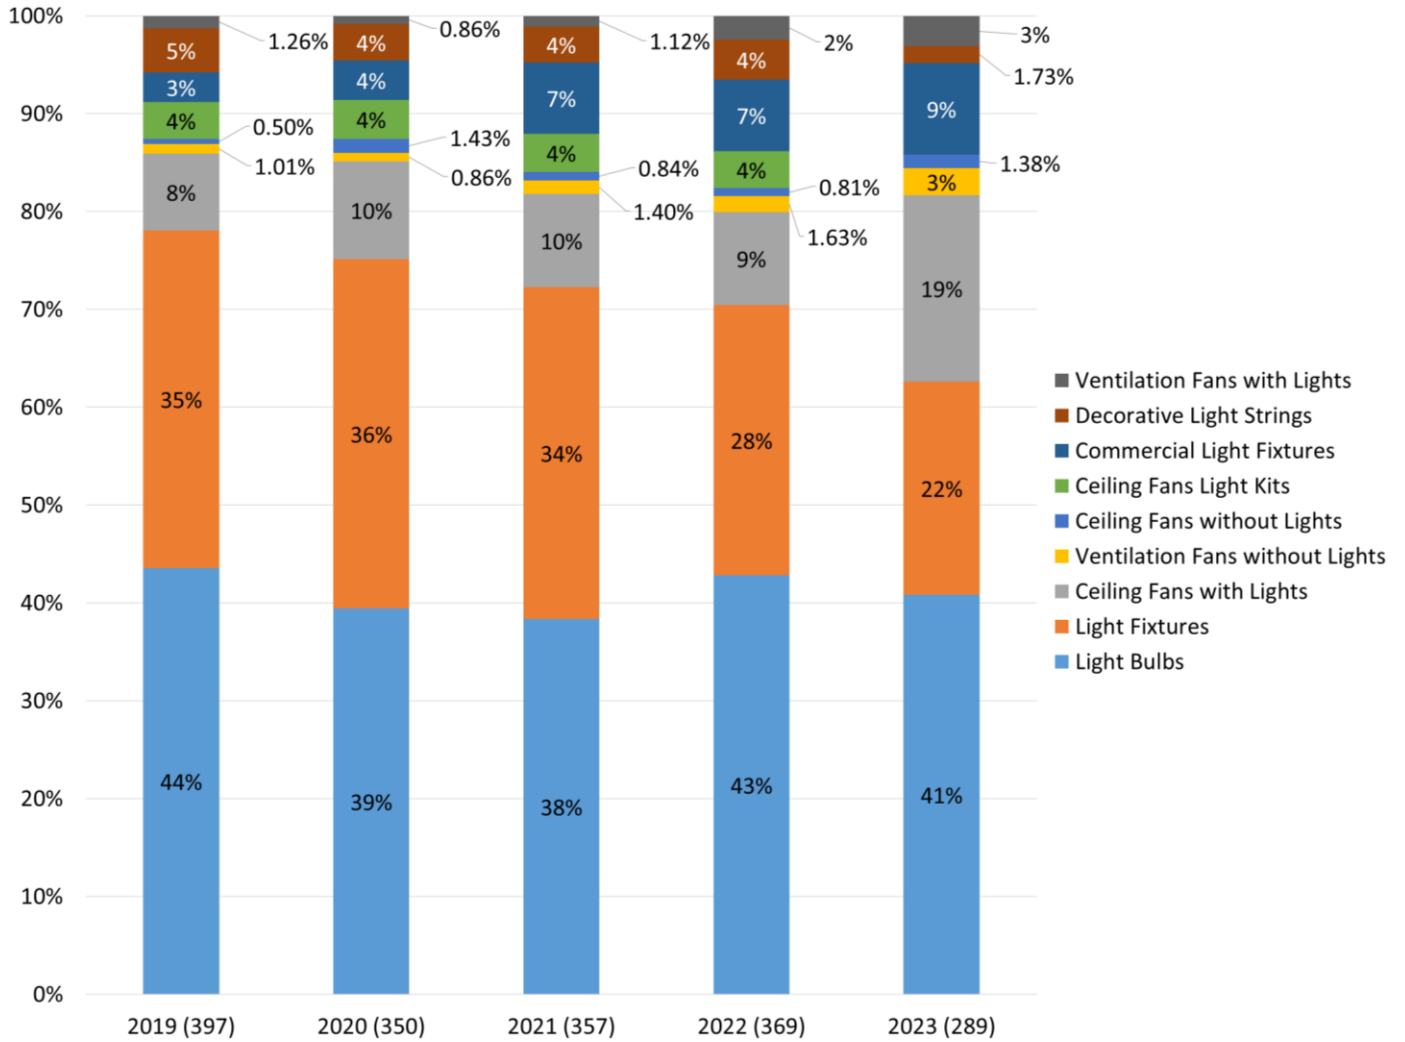

Key observations are provided below:

- Ventilation fans with and without lights, commercial light fixtures, and ceiling fans without lights saw an increase in relative share of total incentives with corresponding decreases in other product types. The total number of incentives for lighting products in Rebate Finder decreased from 369 to 289 incentives likely due to changes in mandatory federal standards reducing the energy savings that efficiency programs can claim.
- Most incentives were mail-in rebates representing 42% of total light bulb incentives.
- The Midwest had the highest number of lighting incentives with 130 rebates, over three times as many incentives as the next highest region, the Southwest.

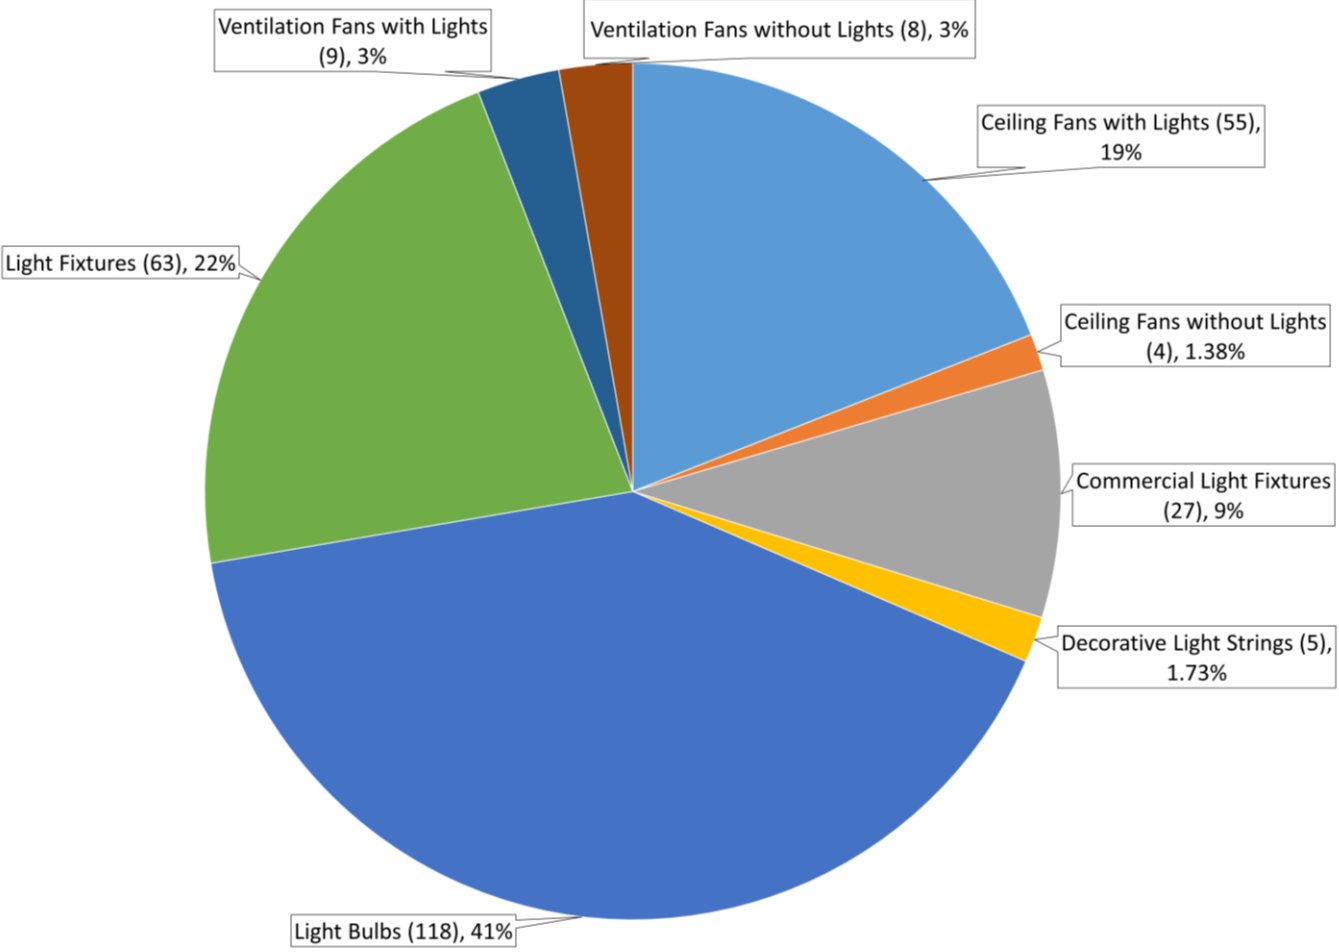

National Lighting Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

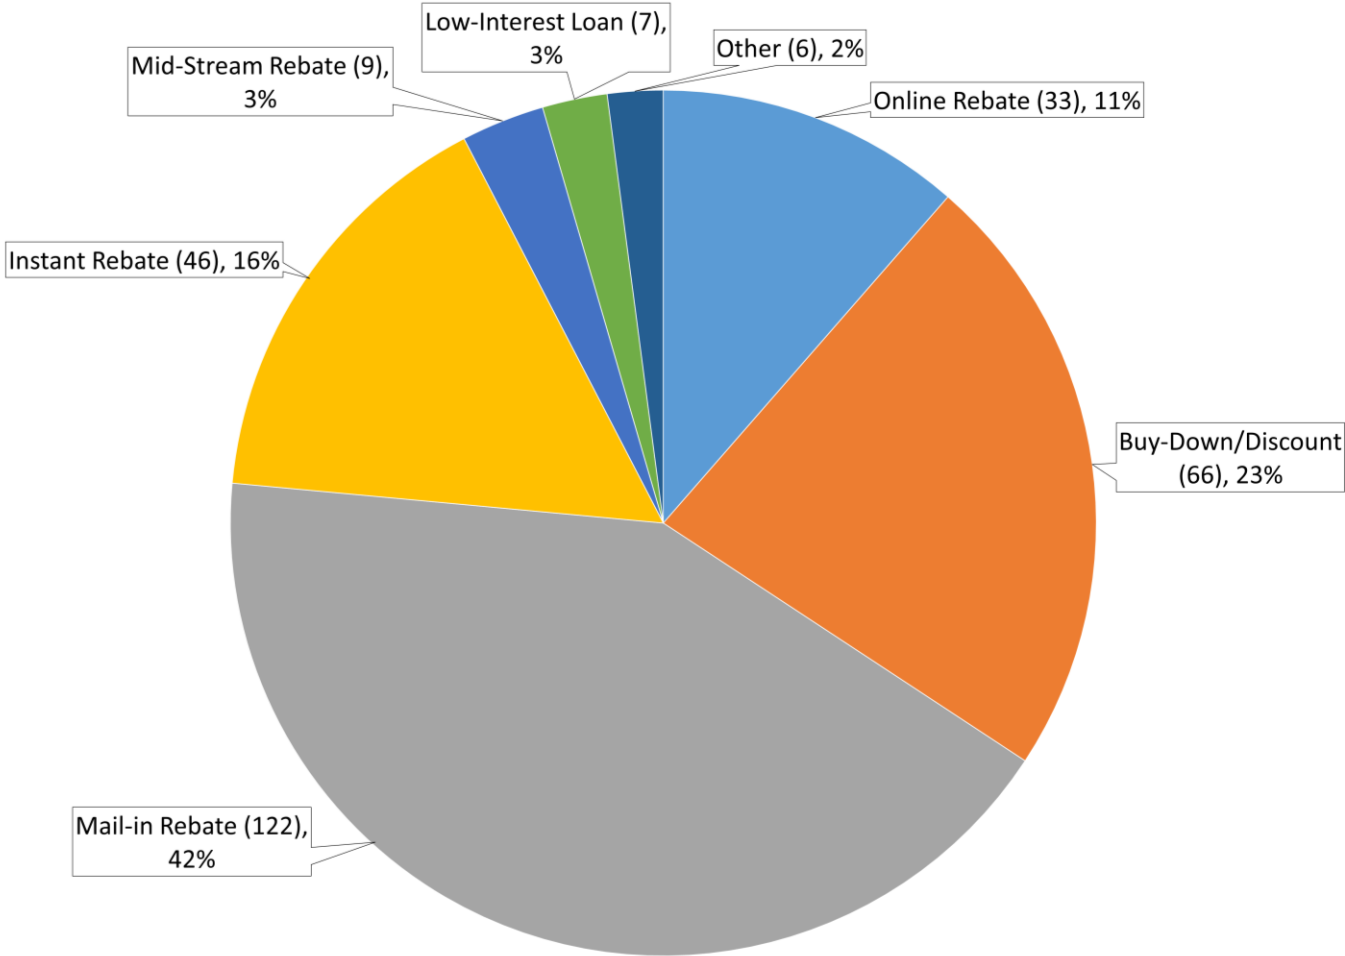

ENERGY STAR Promotions by Product Type 2019-2023
(Number of incentives provided in parentheses)

2023 ENERGY STAR Lighting Promotions by Product Type (Number of incentives provided in parentheses)

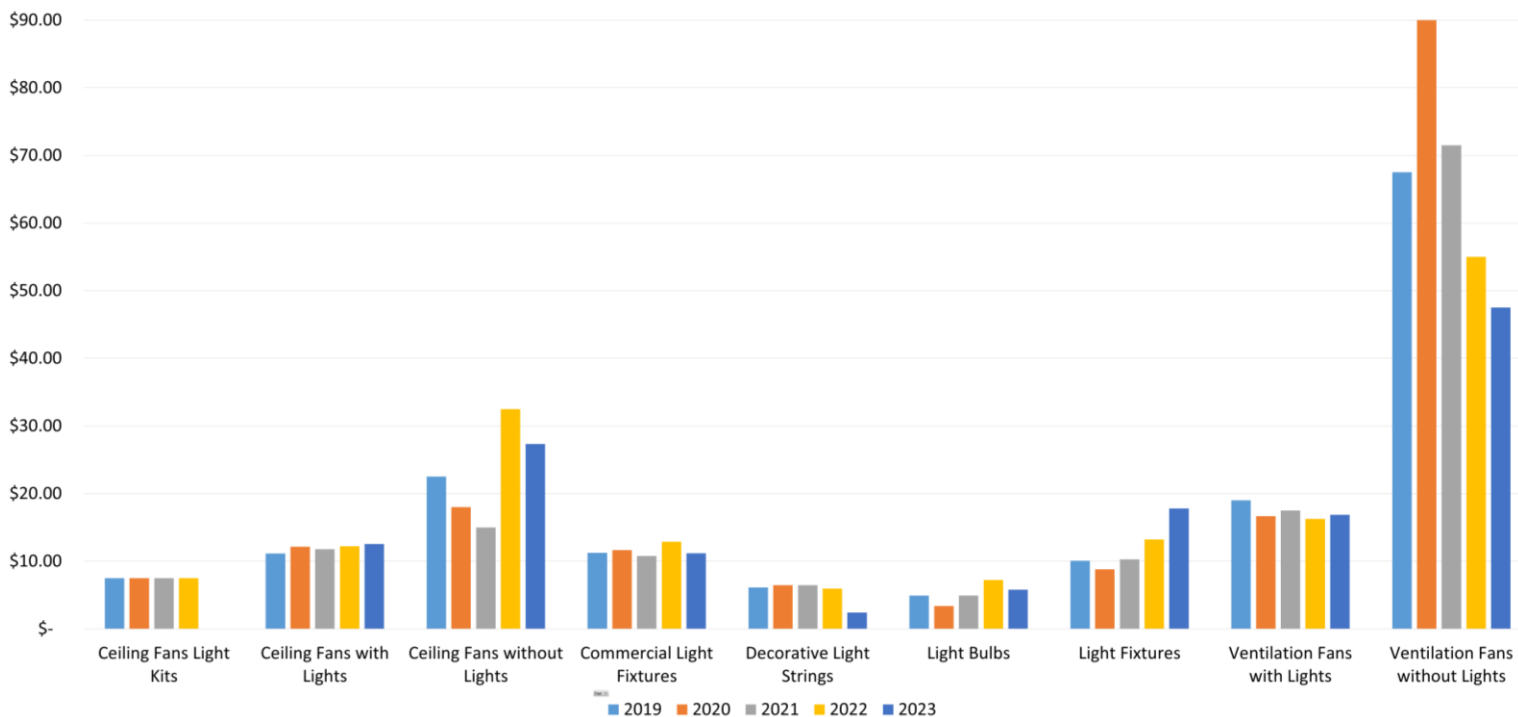

2023 ENERGY STAR Lighting Promotions by Incentive Type
(Number of incentives provided in parentheses)

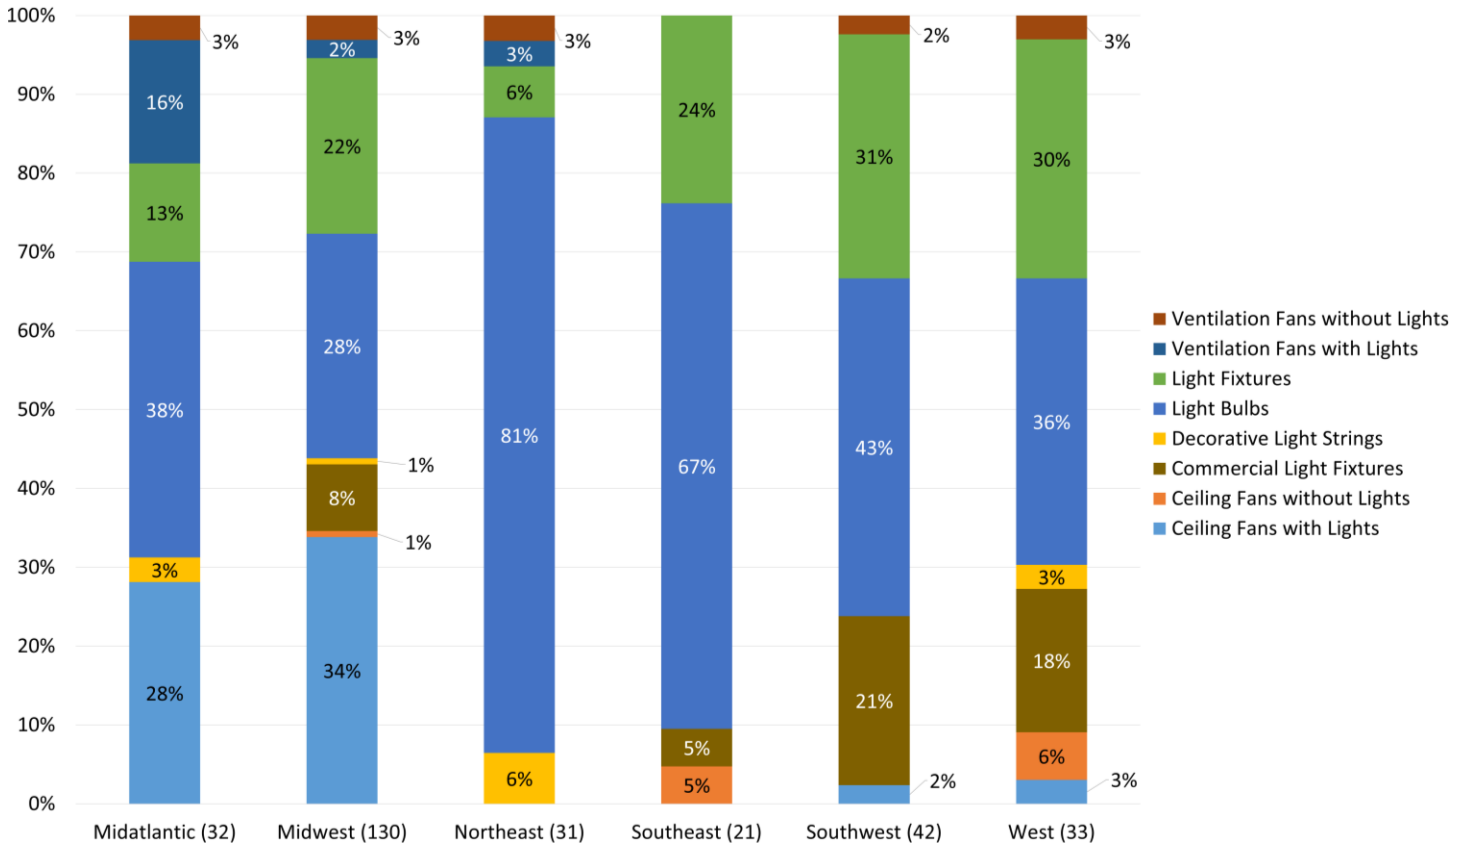

NOTE: “Other” includes on-bill financing (0.35%) and upstream rebates (1.77).

ENERGY STAR Lighting Average* Rebate Amount by Product (2019 – 2023)

NOTE: Due to inconsistencies in how incentive amounts were submitted, averages do not reflect every incentive submitted.

2023 ENERGY STAR Lighting Promotions by Region & Type (Number of incentives per region provided in parentheses)

Lighting Program Information

The table below provides a summary of lighting programs across the country. Members of umbrella organization are listed in footnotes.

State	Partner Name	Sector	Product	Incentive Amount	Incentive Type	Incentive Start Date	Incentive End Date
AR	AEP SWEPCO	Residential	Light Bulbs	\$1-\$10	Mid-Stream Rebate	4/1/2014	Ongoing

Footnotes: Umbrella Organizations

Efficiency Smart represents the following utilities:

- DE: Town of Clayton, Lewes Board of Public Works, Town of Middletown Electric Department, City of Milford Electric Department, City of Newark Electric Department, Municipal Services Commission of the City of New Castle, City of Seaford Municipal Utilities, Town of Smyrna Electric Department
- OH: Bowling Green Municipal Utilities, Brewster Municipal Electric, City of Columbiana Electric Department, Village of Edgerton Electric Department, Georgetown Public Utilities, Jackson Center Municipal Electric System, Lakeview Water and Light Company, Village of Minster Utilities Department, Oak Harbor Public Power, Oberlin Municipal Light & Power, City of St. Mary's Municipal Electric System, Village of Versailles Utilities, City of Wadsworth Electric and Communication, Wapakoneta Electric Department, Village of Wellington Utilities
- MI: Hillsdale Board of Public Utilities

Focus on Energy represents the following utilities:

- WI: Alliant Energy, Madison Gas & Electric, We Energies, Wisconsin Public Service, and Xcel Energy (WI), as well as numerous municipal and electric cooperative utilities. For a complete list visit www.focusonenergy.com/about/participating-utilities

Heartland Consumers Power District represents the following utilities:

- IA: Akron, Auburn, and Stanhope
- MN: Grove City, Lake Crystal, Madelia, New Ulm, Truman, and Tyler
- NE: Valentine
- SD: Arlington, Aurora, Bryant, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, Sioux Falls, Tyndall, Volga, Wessington Springs, White

Minnesota Municipal Power Agency (MMPA) represents the following utilities:

- MN: Anoka, Arlington, Brownton, Buffalo, Chaska, East Grand Forks, Elk River, Le Sueur, North St. Paul, Olivia, Shakopee, and Winthrop
