

## Tripp Lite - AG-0308: AVR750U

| Specifications ENERGY STAR Unique ID: 23833                  | 894                |
|--|--------------------|
| ENERGY STAR Unique ID: 23833                                 | 894                |
|  | ,,,,               |
| Brand Name: Tripp  | Lite               |
| Model Name: AG-03  | 808                |
| Model Number: AVR7   | 50U                |
| Power Conversion Mechanism: Statio                           |                    |
| Minimum Configuration Tested Model AG-03 Number:             | 808                |
| Active Output Power Rating Minimum 450 Configuration (W):    |                    |
| Apparent Output Power Rating Minimum 750 Configuration (VA): |                    |
| Topology (ac):   | nteractive         |
| Topology and Product Type Combined: ac Lir                   | e Interactive (VI) |
| Application: Const   | umer,Commercial    |
| Rated Input Voltage (V rms): 305-1                           | 20                 |
| Rated Input Frequency (Hz): 50-60                            |                    |
| Rated Output Voltage (V): 120-1                              | 20                 |
| Rated Output Frequency (Hz): 50-60                           |                    |
| Rack Mountable: No   |                    |
| Height (mm): 105   |                    |
| <b>Width (mm):</b> 190                                       |                    |
| <b>Depth (mm):</b> 305                                       |                    |
| Total Number of Outlets: 12                                  |                    |
| Number of Battery Backup and Surge 6 Protected Outlets:      |                    |
| Number of Surge Protected Only Outlets: 6                    |                    |
| Normal Mode(s) Input Dependency Characteristic (ac):         | ge Independent     |
| Modular UPS: No  |                    |
| Number of Normal Modes: Single                               | e-normal-mode      |
| Default Normal Mode (ac):                                    | ge Independent     |
| Test Input Voltage (V rms): 120                              |                    |
| Test Input Frequency (Hz): 60                                |                    |
| Test Output Voltage (V): 120                                 |                    |
| Test Output Frequency (Hz): 60                               |                    |
