

## ENERGY STAR® RESIDENTIAL NEW CONSTRUCTION PROGRAMS

### Dear ENERGY STAR Residential New Construction Stakeholder,

As part of this year's annual revisions to the ENERGY STAR Single-Family New Homes and Multifamily New Construction program requirements, the EPA is soliciting feedback on several significant proposed changes. The primary goal of these proposed revisions is to simplify and streamline the program while also increasing the ability of Raters to consistently confirm that all requirements have been met. Like prior revisions, these proposals are not intended to significantly increase the stringency of the program requirements.

The EPA will be holding two webinars to introduce the key proposed changes for the next revisions and begin the stakeholder feedback period. The first webinar will focus on the Single-Family New Homes program revision, and the second will focus on the Multifamily New Construction program revision. It is recommended that partners involved with the latter attend both webinars or view the slides afterward.

**Register for the upcoming webinars introducing the key proposed changes for the next revisions of the ENERGY STAR Single-Family New Homes and Multifamily New Construction programs:**

**[Overview of Key Proposed Changes for Rev. 14  
of the ENERGY STAR Single-Family New Homes Program](#)**

Wednesday, July 17th, at 1:00 pm ET

**[Overview of Key Proposed Changes for Rev. 05  
of the ENERGY STAR Multifamily New Construction Program](#)**

Wednesday, July 17th, at 3:00 pm ET

Thank you for your continued support of the ENERGY STAR Residential New Construction program. Please do not hesitate to contact us at [energystarhomes@energystar.gov](mailto:energystarhomes@energystar.gov).

Sincerely,

EPA's ENERGY STAR Residential New Construction team
