Dear ENERGY STAR® Clothes Dryer Partner or Other Interested Party:

The U.S. Environmental Protection Agency (EPA) has updated the [ENERGY STAR Clothes Dryer Version 1.1 Specification](#) to clarify in the scope that combination all-in-one washer-dryer models are eligible for ENERGY STAR as referenced in the ENERGY STAR Clothes Washers Version 8.1 specification. This is intended to make it more transparent where ENERGY STAR provides requirements for combination all-in-one washer-dryers.

Thank you for your support of ENERGY STAR.

Sincerely,

Steve Leybourn, Product Manager ENERGY STAR Appliances
