COMMERCIAL PRODUCT ENERGY STAR PROGRAM

We encourage the EPA to continue the Commercial Product Energy Star Program to certify commercial AV products. Our clients appreciate the benefits for this program in the following ways:

- ▲ The inclusion of Energy Star certified products ensures that the highest sustainability goals can be achieved to include sustainability certifications.
- ▲ Energy Star certified products help reduce operational costs.

We appreciate your consideration to continue the commercial Energy Star Certification program.

Energetically yours,

✓ **VANCE BRESHEARS**, LEED AP
