

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

OFFICE OF  
AIR AND RADIATION

December 2, 2024

Dear ENERGY STAR Lighting Partner or Other Interested Stakeholder:

This letter serves as a reminder that the U.S. Environmental Protection Agency (EPA)'s sunset of the ENERGY STAR specifications for Lamps (aka Light Bulbs) and Luminaires (aka Light Fixtures) takes effect December 31, 2024. Except for models certified to the [Downlights V1.0 specification](#), all Lamp and Luminaire partners must cease use of the ENERGY STAR name and ENERGY STAR mark in association with all products, including on products, web pages, and other collateral materials as of this date.

EPA appreciates the efforts of lighting partners to advance a cleaner environment through the ENERGY STAR Program and applauds your success in moving the market towards greater energy efficiency. Please send any questions to [lighting@energystar.gov](mailto:lighting@energystar.gov). Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Ann Bailey".

Ann Bailey, Director  
ENERGY STAR Product Labeling Branch  
US Environmental Protection Agency
