

ASK ABOUT
ENERGY STAR
CERTIFIED HOMES

A photograph of a man and a young girl in a kitchen. The man, wearing a black and white striped shirt, is leaning over a counter, smiling and looking at a tray of cookies. The girl, wearing a yellow shirt and a white and orange plaid apron, is also smiling and looking at the cookies. The kitchen has white cabinets and a stainless steel oven with red knobs. The text "When your home's a star, it deserves the spotlight." is overlaid in large white font across the bottom half of the image.

When your home's a star,
it deserves the spotlight.

Comfort and quality get a leading role in an ENERGY STAR® certified new home.

When you choose a new home that's earned the ENERGY STAR label, you're helping create a better environment—inside and out. With energy efficiency built-in from the ground up, you'll experience greater savings compared to most new homes. Plus, you'll enjoy peace of mind knowing it's built to a high standard of construction for enhanced comfort and durability. It's a house you can be proud to own. And a future you can feel good about handing down.

The right choice for every season.

ENERGY STAR certified new homes are:

- A good investment for today and tomorrow.
- Built on a 25-year track record of quality, efficiency, and lasting value.
- Packed with high-quality features and systems.

A better home for a better tomorrow.
