Subject: ENERGY STAR Lamps 2.0 Draft 3 Comments

Thank you for the opportunity to provide feedback on the development of Lamps V2.0. After reviewing Draft 3 we have a question about the warranty requirements. The last sentence in the Warranty requirement section states "The complete written warranty shall be printed on packaging exterior or included within lamp packaging."

Is it acceptable for manufacturers to maintain a website with warranty details and this website be referenced on the package along with the warranty duration in place of putting the full warranty details on or inside the packaging?

Thank you,

*Best Regards,
Randy*
