Doug Anderson  
Program Manager, Energy Star for Exterior and Interior Storm Windows  
U.S. Environmental Protection Agency

Dear Doug:

On behalf of AGC Glass North America I am submitting this comment to the New Storm Windows Specification to express our continuing support and appreciation for your development of this new and important Energy Star program. Currently, some homeowners are, simply, not able to afford whole house window replacements. This New Storm Windows Specification will extend the energy savings experienced by Energy Star Windows Program participants to those homeowners.

Your analysis and final revisions to the New Storm Windows Specification are well supported and appropriate.

Best regards,

A handwritten signature in black ink that reads "Mark Cody". The signature is written in a cursive, flowing style.
