

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
AIR AND RADIATION

April 15, 2019

Dear ENERGY STAR® Vending Machine Partner or Other Interested Party:

With this letter, the U.S. Environmental Protection Agency (EPA) is amending the [ENERGY STAR Refrigerated Beverage Vending Machine specification](#) to align with the U.S. Department of Energy's (DOE) test procedure Part 431 Subpart Q, Appendix B. Currently certified products are not affected; however, EPA recommends that all newly certified models make use of Appendix B. No other changes are reflected in this Version 3.2, which will take effect immediately. [Version 4.0](#), under development now, will specify the requirement to use Appendix B.

Please contact me at Crk.Tanja@epa.gov or 202-566-1037 and Adam Spitz at Adam.Spitz@icf.com or 916-231-7685 with questions or concerns. For questions on the test method, please contact Stephanie Johnson at Stephanie.Johnson@ee.doe.gov or 202-287-1943. For any other vending machine related questions, please contact vendingmachines@energystar.gov.

Thank you for your continued support of the ENERGY STAR program.

Sincerely,

A handwritten signature in black ink that reads "Tanja Crk".

Tanja Crk, Product Manager
ENERGY STAR Commercial Food Service
