Dear ENERGY STAR® Partner:

The U.S. Environmental Protection Agency (EPA) is pleased to provide four summaries of energy efficiency program sponsor product program offerings for ENERGY STAR certified appliances, lighting, water heaters, and HVAC & smart thermostat programs (new this year!).

The Summaries, which provide information about energy efficiency program sponsors' promotions of ENERGY STAR certified products, are designed to help enhance collaboration between retailers, manufacturers, and utilities or other energy efficiency program sponsors.

EPA thanks all the partners who contributed their program information for these important documents.

Please find the 2018 Program Summaries at <https://www.energystar.gov/DIME> and linked below:
