ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit [www.energystar.gov](http://www.energystar.gov).

Dear ENERGY STAR® Partner:

The U.S. Environmental Protection Agency (EPA) is pleased to provide four summaries of energy efficiency program sponsor product program offerings for ENERGY STAR certified appliances, HVAC & smart thermostats, lighting, and water heaters.

The Summaries, which provide information about energy efficiency program sponsors' promotions of ENERGY STAR certified products, are designed to help enhance collaboration between retailers, manufacturers, and utilities or other energy efficiency program sponsors.

EPA thanks all the partners who contributed their program information for these important documents.

Please find the 2019 Program Summaries at <https://www.energystar.gov/DIME> and linked below:
