Families and businesses are saving with the help of ENERGY STAR®

California is home to about **1,480** businesses and organizations that participate in U.S. EPA's ENERGY STAR program, including:

259 manufacturers of ENERGY STAR certified products

57 companies supporting independent certification of ENERGY STAR products and homes

65 companies building ENERGY STAR certified homes, and many businesses, schools, governments, and faith-based groups using ENERGY STAR to avoid energy waste.

Across California in 2019

15.3 million customers were served by ENERGY STAR utility and energy efficiency program partners

48,430 buildings (almost 4.1 billion square feet) were benchmarked using EPA's ENERGY STAR Portfolio Manager

187,941 homes have earned the ENERGY STAR to date

5,958 buildings have earned the ENERGY STAR for superior efficiency to date, including 1,908 schools, 119 hotels, 37 hospitals, 2,541 office buildings, and 19 industrial plants.
