Families and businesses are saving with the help of ENERGY STAR®

Florida is home to about **550** businesses and organizations that participate in U.S. EPA's ENERGY STAR program, including:

- 64** manufacturers of ENERGY STAR certified products
- 34** companies supporting independent certification of ENERGY STAR products and homes
- 114** companies building ENERGY STAR certified homes, and many businesses, schools, governments, and faith-based groups using ENERGY STAR to avoid energy waste.

Across Florida in 2019

- 9.4 million customers** were served by ENERGY STAR utility and energy efficiency program partners
- 10,082 buildings** (more than 858 million square feet) were benchmarked using EPA's ENERGY STAR Portfolio Manager
- 79,249 homes** have earned the ENERGY STAR to date
- 1,363 buildings** have earned the ENERGY STAR for superior efficiency to date, including 486 schools, 2 hotels, 8 hospitals, 481 office buildings, and 6 industrial plants.

Recent ENERGY STAR Award Winners

- Intertape Polymer Group Inc.
- Parmenter Realty Partners
- Pinellas County Schools
- Providence Homes
- TopBuild Home Services
- Welbilt Inc.

Southeast Financial Center, Miami, FL. ENERGY STAR certified every year since 2003.

State Spotlights

"We've been able to save nearly 20 million dollars, taking that money and putting it back into teachers' salaries, and programs, and what that really allows us to do is attract the best and the brightest teachers to come in. Those teachers directly affect the success of our students every single day. We have 92 out of 123 schools that have earned the ENERGY STAR rating. They have helped us become more efficient in terms of not only our energy, but the way we use our equipment as well." Clint Herbic, Associate Superintendent, Pinellas County Schools

"The marketing and sales tools provided by the ENERGY STAR program have been instrumental in helping to keep our current ENERGY STAR builders participating in the program, and help introduce new builders to the program." Dave Bell, VP – Building Science, TopBuild Home Services

"Sustainability is a thread that's woven throughout our decision-making and has become the business of everyone at OUC – and as important to us as reliability and affordability. OUC staff and programs promote ENERGY STAR Products to our customers through rebates and incentives because ENERGY STAR Products not only help us achieve our goals, but it is a name brand that our customers know and trust." Melissa Lucas, Manager of Sustainability & Development Services, Orlando Utilities Commission (OUC)
