State Spotlights

"ENERGY STAR® has emerged as a driving force in the multifamily industry, a major leap from years past where it was at most a passing reference regarding appliances and other individual building elements. As Partner of the Year, the highly-recognizable blue logo on our appliances, buildings and next to our company name continues to be a direct reflection of our commitment to high-performance building and operations, as well as a never-ending pursuit of efficiency in all we do." Pete Zadoretzky, Director of Sustainability, Bozzuto Management Company

"ENERGY STAR is an invaluable resource for helping Columbia Association and the city of Columbia, MD reduce energy consumption and save money. ENERGY STAR products and programs make it easy to do good for the community and the planet." Jeremy Scharfenberg, Energy Manager, Columbia Association
