Families and businesses are saving with the help of ENERGY STAR®

New Jersey is home to about **500** businesses and organizations that participate in U.S. EPA's ENERGY STAR program, including:

- 57** manufacturers of ENERGY STAR certified products
- 19** companies supporting independent certification of ENERGY STAR products and homes
- 195** companies building ENERGY STAR certified homes, and many businesses, schools, governments, and faith-based groups using ENERGY STAR to avoid energy waste.

Across New Jersey in 2019

- 4 million customers** were served by ENERGY STAR utility and energy efficiency program partners
- 4,370 buildings** (almost 341 million square feet) were benchmarked using EPA's ENERGY STAR Portfolio Manager
- 80,280 homes** have earned the ENERGY STAR to date
- 627 buildings** have earned the ENERGY STAR for superior efficiency to date, including 70 schools, 20 hotels, 261 office buildings, and 2 industrial plants.

State Spotlights

"Allergan is proud of its longstanding commitment to environmental responsibility and honored to be recognized by ENERGY STAR. We are continually focused on increasing our energy efficiency and reducing our impact on the environment." Wayne Swanton, Executive Vice President of Global Operations, Actavis

"Panasonic Eco Solutions has consistently found that use of the ENERGY STAR Most Efficient logo in our product literature and marketing materials strikes a chord with our customers. Having a trusted third-party certification like ENERGY STAR can deliver Panasonic a clear marketing advantage over our competitors." Mark Sharp, Group Manager, Government & Public Affairs, Panasonic Corp. of North America
