

# WASHINGTON

The simple  
choice for  
energy  
efficiency.

April 2020

## Families and businesses are saving with the help of ENERGY STAR®

Washington is home to about **390** businesses and organizations that participate in U.S. EPA's ENERGY STAR program, including:

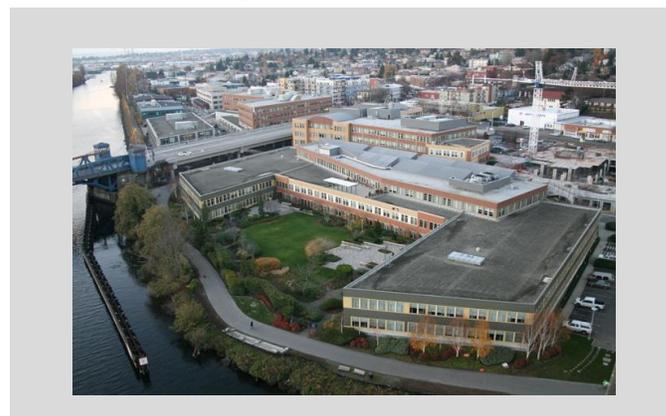

- 14** manufacturers of ENERGY STAR certified products
- 21** companies supporting independent certification of ENERGY STAR products and homes
- 83** companies building ENERGY STAR certified homes, and many businesses, schools, governments, and faith-based groups using ENERGY STAR to avoid energy waste.

### Across Washington in 2019

- 3.7 million customers** were served by ENERGY STAR utility and energy efficiency program partners
- 10,845 buildings** (more than 742 million square feet) were benchmarked using EPA's ENERGY STAR Portfolio Manager
- 28,744 homes** have earned the ENERGY STAR to date
- 835 buildings** have earned the ENERGY STAR for superior efficiency to date, including 212 schools, 18 hotels, 13 hospitals, 284 office buildings, and 9 industrial plants.

### Recent ENERGY STAR Award Winners

- BentallGreenOak
- ENGIE Insight
- New Tradition Homes
- Northwest Energy Efficiency Council
- Snohomish County Public Utility District No. 1

Adobe Building, Seattle, WA. ENERGY STAR Certified 2016.

### State Spotlights

"The ENERGY STAR program has been a real game-changer for the team at New Tradition Homes. Since our entry into the program over 12 years ago, we have been able to truly set ourselves apart from the competition. Not only can we offer the claim, but our homeowners will testify to the fact, that our homes are indeed very comfortable and provide real savings month after month." Steve Tapio, Building Science Team Leader, New Tradition Homes

"EPA's ENERGY STAR program and tools are invaluable to helping organizations achieve their building efficiency goals. Benchmarking creates historic visibility, while certification can equate to lower operating costs, reduced greenhouse gas emissions, and the ability to connect with customers and employees by building an environmental reputation." Paige Janson, Chief Commercial Officer, ENGIE Insight
