FLORIDA

The simple choice for energy efficiency.

April 2021

Families and businesses are saving with the help of ENERGY STAR®

Florida is home to about **530** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

63 manufacturers of ENERGY STAR certified products

30 companies supporting independent certification of ENERGY STAR products and homes

122 companies building ENERGY STAR certified homes

and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

ENERGY STAR Partner Activity in Florida

9.5 million customers served by ENERGY STAR utility partners in 2020

10,903 buildings (almost 892 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2020

86,276 homes earned the ENERGY STAR to-date

1,420 buildings earned the ENERGY STAR to-date, including 491 schools, 4 hotels, 9 hospitals, 498 office buildings and 6 industrial plants.

Recent ENERGY STAR Award Winners

- Providence Homes
- Intertape Polymer Group, Inc.
- Welbilt, Inc.
- TopBuild Home Services

Suntrust International Center, Miami, FL. First ENERGY STAR certified in 2009.

State Spotlights

Pinellas County Schools, a school district in Florida, raised the average ENERGY STAR score by 5 percent in 2020, and realized utility cost savings of nearly $37 million, saved over 1 BBTU of energy, and avoided more than 235,000 pounds of carbon dioxide since 2015.

Providence Homes, a local homebuilder, built 140 ENERGY STAR certified homes in 2020, entering five of them in the Northeast Florida Parade of Homes, and promoting ENERGY STAR through its website and social media channels.

In 2020, Welbilt, Inc., a commercial food service equipment manufacturer, increased the number of ENERGY STAR certified products offered by 4 percent compared to the prior year, maintained the highest number of commercial ice machine certifications, including four new models, and engaged consumers with digital content featuring ENERGY STAR that resulted in nearly 1 million impressions.

ENERGY STAR is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. For more facts and figures see energystar.gov/impacts and energystar.gov/statefacts
