Families and businesses are saving with the help of ENERGY STAR®

Kentucky is home to about 280 businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 10 manufacturers of ENERGY STAR certified products
- 10 companies supporting independent certification of ENERGY STAR products and homes
- 17 companies building ENERGY STAR certified homes
- and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

ENERGY STAR Partner Activity in Kentucky

- **1.5 million customers** served by ENERGY STAR utility partners in 2020
- **2,068 buildings** (almost 152 million square feet) benchmarked using EPA’s ENERGY STAR Portfolio Manager in 2020
- **13,255 homes** earned the ENERGY STAR to-date
- **797 buildings** earned the ENERGY STAR to-date, including 482 schools, 4 hotels, 9 hospitals, 92 office buildings and 7 industrial plants.

State Spotlights

In 2020, Schneider Electric, an energy management and automation services company, supported hundreds of organizations to benchmark more than 42,500 properties and received recognition at more than 100 ENERGY STAR certified facilities.

In 2020, Lexmark International, Inc., a printing and imaging products, software, solutions, and services company, successfully implemented comprehensive training and marketing to raise awareness and education about ENERGY STAR certification and its benefits among 95 percent of its employees and externally throughout company literature, events, and to 120,000 social media followers.

Scott County Schools, a school district in Kentucky, achieved an average ENERGY STAR score of 91.6 across its facilities and ENERGY STAR certification at 14 schools in 2020, and has saved more than $8.4 million since 2010.

Kenton County School District, a school district in Kentucky, saved nearly $1.9 million in energy costs in 2020, and realized a 50 percent reduction in energy use, lowered energy costs by 54 percent, and cut carbon emissions by 56 percent since 2005.
