

## Families and businesses are saving with the help of ENERGY STAR®

Arizona is home to **270** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 14** manufacturers of ENERGY STAR certified products
- 13** companies supporting independent certification of ENERGY STAR products, homes, and apartments
- 140** companies building ENERGY STAR certified homes and apartments and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

### ENERGY STAR Activity in Arizona

**3.2 million customers** served by ENERGY STAR utility partners in 2021

**3,977 buildings** (almost 415 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2021

**252,300 homes and apartments** earned the ENERGY STAR to-date

**946 buildings** earned the ENERGY STAR to-date, including 290 schools, 16 hotels, 8 hospitals, 249 office buildings and 6 industrial plants.

#### Select Certified Buildings and Plants ([Full List](#))

- Phoenix Cement Plant (Clarkdale)
- Rillito Cement Plant (Rillito)

General Motor's Arizona IT Innovation Center office building. ENERGY STAR certified since 2015.

### State Spotlights

"The Home Performance with ENERGY STAR program will always be an integral part of our service offering as it separates us from the masses. Homeowners recognize the difference in the quality of our work because of the ENERGY STAR backing!" - Elena Chromat, Co-owner, Ideal Air Conditioning and Insulation.

"For nearly a decade we have participated in the ENERGY STAR homebuilding program, helping make better quality homes and energy efficient living a reality for our customers." - Doug Fulton, CEO, Fulton Homes.

AZ Energy Efficient Home, a home performance company, helped homeowners reduce energy use by as much as 65% through a combination of smart technology and other Home Performance with ENERGY STAR measures.

Arizona Public Service, an electric utility, continued to promote energy efficiency through ENERGY STAR, offerings with offerings across multiple program areas, while managing demand and reducing lifetime carbon dioxide emissions by 2.3 billion pounds in 2021.

Meritage Homes, a large national home builder, constructed more than 9,000 ENERGY STAR certified homes in 2021, for a cumulative total of more than 87,500 homes since 2001, and developed interactive customer collateral featuring information about ENERGY STAR certification and building practices.

ENERGY STAR is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions.
