

Families and businesses are saving with the help of ENERGY STAR®

Florida is home to **470** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 55** manufacturers of ENERGY STAR certified products
- 37** companies supporting independent certification of ENERGY STAR products, homes, and apartments
- 112** companies building ENERGY STAR certified homes and apartments and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

ENERGY STAR Activity in Florida

- 9.5 million customers** served by ENERGY STAR utility partners in 2021
- 10,400 buildings** (more than 990 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2021
- 92,500 homes and apartments** earned the ENERGY STAR to-date
- 1,475 buildings** earned the ENERGY STAR to-date, including 502 schools, 5 hotels, 10 hospitals, 500 office buildings and 7 industrial plants.

- Providence Homes
- TopBuild Home Services
- Pinellas County Schools

Select Certified Buildings and Plants ([Full List](#))

- Pennsuco Cement Co. (Medley)
- Cemex Miami Cement Plant (Miami)
- Flowers Baking Co. of Bradenton, LLC (Sarasota)
- Columbus Center (Coral Gables)

110 Tower, Ft. Lauderdale, FL. First ENERGY STAR certified in 2010.

State Spotlights

Twelve tenants, including Humana and Mastercard, earned Tenant Space recognition for their sustainability efforts in their leased space.

Pinellas County Schools, a school district in Florida, raised the average ENERGY STAR score by 5 percent in 2020, and realized utility cost savings of nearly \$37 million, saved over 1 BBTU of energy, and avoided more than 235,000 pounds of carbon dioxide since 2015.

Providence Homes, a local homebuilder, for building 140 ENERGY STAR certified homes in 2020, entering five of them in the Northeast Florida Parade of Homes, and promoting ENERGY STAR through its website and social media channels.

Welbilt, Inc., a commercial food service equipment manufacturer, increased the number of ENERGY STAR certified products offered by 4 percent compared to the prior year, maintained the highest number of commercial ice machine certifications, including four new models in 2020, and engaged consumers with digital content featuring ENERGY STAR that resulted in nearly 1 million impressions.

Intertape Polymer Group, Inc., develops, manufactures, and sells a variety of paper and film-based tapes, films, protective packaging, engineered coated products, and complementary packaging systems, supported energy efficiency awareness and training internally and in local communities and conducted several plant treasure hunts, including its first virtual treasure hunt, for energy savings.

ENERGY STAR is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. For more info, please visit energystar.gov/impacts and energystar.gov/statefacts.
