Families and businesses are saving with the help of ENERGY STAR®

Louisiana is home to **90** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 3** manufacturers of ENERGY STAR certified products
- 8** companies supporting independent certification of ENERGY STAR products, homes, and apartments
- 42** companies building ENERGY STAR certified homes and apartments and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

ENERGY STAR Activity in Louisiana

1.9 million customers served by ENERGY STAR utility partners in 2021

1,835 buildings (more than 145 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2021

12,900 homes and apartments earned the ENERGY STAR to-date

161 buildings earned the ENERGY STAR to-date, including 63 schools, 3 hotels, 6 hospitals, 34 office buildings and 6 industrial plants.

Select Certified Buildings and Plants ([Full List](#))

- Louisiana Refining Division (Garyville)
- Flowers Baking Co. of New Orleans, LLC (New Orleans)
- Baton Rouge Refinery (Baton Rouge)

Poydras Center, New Orleans, LA. First ENERGY STAR certified in 2002.

State Spotlights

East Baton Rouge Parish School System, a school district in Louisiana, realized energy cost savings of more than \$1 million in 2021 and \$46.9 million over the life of the energy management program, and used ENERGY STAR Treasure Hunts to identify and implement energy-saving measures.

Entergy New Orleans, an energy efficiency program administered by a New Orleans utility, launched a Home Performance with ENERGY STAR multi-channel marketing campaign and provided improvements to more than 700 homes.

Southwestern Electric Power Company - Louisiana and Texas (AEP SWEPCO), an electric utility, achieved 8.4 million kilowatt hours in energy savings through programs promoting the purchase and installation of ENERGY STAR certified products and related weatherization measures.

"I'm so pleased and excited about our team's accomplishments this year! Even in the midst of a world-wide pandemic, our team and contractors were able to implement safeguards, innovate, and continue to work; producing great savings for our customers while further promoting the ENERGY STAR message." - Sherry McCormack, Energy Efficiency and Consumer Products Manager, Southwestern Electric Power Company - Arkansas (AEP SWEPCO) of Shreveport, Louisiana.

Entergy Solutions Louisiana, a utility-administered energy efficiency program, exceeded savings goals through improvements in 900 homes.
