State Spotlights

Digital Realty, a real estate investment trust, leveraged ENERGY STAR tools and resources to advance its strategic energy management efforts, set ambitious energy efficiency and greenhouse gas reduction goals and achieved ENERGY STAR certification for 33 data centers in 2021.

AEP Texas, an electric utility, provided incentives for the construction of 120 ENERGY STAR certified homes and implemented a wide-ranging bilingual marketing campaign that resulted in nearly 10 million impressions.

Cenergistic, a sustainability consulting company, continued its monthly delivery of ENERGY STAR benchmarking to more than 850 buildings in their schools, universities, and municipalities portfolio, and certified nearly 50% of all 2021 ENERGY STAR certified K-12 schools.

Hines, a privately owned global real estate investment firm, maintained its strong corporate commitment to sustainability by using ENERGY STAR to promote energy efficiency with its stakeholders and achieved ENERGY STAR certification for 62 properties in 2021.

Winton & Associates, a regional home builder, certified over 50 homes as ENERGY STAR in 2021, for a cumulative total of more than 2,500 since joining the program in 2004, and featured ENERGY STAR prominently in marketing materials, including consumer brochures, social media posts, and its company website.
