

# WASHINGTON

The simple  
choice for  
energy  
efficiency.

April 2022

## Families and businesses are saving with the help of ENERGY STAR®

Washington is home to **350** businesses and organizations participating in U.S. EPA's ENERGY STAR program:

- 14** manufacturers of ENERGY STAR certified products
- 18** companies supporting independent certification of ENERGY STAR products, homes, and apartments
- 89** companies building ENERGY STAR certified homes and apartments and many businesses, schools, governments, and faith-based groups using ENERGY STAR to reduce energy waste.

### ENERGY STAR Activity in Washington

**3.5 million customers** served by ENERGY STAR utility partners in 2021

**11,949 buildings** (almost 858 million square feet) benchmarked using EPA's ENERGY STAR Portfolio Manager in 2021

**32,400 homes and apartments** earned the ENERGY STAR to-date

**916 buildings** earned the ENERGY STAR to-date, including 213 schools, 20 hotels, 14 hospitals, 301 office buildings and 11 industrial plants.

SidneySea, LLC, Seattle, WA. First ENERGY STAR certified in 2018.

#### Select Recent Award Winners ([All Winners](#))

- New Tradition Homes
- Snohomish County PUD, No. 1

#### Select Certified Buildings and Plants ([Full List](#))

- Anacortes Refinery (Anacortes)
- Earthgrains Kent (Kent)
- 800 Fifth Avenue (Seattle)
- Fourth & Madison (Seattle)
- 112th @ 12th West Building (Bellevue)
- 112th @ 12th South Building (Bellevue)
- 112th @ 12th East Building (Bellevue)

### State Spotlights

"New Tradition Homes has been an ENERGY STAR partner since 2004, pioneering the way for this program in the Pacific NW. We are committed to building 100% of our homes to this higher standard." - Steve Tapio, Building Science Team Leader, New Tradition Homes.

Snohomish County PUD, No. 1, a publicly owned electricity provider, successfully executed a comprehensive program designed to accelerate the adoption of electric vehicle charging into its territory, while carefully managing the grid impacts of the new load by using ENERGY STAR certified EV chargers.

Seattle was one of the Top 25 Cities for ENERGY STAR certified buildings, with 165 buildings.

The State and the City of Seattle, rely on EPA's ENERGY STAR Portfolio Manager tool as the foundation for their energy benchmarking and transparency policies.
